*Lt. Governor*

GURBIR S. GREWAL  
*Attorney General*

The Honorable Philip D. Murphy  
Governor of the State of New Jersey

Honorable Members of the Senate and  
Assembly of the State of New Jersey

Dear Governor and Members of the Legislature:

Pursuant to N.J.S.A. 52:17B-5.5, I am submitting the fiftieth annual report of crime in New Jersey. The annual report is based on crime statistics submitted to the New Jersey Uniform Crime Reporting System by every New Jersey law enforcement agency for the year 2016.

Effective law enforcement requires accurate crime statistics in order to identify the extent, type, and location of criminal activity. Criminal Justice administrators and planners have long recognized the Uniform Crime Reporting Program as the vehicle to accomplish this objective.

The success of the Uniform Crime Reporting System during 2016 could not have been realized without the cooperation extended by each of the 536 law enforcement agencies of the State, the New Jersey Chiefs of Police Association, and the County Prosecutors Association.

It is in the interest of more effective law enforcement to the nearly nine million residents of New Jersey that the fiftieth annual report is submitted.

Respectfully,

A handwritten signature in black ink, appearing to read "Gurbir S. Grewal".

Gurbir S. Grewal  
Attorney General of New Jersey

# Section One

---

## **SYNOPSIS: UNIFORM CRIME REPORTING PROGRAM**

# THE NEW JERSEY UNIFORM CRIME REPORTING SYSTEM

## DEFINITION

The New Jersey Uniform Crime Reporting System is based upon the compilation, classification, and analysis of crime data reported by all New Jersey police agencies in accordance with the regulations prescribed by law.

## DEVELOPMENT

The New Jersey Uniform Crime Reporting Law (N.J.S.A. 52:17 B-5.1 et. seq.) was enacted on May 16, 1966, and became effective January 1, 1967. Responsibility for the establishment, direction, control, and supervision of the Uniform Crime Reporting System was assigned to the State's Attorney General. The Attorney General authorized the New Jersey State Police to collect and collate the crime data received from law enforcement agencies within the state.

At the request of the Attorney General, the New Jersey State Police researched crime systems in operation throughout the nation in order to establish a firm foundation from which to grow. The most logical approach was the paralleling of the federal crime reporting system. There was a distinct need for a compatibility feature that would enhance both the state and federal systems through the data entry at both levels.

This compatibility has, as its nucleus, the standard classification of offenses established by the Federal Bureau of Investigation. Regardless of the label placed on a particular offense in the various states' systems, *i.e.*, felony, misdemeanor, disorderly persons, if the incident meets the federal standard it will be reported as an offense.

The terms "crime" and "offense" are used interchangeably in this publication, and refer to an act committed in violation of a law which is reportable under the guidelines of the Uniform Crime Reporting Program.

The New Jersey State Chiefs of Police Association has served the program in an advisory capacity since 1966. The contributions of this association have proved valuable to the success of the program. This association works in close harmony with the State Police as a means of improving the quality of reporting through recommended program standards, policies and procedures.

## COLLECTION OF CRIME DATA

As required by statute, all law enforcement agencies in the state submit monthly and annual summary crime reports to the program. During the year 2016, offense and arrest data were received from 468 municipal police departments and the New Jersey State Police (acting as the reporting agent for the 77 municipalities without local police services). In addition to the 468 municipal police departments, there were 20 municipalities which contracted with other police departments for local police services and crime data reporting.

In addition to the above agencies, data was received from the state's 21 prosecutors, 21 sheriffs' departments, one (1) county police departments, and one (1) county park police department. In order to incorporate all New Jersey law enforcement agencies under the system, the nine (9) other state agencies with law enforcement responsibilities (excluding state police) and 14 college campus police departments were incorporated within the program. Collectively, a total of 536 law enforcement agencies submit reports to the New Jersey State Police.

