1. Before the child is placed, the placing agency shall first determine that the out-of-State program is free of serious or imminent hazards to the health, safety, rights or welfare of the child to be placed therein; and
2. The placing agency or the out-of-State program shall request an inspection, as specified in N.J.A.C. 10:195-2.1, to be conducted within 30 days of placement.
(a) The Department shall contract with each out-of-State program in which children are placed.

(b) The contract shall indicate that the Department is authorized to conduct unannounced inspections of the program.

(c) The contract shall indicate that the Department is authorized to review and investigate unusual incidents occurring at the program or elsewhere that affect New Jersey service recipients. The contract shall indicate that the Department may take one or more of the following actions:
