I. Introduction

The New Jersey Division of Mental Health and Addiction Services (DMHAS or Division) believes that persons with serious and persistent mental illness can engage in the process of recovery, achieve wellness and lead rich full lives as contributing members of their communities. This belief is supported by a growing body of research and knowledge in the mental health recovery field, as well as first hand accounts from people recovering from mental illness. DMHAS is committed to providing and promoting opportunities for individuals with mental illness that will maximize their ability to live, work, socialize, and learn in the communities of their choice.

DMHAS continues to implement the recommendations articulated in the Final Report of the Governor’s Task Force (TF) on Mental Health of March 2005. These recommendations were further delineated and advanced in the Wellness and Recovery Transformation Action Plan issued in October 2007. These recommendations have functioned as a catalyst for the transformation of the mental health system in New Jersey and have placed greater emphasis on the principles of wellness and recovery.

Concurrently, DMHAS is implementing its Home to Recovery - CEPP Plan. This plan describes the active efforts of DMHAS toward facilitating timely discharges of individuals from the state operated psychiatric hospitals. Specifically, individuals, who have been designated with the status of Conditional Extension Pending Placement (CEPP), are a primary focus of this plan. These individuals have been determined ready for discharge but are awaiting an appropriate community-based placement. As the Division moves to meet its obligations under the Olmstead Settlement Agreement, it has recognized the need to implement new and direct strategies for community program development that will comprehensively meet the needs of the individuals on CEPP status.

This Request for Proposal (RFP) focuses on TF recommendations related to continued emphasis of evidenced-based practices and expansion of permanent supported housing opportunities, and is consistent with the Division’s responsibilities under the Olmstead Settlement Agreement. This RFP is designed to facilitate the discharge of individuals who have been placed on CEPP status, from the three regional psychiatric hospitals operated by DMHAS. Housing subsidies, administered in a manner consonant with the principles of supportive housing, will be paired with the full range of PACT (Programs for Assertive Community Treatment), RIST (Residential Intensive Support Teams) and other services described herein, in order to meet the community support needs of the individuals served through this RFP.

II. Background

While the Division has a long history of seeking to develop and expand the network of community housing opportunities for persons with serious mental illness, this current RFP is part of a larger initiative related to the Olmstead Settlement Agreement, under which the DMHAS has committed to effecting the timely discharge of persons in State hospitals determined to no longer require that level of care. The Division is committed to discharging these persons as promptly as possible after the consumer is placed on CEPP status.
In past rounds of community service development, the Division has concentrated on the overall development of service capacity as a means of addressing the availability of supports within a context of dynamic service demands. As the Division moves to meet its obligations under the Olmstead Settlement Agreement, however, it has recognized the need to implement a new, more direct strategy of service development, based on the community support needs of specific persons awaiting discharge from the State hospitals. This RFP is one in a series of requests that will embrace this approach. Additionally, in consideration of the future context for this initiative, the State of NJ is pursuing the development of Health Homes. Contract recipients may be required to participate in this initiative.

The Programs of Assertive Community Treatment (PACT) is an evidenced-based model of service delivery in which a trans-disciplinary, mobile, treatment team provides a comprehensive array of mental health and rehabilitative services to a targeted cohort of individuals with severe and persistent mental illness. The program is designed to meet the needs of individuals who have experienced involuntary psychiatric hospitalization and have not benefited from traditional mental health programs.

In order to meet the unique needs of this targeted population, PACT teams offer highly individualized services, employ a low consumer to staff ratio, conduct the majority of their contacts in natural community settings and are available for psychiatric crises 24 hours a day/7 days a week. Service intensity is flexibly and regularly adjusted to consumer needs and services are offered for an unlimited time period. Fundamental to the PACT model is the tenet that PACT teams function as comprehensive, self-contained programs. Referral of consumers to other program entities for specialized mental health treatment, rehabilitation, and support services should be minimal.

The outcomes associated with PACT, nationally and locally, are highly consistent with the goals of the DMHAS’ effort to transform the mental health system in New Jersey. Research on Assertive Community Treatments indicates that programs with high model fidelity are more effective than programs with lower adherence in reducing hospital use, reducing costs, improving substance abuse outcomes for individuals with dual diagnoses, and improving functioning and consumers’ quality of life (Phillips et al., [2001]. Moving Assertive Community Treatment into Standard Practice. Psychiatric Services, 52-771-779).

PACT was first implemented in New Jersey in 1995. There are currently thirty one PACT teams in NJ. PACT services are available in all twenty one New Jersey counties. The United States Department of Health and Human Services’ Substance Abuse and Mental Health Service Administration (SAMHSA) has rated accessibility to Assertive Community Treatment as a key measure indicative of the quality of a state’s mental health system of care (United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration, Center for Mental Health Services, United States [2002] (Mental Health, United States, Rockville, MD, Author).

Residential Intensive Support Teams (RIST) initially developed in NJ during SFY 2003, were designed to support the promotion of consumer empowerment within the continuum of funded residential programming. As a model of supportive housing, RIST involves permanent lease-based housing opportunities paired with flexible support services that meet the individual’s varying needs and preferences. The model is based on a “Housing First” philosophy and endorsed as an opportunity to support innovative, person-centered service provision and to champion the inclusion of consumers as full partners in treatment and recovery. Unlike PACT Teams, it is not expected that RIST will directly provide comprehensive mental health clinical and treatment services to enrolled consumers. Teams will employ supportive services necessary to maintain housing, achieve identified wellness and recovery goals; as well as case management approaches to assure that consumers access the full array of other clinical and support services needed to function successfully within the community.
Consumers are considered full partners in planning their own care and support service needs, and identify and direct the types of activities that would most help them maximize opportunities for successful community living. Staff support is provided through a flexible schedule, which must be adjusted as consumer needs or interests change. In order to avoid duplication of effort, individuals served by PACT, Integrated Case Management Services (ICMS), or Supportive Housing are not eligible to receive concurrent RIST services.

III. Purpose of Request

The Division of Mental Health and Addiction Services seeks proposals, from existing DMHAS-contracted PACT and RIST programs to provide community support for persons on CEPP status discharged from state psychiatric hospitals. Many of these individuals have co-existing medical conditions, co-occurring substance abuse disorders or a developmental disability, have experienced periods of long-term institutionalization, and/or are refusing to leave the hospital.

This funding will provide new housing opportunities for a minimum of 30 individuals who are in a NJ state psychiatric hospital and designated as CEPP. Housing subsidies, administered in a manner consonant with the principles of supportive housing, will be paired with the full range of PACT and RIST services in order to meet the needs of the individuals served through this RFP. This RFP will strategically expand New Jersey PACT and RIST programs so that individuals, who are currently hospitalized at one of the three regional psychiatric hospitals operated by the DMHAS and on CEPP status, may access these community-based treatment programs.

DMHAS will identify the consumers to be served through this funding, and will work with successful applicants toward successful discharges to community living. The provider agency must accept consumers identified by DMHAS as appropriate for the PACT or RIST program, consistent with the consumer attributes delineated in this RFP, within the timeframes identified by DMHAS. Agency staff will begin working with identified consumers as soon as possible after contract award but prior to actual discharge to facilitate relationship building, housing preference and needs assessments.

In order to meet the needs of the individuals served through this RFP, DMHAS rental subsidies are available. These subsidies will be prioritized to agencies that are able to utilize “Project Based” units (e.g., 5-year long-term leases, etc.). Housing units rented above the local Fair Market Rent Schedule (provided by DMHAS) will not be considered for program expansion. No capital funding is available from DMHAS through this initiative.

IV. Funding Availability

Annualized funding up to $1,050,000 is available through this RFP for both operational services and rental subsidies, to serve a minimum of 30 persons statewide. As appropriate, DMHAS will support the net expenses after Medicaid revenue and consumer contributions to housing expenses are deducted. Providers must comply with the current DMHAS Rental Subsidy Program Policy Guidelines, including calculation of rental subsidy and consumer’s contribution to rent.

Applicants must include projected Medicaid revenues in their budget and comply with relevant DMAHS Medicaid Rules, including N.J.A.C. 10:76.

Awards will not be issued in excess of the consumer need in the service area of the proposed service. The table below represents the number of individuals designated CEPP by county as of August 1, 2012. Please note that not everyone designated CEPP meets with the PACT admissions criteria which can be found in the PACT regulations (N.J.A.C. 10:37J-2.3).

V. Provider Qualifications

Only PACT and RIST providers currently under contract with the Division of Mental Health and Addiction Services are eligible for consideration for this RFP.

VI. Target Population

For proposed PACT program expansions, the individuals to be served pursuant to this announcement will minimally meet the NJ PACT admissions criteria referenced at N.J.A.C. 10:37J-2.3 and will have been placed on CEPP status at one of the three regional state psychiatric hospitals. Individuals who have been hospitalized for eighteen consecutive months in one of the public psychiatric hospitals can be considered as having met N.J.A.C. 10:37J-2.3b2ii.

The target population for both PACT and RIST program expansions must currently be on CEPP status at one of the State psychiatric hospitals, diagnosed with a serious and persistent mental illness and may have co-morbid medical conditions, behavioral disturbances, minimal or no familial supports, poor community living skills and forensic involvement. Due to the long length of stay in the hospital, some of these individuals may have clinically prominent fears and reluctance related to returning to the community. Successful proposals will describe clear and effective strategies for engaging these individuals and addressing their needs related to community integration.
VII. Clustering and Fiscal Consequences Related to Performance

Contingent on both continuing appropriations and achievement of contractual commitments, funding and contracts are renewable. Programs expanded pursuant to this RFP will be separately clustered until the DMHAS determines, in its sole discretion, that the expanded program is stable in terms of service provision, expenditures and applicable revenue generation.

Contract commitments will be negotiated based upon representations made in response to this RFP. Failure to deliver contract commitments may result in a reduction of contract award or contract termination.

VIII. Requirements for Submission

All Request for Proposals will be evaluated based on the elements indicated below. At a minimum, all facets of the Proposal comply fully with the relevant standards, delineated in N.J.A.C. 10:37, 10:37A, and 10:37J. The Proposal must not exceed 20 pages (not inclusive of appendices and required attachments.) All Proposals must include responses that clearly correspond to each category as delineated by the lettered bullets in this section.

A. Indicate the number of individuals (on CEPP status at a state psychiatric hospital) that will be enrolled by the PACT or RIST program as a result of this initiative and the team(s) resultant adjusted (new) caseload capacity.

B. Discuss the number of direct service staff (in full time equivalents) that will be added to the existing PACT or RIST program(s). Provide specific titles and qualifications for the staff to be added to the team, as well as a rationale for selection of these staff persons.

C. Describe the full range of treatment, recovery and support services that will be provided to service recipients.

D. Include the anticipated PACT or RIST team staff schedule, inclusive of all existing PACT or RIST staff and the proposed additional staff. Schedule must reflect availability of service provision on evenings and weekends.

E. For PACT services, discuss how the agency currently and/or intends to account for the unique demands that high fidelity PACT places on staff (e.g., what specific compensation strategies will be used to ensure that after-hours service and 24/7 coverage are adequately built into the PACT program’s structure).

F. Detail the proposed schedule for staff recruitment, reflective of currently vacant PACT or RIST team positions and the proposed additional staff.

G. Provide a detailed monthly timeline of activities for engagement and enrollment of the target population.

H. Identify the strategies that will be used for engaging the targeted individuals and addressing their needs related to community integration, inclusive of how the service will provide “pre-enrollment” services and address recidivism considerations.

I. Indicate your willingness to accept consumers referred by DMHAS staff and any barriers that you foresee in this process.
J. Describe how each of the physical and behavioral health care needs listed below will be addressed. Articulate clear and effective strategies that will be used in the proposed program to address the identified consumers' needs in a community setting that may interfere with successful community tenure.

- Incontinence
- Catastrophic illness
- Diabetes with difficulties self-administering insulin/blood checks
- Obesity
- Ambulation Impairment
- Poor impulse control
- Self-injurious behavior (burning, cutting, teeth/hair pulling)
- Conflict resolution
- Anger management
- Florid psychosis/active fixed delusions
- Cognitive impairment (or brain injury)
- Metabolic Syndrome
- Polydipsia
- Resistance to Hospital Discharge, and/or resistance to aftercare services
- If needed, daily living skills including showering, eating, toileting, etc.
- Independent living skills (budgeting, shopping, cooking, cleaning, mail, etc.)

K. Discuss how the target population’s needs related to housing will be managed by the agency. Please discuss the management of all current and the additional housing subsidies that will be awarded through this RFP.