## METHOD

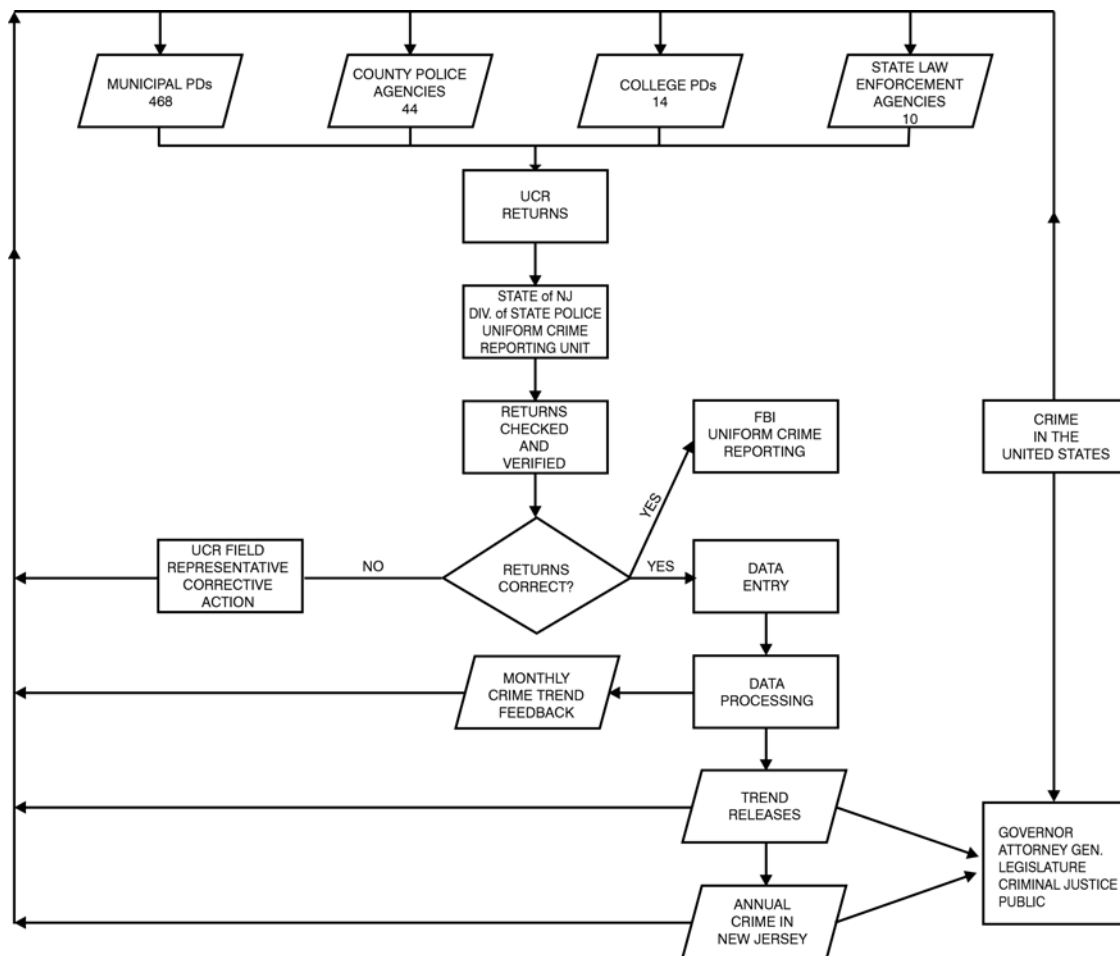

A State of New Jersey Uniform Crime Reporting Guide has been distributed to all contributors. It outlines reporting procedures in detail, and is complete to the extent of providing examples and illustrations. Field representatives provide additional instruction and clarification when required.

All reported offenses are related to the municipality in which they occur rather than to the agency which may conduct the investigation. The clearance is credited to the municipality in which the offense occurred. Each contributing agency is responsible for compiling its own

reports. Law enforcement agencies report the number of known offenses according to the following categories: Homicide (Murder and Manslaughter), Rape, Robbery, Aggravated Assault, Burglary, Larceny-Theft, Motor Vehicle Theft, and Arson. The “Crime in New Jersey,” and the Federal Bureau of Investigation’s “Crime in the United States” publications exclude manslaughters, simple assaults, and arsons from the “Index” offenses. These are further referred to as “violent” and “nonviolent” crimes as graphically illustrated in Section VII under “Municipal and County Offenses and Demographic Data,” and Section II, “State Summary and Offense Analysis.”

All reported offenses are compiled from a record of all criminal complaints received by police from victims or other sources, or discovered by the police during routine operations. Complaints determined to be unfounded are eliminated from this count. Analytical data pertaining to specific crime categories are also reported, *i.e.* total adult and juvenile arrests made during the month. Police killed or assaulted and arson data are also collected monthly. Police personnel information is submitted on an annual basis.

## FLOW CHART OF UCR REPORTS

## **VERIFICATION PROCESSES**

The uniformity and accuracy of data gathered from contributors must be safeguarded through various ways. Although guidelines and instructions are provided to each contributor, they are not the panaceas for the accuracy being sought.

The reports received by the Uniform Crime Reporting Unit are recorded and examined for mathematical accuracy and reasonableness of the interpretation of the offense classifications. Improper classifications, changes in reporting procedures, or actual change are identified in this manner. Errors of a minor nature are corrected by direct telephone contact with the contributors, while all other errors are resolved through a personal visit by a field representative to the reporting agency.

Further verification is accomplished through the analysis of statistical data accrued from the reports submitted. Fluctuations in crime rates noted from previous submissions are verified by the field representatives through their municipal counterpart.

## **FUNCTION**

Police executives make use of this data in administrative, planning, and operational determinations for their respective jurisdictions. The State Police Uniform Crime Reporting Unit provides assistance to municipal police agencies through the individual analysis of statistics as they relate to specific crime problems within their jurisdiction. Police executives also use this data for identifying personnel and equipment needs. The Uniform Crime Reporting Program requirements not only have increased police efficiency in reporting and record keeping areas, but have helped police in their day to day operations.

Although the data collected on the offenses of manslaughter and simple assault are not presented in the annual report, they are required for the federal system. Data for these offenses is processed and provided for research purposes.

# PROFILE OF NEW JERSEY

New Jersey is situated between the major industrial markets of New York and Philadelphia. The geographic location of the state has been a major factor in its growth and development. The many miles of interstate roadways within the state connect New Jersey directly with the neighboring states of New York, Pennsylvania, and Delaware. Additionally, New Jersey roadways accommodate large volumes of traffic as a corridor for commerce and travelers from throughout the United States.

The state is geographically composed of 21 counties which contain 565 incorporated municipalities. Nationally, New Jersey, although 46th in size, ranks tenth in population and first as the most densely populated state in the country. In addition to this density of 1,195.1 persons per square mile, New Jersey still has many miles of rural areas and sparsely settled communities. The areas of density are concentrated around the major urban centers and those venues most accessible for commuting.

Area in Square Miles	2015 Estimated Population	2010 Census Population	2015/2010 Percent Change	2015 Density per Square Mile	2010 Density per Square Mile
7,495.73	8,958,013	8,842,934	1.3	1,195.1	1,179.7

## STATE, COUNTY AND MUNICIPAL PROFILES

The presentation of state, county and municipal profiles in this section is offered for the purpose of projecting, for the consideration of the reader, a group of recognizable factors which may affect the amount and type of crime that occurs from community to community. Selection of the areas of information to be related to individual municipalities was based on the immediacy and completeness of data available.

Population statistics presented here, and throughout this publication, were obtained from the Department of Labor, Division of Labor Market and Demographic Research.

Character of municipalities by urban, suburban and rural classifications, and square miles, were initially compiled by the Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes. Following is a list of categories used and a description of each category.

- URBAN CENTER                      Densely populated with extensive development.
- URBAN SUBURBAN                  Near an urban center but not as extremely developed and more residential areas.
- SUBURBAN                            Predominantly single family residential, within a short distance of an urban area.
- RURAL                                    Scattered small communities and isolated single family dwellings.
- RURAL CENTER                      High density core area with surrounding rural municipalities.

Certain other socioeconomic factors present in varying degrees in all communities may have an influence on resulting crime rates. Obvious difficulties in the identification, documentation and measurement of these factors, however, precluded their application in this report.

Those factors presented were listed to affirm their existence within the county and community and to provide a base for consideration in the evaluation of that community's crime experience.

### RESORT MUNICIPALITY CRIME RATES

On July 10, 1998, section 4 of P.L. 1966, c37(C.52:17B-5.4) was amended to require the Uniform Crime Report to include, in addition to the regular statistics, an alternative calculation that takes into account the seasonal population of resort municipalities.

The Department of Labor has been mandated to determine which municipalities qualify as resort municipalities and certify their annual mean population (which includes seasonal population estimates.)

# CRIME FACTORS

In order to provide a meaningful statistical profile of crime within the State of New Jersey, each law enforcement agency must provide the Uniform Crime Reporting Unit with data that depicts specific crimes that are occurring within their jurisdiction. There is a need for compatibility with the National Uniform Crime Reporting System and, therefore, categories of offense classifications used within the state are identical with those of the National System. This results in equitable conclusions being drawn from the data submitted.

Reported Part 1 offenses and arrests are recorded in the municipality where they occurred, regardless of the outside investigative agency which may investigate, arrest, or otherwise dispose of the case.

The factors which influence crime rates are dependent upon characteristics of the community. When attempting to interpret the crime statistics presented herein, one should be aware of the social structure and factors that lead to or cause criminal behavior.

Crime rates in this publication are based on the stable population of the municipality. Municipalities that experience high population increases due to special events or commuters or with high seasonal populations, may indicate a higher crime rate per one thousand than may be normal for a municipality their size. A separate section provides statistics for resort municipalities using crime rates which include seasonal populations.

Set forth below are some factors which, by type and volume, will affect the crime rate that occurs from place to place:

- Density and size of the community population and the metropolitan areas of which it is a part.
- Composition of the population with reference particularly to age, sex and race.
- Economic status, including job availability, and mores of the population.
- Relative stability of population, including commuter, seasonal, and other transient types.
- Climate, including seasonal weather conditions.
- Cultural conditions, such as educational, recreational, and religious characteristics.
- Effective strength of law enforcement agencies.
- Administrative and investigative emphases of law enforcement.
- Policies of other components of the criminal justice system (*i.e.*, prosecutorial, judicial, correctional, and probational).
- Crime reporting practices of the general citizenry.
- Attitudes of the public toward crime reporting.
- The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to crime reporting standards.
- Cooperation of adjoining and overlapping police agencies.

