

**DIVISION OF MOTOR VEHICLES STANDARD STATEMENT
FOR OPERATORS OF A COMMERCIAL MOTOR VEHICLE - N.J.S.A. 39:3-10.24e**

(Revised eff. Feb. 1, 2001)

**THE ARRESTING OFFICER MUST READ THE FOLLOWING TO THE DEFENDANT:
FULL TEXT OF STANDARD STATEMENT FOLLOWS:**

1. You have been arrested for operating a commercial motor vehicle with an alcohol concentration of 0.04% or more.
2. You are required by law to submit to the taking of samples of your breath for the purposes of making chemical tests to determine your alcohol concentration.
3. A record of the taking of the samples, including the date, time, and results, will be made. Upon your request, a copy of that record will be made available to you.
4. Any warnings previously given to you concerning your right to remain silent and your right to consult with an attorney do not apply to the taking of breath samples and do not give you the right to refuse to give, or to delay giving, samples of your breath for the purposes of making chemical tests to determine your alcohol concentration. You have no legal right to have an attorney, physician, or anyone else present, for the purpose of taking the breath samples.
5. After you have provided samples of your breath for chemical testing, you have the right to have a person or physician of your own selection, and at your own expense, take independent samples and conduct independent chemical tests of your breath, urine, or blood.
6. If you refuse to provide samples of your breath you will be issued a separate summons for this refusal.
7. Any response that is ambiguous or conditional, in any respect, to your giving consent to the taking of breath samples will be treated as a refusal to submit to breath testing.
8. According to N.J.S.A. 39:3-10.24f, if a court of law finds you guilty of refusing to submit to chemical tests of your breath, then your license to operate any motor vehicle will be revoked by the court for a period of no less than six months and no more than two years. The Court will also fine you a sum of no less than \$250 and no more than \$500 for your refusal conviction.
9. If a court of law finds you guilty of refusing to submit to chemical tests of your breath, and you were operating a commercial motor vehicle, then your commercial driver license will be suspended by the court for a period of no less than one and no more than three years. If your refusal conviction is in connection with operating a commercial motor vehicle transporting hazardous material or displaying a hazardous material placard, then your commercial driver license will be suspended for three years. If your refusal conviction is in connection with a second or subsequent violation of any of the offenses specified at N.J.S.A. 39:3-10.20a, the Court will revoke your commercial driver license for life.
10. Any license suspension or revocation for a refusal conviction will be independent of any license suspension or revocation imposed for any related offense.
11. If you are convicted of refusing to submit to chemical tests of your breath, you must also satisfy the requirements of a program of alcohol education or rehabilitation.
12. I repeat, you are required by law to submit to the taking of samples of your breath for the purposes of making chemical tests to determine your alcohol concentration. Now, will you submit the samples of your breath?

Answer: _____

(ADDITIONAL INSTRUCTIONS FOR POLICE OFFICER)

IF THE PERSON: REMAINS SILENT; OR STATES OR OTHERWISE INDICATES THAT HE/SHE REFUSES TO ANSWER ON THE GROUNDS THAT HE/SHE HAS A RIGHT TO REMAIN SILENT, OR WISHES TO CONSULT AN ATTORNEY, PHYSICIAN, OR ANY OTHER PERSON; OR IF THE RESPONSE IS AMBIGUOUS OR CONDITIONAL IN ANY RESPECT WHATSOEVER, THEN THE POLICE OFFICER SHALL READ THE FOLLOWING ADDITIONAL STATEMENT:

FULL TEXT OF ADDITIONAL STATEMENT FOLLOWS:

I have previously informed you that the warnings given to you concerning your right to remain silent and your right to consult with an attorney do not apply to the taking of breath samples and do not give you a right to refuse to give, or to delay giving, samples of your breath for the purpose of making chemical tests to determine the content of alcohol in your blood. Your prior response, or lack of response, is unacceptable. If you do not unconditionally agree to provide breath samples now, then you will be issued a separate summons charging you with refusing to submit to the taking of samples of your breath for the purpose of making chemical tests to determine the content of alcohol in your blood.

Once again, I ask you, will you submit to giving samples of your breath?