L. Describe the plan to address consumers’ substance use needs;

M. Demonstrate how the proposed service will integrate the following principles into service delivery:

1) Promotion of wellness and recovery;
2) Promotion of community inclusion;
3) Culturally competent and linguistically accessible services;
4) Demonstration of best practices;

N. Identify the specific consumer-level outcomes that will be used to assess the efficacy of this initiative and describe how the related data will be collected and reported.

O. Include a completed annualized PACT or Supportive Housing Annex A for each team that would be expanded through this initiative. [Please display both current commitments and the proposed expanded commitment figures]. Please see: http://www.state.nj.us/humanservices/DMHAS/info/csc/qcmr/index.html

P. Provide written assurances that, if your organization is funded pursuant to this RFP:

1. You will pursue all available sources of revenue and support upon award and in future contracts including your agreement to pursue Medicaid certification. Failure to obtain approval and maintain certification may result in termination of the service contract;
2. You will pursue available resources (e.g. grants, vouchers, rental assistance, etc.) and collaborate with local housing authorities and/or other related housing development entities to develop, expand, and/or enhance housing options for enrolled consumers;

3. You will work in cooperation with the regional and central offices of DMHAS, County Mental Health Boards and State psychiatric hospitals to identify people to be served, meet data collection requirements, and participate in any standardized affiliation agreements that may be developed;

4. You will comply with DMHAS reporting requirements specific to this initiative;

5. You will provide the full range of services delineated in the NJDMHAS and related regulations to all individuals enrolled.

IX. Budget Requirements

Provide detailed budget information employing the Annex B categories for expenses and revenues, utilizing the excel template which will be e-mailed based on the attendance list from the bidders' conference. The template contains clearly labeled separate areas for each PACT or RIST team; one to show full annualized operating costs and revenues, one to show one-time costs; and one to show the phase-in operating costs and revenues related to your proposed start-up date through the end of the affected contract year. The budget template will include a column for the total annualized PACT or RIST team(s) budget, reflective of all totals if expanded per the proposal.

E-mail the completed file to Elaine Welsh at Elaine.Welsh@dhs.state.nj.us. A hard copy of the budget is not required to be included in the submission; DMHAS will format and print hard copies for reviewers.

All budget data, if approved and included in signed contracts, will be subject to the provisions of the DHS Contract Policy & Information Manual, and the DHS Contract Reimbursement Manual. These Manuals can be accessed from the Office of Contract Policy and Management (OCPM) webpage at: http://www.state.nj.us/humanservices/ocpm/home/resources/manuals/index.html

Budget notes are useful to help explain costs and assumptions made regarding certain non-salary expenses and the calculations behind various revenue estimates. Applicants must provide a detailed schedule supporting their calculations for each type of contemplated revenue. Narrative budget notes, detailing assumptions behind proposed costs and revenues must be included in the applicant’s response. Please note that reviewers will need to fully understand the budget projections from the information presented, and failure to provide adequate narrative information could result in lower ranking of the Proposal. Put notes to the maximum extent possible right on the budget file.

For personnel line items, staff names should not be included, but the staff position titles and hours per workweek and credentials are needed. Staff fringe benefit expenses may be presented as a percentage factor of total salary costs, and should be consistent with your organization’s current Fringe Benefits percentage. Provide the number of hours associated with each line of any clinical consultants so that cost/hour may be considered by evaluators.

If applicable, General and Administrative (G & A) expenses, otherwise known as indirect or overhead costs, should be included if attributable and allocable to the proposed program. Limit your G & A expense projection to “new” G & A only by showing the full amount as an expense and the offsetting savings in other programs in the revenue section.
X.  Mandatory Bidders Conference

All applicants intending to submit a Proposal to this request must attend a MANDATORY Bidders Conference. Please contact Diana Gittens at 609-777-0708 to register for the bidder’s conference. Proposals submitted by an applicant not in attendance at the bidder’s conference will not be considered.

DATE: September 6, 2012
TIME: 10:00 am – 11:30 am
LOCATION: Department of Human Services
222 South Warren Street, 3rd Floor
Conference Room 3-000
Trenton, NJ 08625

XI.  Submission of Proposals

Respondents must submit proposals electronically in PDF format by no later than 4 p.m. on September 27, 2012 to John Verney, Acute Care Coordinator at John.Verney@dhs.state.nj.us and a copy with the excel budget attached to Elaine.Welsh@dhs.state.nj.us must be submitted by the same deadline. Multiple PDF attachments and emails will not be accepted. Your email “subject” should include your agency name, and the proposal name and date. Proposals must be limited to 20 pages, with the exception of the budget and supporting documents – in a font size no smaller than 12. Additionally, one hard copy of the proposal with an original signature and six additional hard copies must be submitted to the attention of John Verney no later than 4:00 pm, September 27, 2012, at the following address:

John Verney
Department of Human Services
Division of Mental Health and Addiction Services
222 South Warren Street, 3rd Floor
Trenton, NJ 08625

Please note that no format other than what is described above (i.e., no facsimiles) will be accepted in response to this RFP. Proposals submitted after the aforementioned deadline will not be considered.

Four hard copies of the proposal and one electronic copy in PDF format must be submitted by the same deadline to the County Mental Health Administrator for the county in which proposed services will be delivered in the expansion project. A listing of the Mental Health Administrators’ contact information, including email address, is available at the following website: http://www.state.nj.us/humanservices/dmhs/services/admin/.

XII.  Review of Proposals and Notification of Preliminary Award

There will be a review process for all timely submitted proposals which materially comply with the content requirements of this RFP. DMHAS will convene a review committee to review and score proposals in response to the current RFP. This review committee will consist of State of NJ employees, including staff from the DMHAS Regional Offices, DMHAS Central Office and the DMHAS Bureau of Contracts Administration. Recommendations from affected County Mental Health Boards will be considered in final award determinations. Recommendations from the County Mental Health Boards must be submitted by no later than October 18, 2012 to ensure they are an integral part of the Proposals evaluation process. Recommendations are to be submitted to John Verney, Acute Care Coordinator, Division of Mental Health and Addiction Services, to the email or mailing address listed in Section XI of this RFP.
DMHAS recognizes the invaluable perspectives and knowledge of consumers and family members. Input from consumers and family members are integral components of a system that holds Wellness and Recovery principles at its core. Consequently, the Division will convene an advisory group consisting of consumers and family members to meet with members of the RFP review committee to provide their input regarding the Proposals submitted. This input will be incorporated into the final deliberations of the review committee.

The DMHAS will consider a provider agency’s recent contractual performance. The DMHAS reserves the right to reject any and all applications when circumstances indicate that it is in its best interests to do so.

The DMHAS will notify all applicants of preliminary award decisions no later than November 5, 2012. If awarded a contract, the applicant will be required to comply with the affirmative action requirements of P.L. 1975 c. 127 (N.J.A.C. 17:27).

XIII. Appeals of Award Decisions

Appeals of any award determinations may be made only by the respondents to this RFP. All appeals must be made in writing and must be received by the DMHAS at the address below no later than 4:00 p.m. on November 12, 2012. The written request must clearly set forth the basis for the appeal.

Correspondence related to appeals should be addressed to:

Lynn Kovich, Assistant Commissioner
Division of Mental Health and Addiction Services
Capital Center, 3rd Floor
P.O. Box 727
Trenton, New Jersey 08625-0727

Please note that all costs incurred in connection with any appeals of DMHAS decisions are considered unallowable costs for purposes of DMHAS contract funding. A final award determination will be made no later than November 19, 2012.

STATE OF NEW JERSEY
DEPARTMENT OF HUMAN SERVICES

ADDENDUM TO REQUEST FOR PROPOSAL
FOR SOCIAL SERVICE AND TRAINING CONTRACTS

Executive Order No. 189 establishes the expected standard of responsibility for all parties that enter into a contract with the State of New Jersey. All such parties must meet a standard of responsibility that assures the State and its citizens that such parties will compete and perform honestly in their dealings with the State and avoid conflicts of interest.

As used in this document, "provider agency" or "provider" means any person, firm, corporation, or other entity or representative or employee thereof that offers or proposes to provide goods or services to or performs any contract for the Department of Human Services.