# THE POLICE POINT OF VIEW

The New Jersey State Police Uniform Crime Reporting Unit surveyed various police agencies of the state, attempting to ascertain their opinion concerning factors contributing to the increase or decrease of specific crimes in their municipality. One of the goals of the Uniform Crime Reporting Unit is to assist police in reducing crime by first identifying its extent, type and location. The following viewpoints are offered with the expectation of reaching this goal.

## ROBBERY

### Decreases:

- More stringent sentencing requirements under the State Criminal Code have been a deterrent.
- Advanced technology in communications has led to increased exchanges of information between police departments.
- Highly visible foot patrols being deployed in commercial areas and densely populated residential areas.
- Use of Anti-Crime Units in high robbery areas.

### Increases:

- Resort areas have shown an increasing seasonal population.
- Our highly mobile society provides easy access to areas which were previously difficult to reach.

## BURGLARY

### Decreases:

- Better deployment of police personnel, such as highly visible foot patrols in high density crime areas, and increased patrols during probable times and at probable locations of burglaries.
- More stringent sentencing requirements under the State's Criminal Code have been a deterrent.
- Crime Prevention programs are being stressed in many communities and citizens have been taking a more active part by reporting suspicious persons or circumstances.

### Increases:

- Extreme increases in population in certain areas have led to new housing in suburban and rural areas.
- Most adult residents are working; frequently leaving homes unoccupied for long periods of time.
- Abandoned, foreclosed, and bank owned properties are often targeted for copper pipe and other scrap items.

## LARCENY

### Decreases:

- Public awareness programs contribute to the decrease in thefts from parked vehicles.
- Improved or additional lighting deters criminal acts from occurring in parking areas.
- "Safe Streets" Programs and Anti-crime Units have been established in many communities.

**Increases:**

- Shoplifting is a theft over which the police have little or no control. Store security forces are under the control of the store administration, and their policies vary from strict enforcement, arrest and prosecution, to warnings. Policy change has been directed toward prosecuting the offenders rather than warning them, causing to some extent an increase in the number of shoplifting offenses reported to the police.
- Certain types of small mobile property such as GPS devices, cellular phones, laptops, and other electronic devices are common and present resale opportunities.
- Modern conveniences in automobiles, such as keyless entry, have led to complacency on the part of some vehicle owners. Unlocked vehicles account for a large majority of thefts of items from motor vehicles.

**MOTOR VEHICLE THEFT****Decreases:**

- Stronger sentencing of career criminals has been effective.
- Modern ignition systems and anti-theft devices are deterrents.
- Better lighting in parking lots has helped decrease motor vehicle thefts.

**Increases:**

- The tremendous replacement cost of auto parts has contributed significantly to the increase in motor vehicle thefts for the purpose of auto parts resale.
- Motor vehicle theft for export to overseas markets has become prevalent.

# STATEWIDE CRIME SUMMARY - 2016

## CRIME INDEX - VOLUME/RATE

- There were 160,017 Index offenses in 2016, a 5 percent decrease compared to 2015.
- The crime rate of the state is 18 victims for every 1,000 permanent inhabitants, a decrease of 5 percent compared to 2015.

## ADDITIONAL ANALYSIS

- The month of August with 15,686 offenses reported, recorded the highest incidence of Crime Index offenses while the month of February was the lowest with 11,169 offenses.
- The total value of property stolen amounted to \$277.7 million in 2016, a decrease of 4 percent from 2015.
- Value of property recovered was \$79.3 million, a recovery rate of 29 percent.
- Stolen motor vehicles accounted for 41 percent of stolen property and 84 percent of the recovered property value.

## CRIME INDEX ARRESTS/CLEARANCES

- A total of 37,243 persons were arrested for Index offenses, which represents a 5 percent decrease compared to 2015.
- Adult Index arrests decreased 4 percent and juvenile Index arrests decreased 9 percent.
- Crime Index arrests accounted for 12 percent of the total arrests in 2016.
- Males accounted for 70 percent of the Crime Index arrests and females accounted for 30 percent.
- Fifty-seven percent of the Index arrests were white, 41 percent were black and 2 percent were other races.
- The Hispanic ethnic origin accounted for 20 percent of the arrests for Index offenses.
- Police cleared 22 percent of the Index offenses and juveniles accounted for 8 percent of those clearances.

## VIOLENT CRIME SUMMARY

This category consists of the following Index offenses: Murder, Rape, Robbery and Aggravated Assault.

## VOLUME/RATE/TREND

- There were 21,915 violent crimes reported in 2016, a 4 percent decrease compared to the violent crimes reported in 2015.
- Violent crimes accounted for 14 percent of the total Crime Index.
- The violent crime rate decreased 4 percent in 2016.

### **ADDITIONAL ANALYSIS**

- The highest number of violent crimes were reported in August with 2,033 offenses while the lowest number was reported in February with 1,479 offenses.
- The total value of property stolen as a result of violent crime was \$10.5 million in 2016, an increase of 22 percent from 2015.

### **ARRESTS/CLEARANCES**

- There were 10,175 violent crime arrests, a decrease of 2 percent compared to 2015.
- Violent crime arrests accounted for 27 percent of the Index arrests and 3 percent of the total arrests during the year.
- Adult arrests for violent crime decreased 1 percent and juvenile arrests decreased 6 percent.
- Adults accounted for 86 percent of the violent crime arrests while the remaining 14 percent were juveniles.
- Males accounted for 79 percent of the violent crime arrests and females accounted for 21 percent.
- Forty-six percent of those arrests were white, 52 percent were black and 2 percent were other races.
- Hispanics accounted for 25 percent of the arrests for violent crimes.
- Forty-two percent of violent crimes were cleared and juveniles accounted for 12 percent of those clearances.

## **NONVIOLENT CRIME SUMMARY**

This category consists of the following Index offenses: Burglary, Larceny-Theft, Motor Vehicle Theft.

### **VOLUME/RATE/TREND**

- There were 138,102 nonviolent crimes reported in 2016, a 5 percent decrease compared to nonviolent crimes reported in 2015.
- Nonviolent crimes accounted for 86 percent of the total Crime Index.
- The nonviolent crime rate decreased 6 percent to 15.4 victims for every 1,000 inhabitants in 2016.

### **ADDITIONAL ANALYSIS**

- The highest number of nonviolent crimes were reported in August with 13,653 offenses while the lowest number was reported in February with 9,690 offenses.
- The total value of property stolen as a result of nonviolent crime was \$267.2 million in 2016 a decrease of 5 percent from 2015.

### **ARRESTS/CLEARANCES**

- There were 27,068 nonviolent crime arrests, a decrease of 6 percent compared to 2015.
- Nonviolent crime arrests accounted for 73 percent of the Index arrests and 9 percent of the total arrests during 2016.
- Juveniles were responsible for 10 percent of the nonviolent crime arrests and adults 90 percent.
- Adult arrests for nonviolent crimes decreased 5 percent and juvenile arrests decreased 10 percent.

Due to rounding, the percentage may not add to 100.

- Males represented 67 percent and females represented 33 percent of persons arrested for nonviolent crime.
- Sixty-one percent of all persons arrested for nonviolent crimes were white, 36 percent were black and 3 percent were other races.
- The Hispanic ethnic origin accounted for 19 percent of the arrests for nonviolent crimes.
- Twenty-one percent of all nonviolent crimes reported were cleared in 2016, and juveniles accounted for 7 percent of those clearances.

## **TOTAL ARREST SUMMARY**

- There were 308,117 persons arrested in 2016, which represents an increase of 2 percent compared to 2015.
- The arrest rate for 2016 remained the same with 34 persons arrested per every 1,000 inhabitants.
- Adult arrests increased 2 percent to 288,092 and juvenile arrests decreased 6 percent to 20,025 in 2016.
- Adults accounted for 94 percent and juveniles 6 percent of the total state arrests.
- Persons under 21 years of age accounted for 17 percent of the total state arrests.
- Males accounted for 73 percent and females 27 percent of the total persons arrested during the year.
- Fifty-nine percent of total persons arrested in 2016 were white, 39 percent were black and 2 percent were other races.
- The Hispanic ethnic origin accounted for 19 percent of the arrests.

## **POLICE OFFICERS KILLED AND ASSAULTED SUMMARY**

- There were no police officers feloniously killed in the line of duty in 2016.
- New Jersey reported 1,873 police officers assaulted in the line of duty in 2016.

Due to rounding, the percentage may not add to 100.

# CRIME IN NEW JERSEY, UNITED STATES AND THE NORTHEAST REGION

- Violent crime in New Jersey decreased 4.3 percent compared to the previous year, while the Northeast Region decreased 1.2 percent overall. Violent crime in the United States increased by 4.0 percent overall.
- Nonviolent crime in New Jersey decreased 5.2 percent, while the Northeast Region decreased 4.4 percent overall. Nonviolent crime in the United States decreased 1.3 percent when compared to the 2015 figure.

## INDIVIDUAL INDEX OFFENSES Percent Change 2015/2016

# MURDER

## Definition:

Murder is defined as the unlawful killing of a human being with malice aforethought. Any death due to a fight, argument, quarrel, assault, or commission of a crime is included. This Index offense is counted by police on the basis of their investigation without regard to findings of a court, jury or the decision of a prosecutor. Attempts to kill, are scored as aggravated assaults and not as murder. Suicides, accidental deaths, negligent manslaughters, and justifiable homicides are not counted, nor reflected in the murder classification.