In compliance with Paragraph 3 of Executive Order No. 189, no provider agency shall pay, offer to pay, or agree to pay, either directly or indirectly, any fee, commission, compensation, gift, gratuity, or other thing of value of any kind to any State officer or employee or special State officer or employee, as defined by N.J.S.A. 52:13D-13b and e, in the Department of the Treasury or any other agency with which such provider agency transacts or offers or proposes to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13D-13i, of any such officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:13D-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any State officer or employee or special State officer or employee from any provider agency shall be reported in writing forthwith by the provider agency to the Attorney General and the Executive Commission on Ethical Standards.

No provider agency may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such provider agency to, any State officer or employee or special State officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to any State agency or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:13D-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the State officer or employee or special State officer or employee upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No provider agency shall influence, or attempt to influence or cause to be influenced, any State officer or employee or special State officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.

No provider agency shall cause or influence, or attempt to cause or influence, any State officer or employee or special State officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the provider agency or any other person.

The provisions cited above shall not be construed to prohibit a State officer or employee or special State officer or employee from receiving gifts from or contracting with provider agencies under the same terms and conditions as are offered or made available to members of the general public subject to any guidelines the Executive Commission on Ethical Standards may promulgate.
Attachment C

Department of Human Services
Statement of Assurances

As the duly authorized Chief Executive Officer/Administrator, I am aware that submission to the Department of Human Services of the accompanying application constitutes the creation of a public document that may be made available upon request at the completion of the RFP process. This may include the application, budget, and list of applicants (bidder's list). In addition, I certify that the applicant:

- Has legal authority to apply for the funds made available under the requirements of the RFP, and has the institutional, managerial and financial capacity (including funds sufficient to pay the non Federal/State share of project costs, as appropriate) to ensure proper planning, management and completion of the project described in this application.

- Will give the New Jersey Department of Human Services, or its authorized representatives, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with Generally Accepted Accounting Principles (GAAP). Will give proper notice to the independent auditor that DHS will rely upon the fiscal year end audit report to demonstrate compliance with the terms of the contract.

- Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain. This means that the applicant did not have any involvement in the preparation of the RLI, including development of specifications, requirements, statement of works, or the evaluation of the RLI applications/bids.

- Will comply with all federal and State statutes and regulations relating to non-discrimination. These include but are not limited to: 1) Title VI of the Civil Rights Act of 1964 (P.L. 88-352;34 CFR Part 100) which prohibits discrimination based on race, color or national origin; 2) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794; 34 CFR Part 104), which prohibits discrimination based on handicaps and the Americans with Disabilities Act (ADA), 42 U.S.C. 12101 et seq.; 3) Age Discrimination Act of 1975, as amended (42 U.S.C. 6101 et. seq.; 45 CFR part 90), which prohibits discrimination on the basis of age; 4) P.L. 2975, Chapter 127, of the State of New Jersey (N.J.S.A. 10:5-31 et. seq.) and associated executive orders pertaining to affirmative action and non-discrimination on public contracts; 5) federal Equal Employment Opportunities Act; and 6) Affirmative Action Requirements of PL 1975 c. 127 (NJAC 17:27).

- Will comply with all applicable federal and State laws and regulations.
• Will comply with the Davis-Bacon Act, 40 U.S.C. 276a-276a-5 (29 CFR 5.5) and the New Jersey Prevailing Wage Act, N.J.S.A. 34:11-56.27 et seq. and all regulations pertaining thereto.

• Is in compliance, for all contracts in excess of $100,000, with the Byrd Anti-Lobbying amendment, incorporated at Title 31 U.S.C. 1352. This certification extends to all lower tier subcontracts as well.

• Has included a statement of explanation regarding any and all involvement in any litigation, criminal or civil.

• Has signed the certification in compliance with federal Executive Orders 12549 and 12689 and State Executive Order 34 and is not presently debarred, proposed for debarment, declared ineligible, or voluntarily excluded. The applicant will have on file signed certifications for all subcontracted funds.

• Understands that this provider agency is an independent, private employer with all the rights and obligations of such, and is not a political subdivision of the Department of Human Services.

• Understands that unresolved monies owed the Department and/or the State of New Jersey may preclude the receipt of this award.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by a Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is required by the regulations implementing Executive order 12549, Debarment and Suspension, 29 CFR Part 98, Section 98.510
Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion
Lower Tier Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of facts upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled “Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transaction,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible,
or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