## VOLUME/RATE/TREND

- There were 378 murders reported to law enforcement agencies of the state in 2016, a 2 percent increase compared to the 369 murders reported in 2015.
- Murders accounted for less than one-half of one percent of the reported index offenses, and 2 percent of all violent crime.

## ADDITIONAL ANALYSIS

- The 20-24 age group accounted for 20 percent of all murder victims.
- Firearms were used in 74 percent of the murders, knives or cutting instruments in 8 percent, blunt objects in 6 percent, and physical force in 6 percent.
- Twenty-two percent of the offenders were friends or acquaintances of the victim, while 6 percent were strangers, and 7 percent were relatives.
- Felony murders accounted for 3 percent of all murder circumstances. Robbery was the motive in 33 percent of the 79 felony murders.
- Sixty-three murders were recorded on Sunday for the high, while Tuesday was the lowest, with 43.
- August, November and December recorded the highest number of murders (38), while March recorded the lowest 21.
- Fifty-four percent of the murders occurred on highways or streets, 15 percent in single family dwellings, and 15 percent in multi-family apartment dwellings.
- Fifty-two domestic violence murders were recorded in 2016.
- Drug-related and/or gang related circumstances accounted for 9 percent (35) of all murders.

## ARRESTS/CLEARANCES

- A total of 204 persons were arrested for murder in 2016, a 4 percent increase compared to 2015.
- Adult murder arrests increased 10 percent (from 174 to 191) while juvenile arrests decreased 41 percent (from 22 to 13).
- Seventy-two percent of persons arrested for murder were black and 25 percent were white and 13 percent were Hispanic ethnic origin.

Due to rounding, the percentage may not add to 100.

- Fifty-four percent of the murders were cleared in 2016 (203 out of 378). Juveniles accounted for 6 percent of those cases cleared.
- Males accounted for 89 percent and females 11 percent of those arrested for murder.

# MURDERS BY COUNTY - 2016

# RAPE

## Definition:

Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

## VOLUME/RATE/TREND

- There were 1,452 reported rapes in 2016, a 7 percent increase compared to the 1,362 in 2015.\*
- Rape accounted for 1 percent of the total Crime Index and 7 percent of all violent crimes.

## ADDITIONAL ANALYSIS

- Ninety-five percent of the rapes were forcible, the remaining 5 percent were rape attempts.
- The total value of property stolen during rapes amounted to \$6,561.

## ARRESTS/CLEARANCES

- A total of 398 persons were arrested for rape in 2016, a 6 percent increase compared to 2015.
- Adult rape arrests increased 3 percent, and juvenile arrests increased 23 percent.
- Sixty-three percent of the persons arrested for rape were white, 35 percent were black and 2 percent were other races.
- The Hispanic ethnic origin accounted for 41 percent of the arrests.
- Twenty-five percent of all persons arrested for rape were between 25 and 39.
- Thirty-four percent of rape cases were cleared in 2016. Juveniles accounted for 16 percent of those cases cleared.

Rape Scenario		
Most frequent month:	September	
<b>Most frequent offender:</b>		<b>Percent of total rape arrests:</b>
Age Group:	25 - 29	11
Sex:	Male	95
Race:	White	63

\* This significant increase is due to the expanded rape definition change in 2015.

# ROBBERY

## Definition:

Robbery is defined as the felonious and forcible taking of the property of another, against his will, by violence or by putting him in fear. The element of personal confrontation is always present in this crime. Under the program, all assaults or attempts to rob are included.

## VOLUME/RATE/TREND

- There were 8,933 robbery offenses in 2016, a decrease of 8 percent compared to 2015.
- Robbery accounted for 6 percent of the total Crime Index and 41 percent of all violent crimes.
- The robbery rate decreased to 1.1 victims per 1,000 inhabitants in 2016.

## ADDITIONAL ANALYSIS

- Highway robberies accounted for 60 percent of all reported robberies.
- Convenience store robberies increased 1 percent, while highway robberies decreased 14 percent.
- The total value of property stolen during robberies amounted to \$10,445,928.

## ARRESTS/CLEARANCES

- A total of 3,054 persons were arrested for robbery in 2016, a 3 percent decrease compared to 2015.
- Adult robbery arrests decreased 0 percent and juvenile robbery arrests decreased 11 percent.
- Males accounted for 87 percent and females 13 percent of the robbery arrests during 2016.
- Sixty-two percent of all persons arrested for robbery were black, 37 percent were white, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 21 percent of the robbery arrests.
- Twenty-seven percent of robbery cases were cleared and juveniles accounted for 18 percent of those clearances.

# CARJACKING STATISTICAL SUMMARY

Highlights of carjacking offense statistics for 2016 are listed below:

- There were 184 carjacking offenses reported to the police; which involved 190 victims, including passengers.
- Carjackings decreased 1% when comparing 2016 to 2015 reported offenses.
- Seventeen of the 565 municipalities in New Jersey reported carjackings.
- Firearms were involved in 71% (130) of all carjackings. Shootings were involved in 4 percent (7) of all carjackings.
- New Jersey registered vehicles represented 83% (153) of all carjackings. Toyota represented the most frequently carjacked vehicle at 13%. The most frequently targeted vehicle year was 2015 with 12% (22).
- Seventy percent (129) of all carjacked vehicles were recovered. The average value of a carjacked motor vehicle was \$8,011.
- Carjackings occurred in a residential area 89% (163) of the time. The hours of darkness (6:00 p.m. to 6:00 a.m.) accounted for 79% (146) of all carjackings.
- Eight percent (15) of all carjackings were witnessed.
- The most frequent victim age group was 30-34, which accounted for 19% (36) of the victim total (190). Sixty-eight percent (129) of all victims were male. Fifty-five percent (104) of all victims were black.
- The total number of offenders was 355. Complete offender information was supplied for 22% (78) of the offenders. Of all known offenders, 20-24 was the most frequent offender age group and accounted for 63% (49). Ninety-seven percent (76) of all known offenders were male. Ninety-five percent (74) of all known offenders were black.
- Of the total arrests for carjacking (5), adults accounted for 100% (5).
- October had the highest number of offenses with 32, accounting for 17% of all carjacking offenses.
- Sunday recorded the highest number of offenses with (41), accounting for 22% of all carjackings.
- Region I, which consists of Essex, Hudson, and Union counties, accounted for 76% (139) of all carjackings, with the vast majority occurring in Essex County.
- No murders were reported in 2016 as a result of carjacking.
- Three percent (5) of all carjackings (184) were cleared by arrest.

# BURGLARY

## DEFINITION:

Under this program, burglary is defined as an unlawful entry or attempted entry of any structure to commit a felony or larceny. Data collection for this offense is further categorized as forcible entry, unlawful entry (where no force is used) and attempted forcible entry.

## VOLUME/RATE/TREND

- There were 25,198 reported burglary offenses in 2016, a 10 percent decrease compared to 2015.
- Burglary accounted for 16 percent of the total Crime Index and 18 percent of all nonviolent crimes.
- The burglary rate decreased to 2.8 victims per 1,000 inhabitants in 2016.

## ADDITIONAL ANALYSIS

- Fifty-five percent of all burglaries involved forcible entry, 34 percent were unlawful entry where no force was used and attempts to forcibly enter accounted for 11 percent in 2016.
- Residences were targets in 72 percent of the reported burglaries.
- Forty-nine percent of nonresidential burglaries are known to have occurred between the hours of 6:00 p.m. and 6:00 a.m.
- Stolen property as a result of burglary statewide, amounted to \$57.2 million, for an average loss of \$2,270.
- The average loss as a result of residential burglaries was \$2,401 and of nonresidential burglaries was \$1,872.

## ARRESTS/CLEARANCES

- Burglary arrests decreased 3 percent with 4,430 persons arrested.
- Adult arrests decreased 3 percent, and juvenile arrests decreased 2 percent.
- Males accounted for 86 percent, and females 14 percent of the burglary arrests.
- Juveniles accounted for 14 percent of all burglary arrests.
- Sixty-two percent of all persons arrested for burglary were white, 37 percent were black, and the remaining 2 percent were other races.
- The Hispanic ethnic origin accounted for 21 percent of the arrests.
- Fifteen percent of the burglaries statewide were cleared and juveniles accounted for 7 percent of those clearances.

# LARCENY-THEFT

## Definition:

The definition of larceny-theft, as provided under this program, is the taking of the property of another with intent to deprive him of ownership. All larcenies and thefts resulting from pocketpicking, purse-snatching, shoplifting, larcenies from motor vehicles, thefts or motor vehicle parts and accessories, bicycle thefts, etc., are included here. Embezzlement, unlawful conversions, larceny by bailee, frauds or bad checks are not included.

## VOLUME/RATE/TREND

- There were 101,594 larcenies reported in 2016, a decrease of 4 percent compared to 2015.
- Larceny accounted for 63 percent of the total Crime Index and 74 percent of all nonviolent crimes.
- The rate for larceny decreased 4 percent to 11.3 victims per 1,000 inhabitants in 2016.

## ADDITIONAL ANALYSIS

- Theft of motor vehicle parts and accessories and thefts from motor vehicles collectively accounted for 25 percent of all larceny-theft reported.
- Shoplifting offenses decreased two percent when compared to 2015.
- Theft from buildings accounted for 17 percent of all larceny-thefts reported.

## ARRESTS/CLEARANCES

- Larceny arrests decreased 6 percent in 2016 with 22,127 persons arrested.
- Adult arrests decreased 5 percent, and juvenile arrests decreased 12 percent.
- Males accounted for 62 percent, and females 38 percent of the larceny arrests.
- Sixty-one percent of all persons arrested for larceny were white, 36 percent were black, and the remaining 3 percent were other races.
- The Hispanic ethnic origin accounted for 18 percent of the arrests.
- Twenty-one percent of the larcenies were cleared with juveniles accounting for 7 percent of those clearances.

# MOTOR VEHICLE THEFT

## Definition:

In Uniform Crime Reporting, motor vehicle theft includes all thefts and attempted thefts of motor vehicles. This includes the theft or attempted theft of motor vehicle which is defined as a self-propelled vehicle that runs on the surface and not on the rails. This definition excludes taking a motor vehicle for temporary use, such as a family situation, or unauthorized use by others having lawful access to the vehicle. This motor vehicle theft category includes the subheadings of auto, trucks and buses, and other vehicles (motorcycles, mopeds, etc.)

## VOLUME/RATE/TREND

- There were 11,310 motor vehicle thefts reported in 2016, a 4 percent decrease compared to 2015.
- Motor vehicle theft accounted for 7 percent of the total Crime Index and 8 percent of all nonviolent crimes.
- The motor vehicle theft rate of 1.3 victims per 1,000 inhabitants is unchanged from 2015.

### DISTRIBUTION BY TYPE

Type	Number	Percent Distribution
Auto	9,715	86
Trucks and Buses	578	5
Other Vehicles	1,017	9

## ADDITIONAL ANALYSIS

- Motor vehicles represented 41 percent of the total value of property stolen during 2016.
- Total value of stolen motor vehicles amounted to \$115 million during the year.
- The average value of a stolen motor vehicle was \$10,085.
- Recovered vehicle values totaling \$66 million represent 84 percent of the total value of recovered property.

## ARRESTS/CLEARANCES

- A total of 511 persons arrested for Motor Vehicle Theft, this is a 23 percent decrease compared to 2015.
- Adult arrests decreased 23 percent and juvenile arrests decreased 19 percent.
- Males accounted for 78 percent, and females 22 percent of the motor vehicle theft arrests.
- Fifty-nine percent of all persons arrested for motor vehicle theft were white and 40 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 21 percent of the arrests.
- Five percent of motor vehicle thefts were cleared in 2016; juveniles accounted for 10 percent of those clearances.

# ARSON

## Definition:

Arson is defined by the New Jersey Uniform Crime Reporting program as any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc. Only fires determined through investigation to have been willfully or maliciously set are classified as arsons. Fires of suspicious or unknown origins are excluded.

## VOLUME/RATE/TREND

- There were 583 arsons reported in 2016, which represents a decrease of 2 percent compared to 2015.
- The arson rate remained unchanged at 0.1 victims per 1,000 inhabitants.

## ADDITIONAL ANALYSIS

- Fifty-five percent of arsons were structures, with single occupancy residences accounting for 27 percent.
- Mobile property, including motor vehicles, accounted for 26 percent of the arsons in the state.
- Other property (timber, crops, etc.) accounted for 18 percent of the reported arsons.
- Total value of property damage due to arson amounted to \$9.8 million, for an average loss of \$16,771.
- The average residential loss was \$32,428, while the average loss to industrial/commercial structures was \$12,537.
- The average loss to mobile property was \$7,747.

## ARRESTS/CLEARANCES

- Arson arrests numbered 186 in 2016 representing a 7 percent increase, compared to 2015.
- Adult arrests increased 36 percent, and juvenile arrests decreased 23 percent.
- Males accounted for 80 percent, and females for 20 percent of the arson arrests.
- Juveniles accounted for 35 percent of all arsons arrests.
- Sixty-six percent of the persons arrested for arson were white, 31 percent were black, and the remaining 3 percent were other races.
- The Hispanic ethnic origin accounted for 25 percent of the arrests.
- The arson clearance rate was 31 percent, and juveniles accounted for 31 percent of those clearances.

- Adults accounted for 65 percent and juveniles accounted for 35 percent of the arrests.
- Males accounted for 80 percent and females 20 percent of the arrests.
- Sixty-six percent of persons arrested in 2016 were white, 31 percent were black, and 3 percent were other races.
- The Hispanic ethnic origin accounted for 25 percent of the arrests and 75 percent were non-Hispanic.

Due to rounding, the percentage may not add to 100.

# FORGERY AND COUNTERFEITING

## Definition:

The definition of forgery and counterfeiting is the making, altering, uttering or possessing or attempting to make, alter, utter or possess, with intent to defraud, anything false which is made to appear true.

- There were 1,091 arrests for forgery and counterfeiting, an increase of 1 percent compared to 2015.
- Adults accounted for 96 percent and juveniles accounted for 4 percent of the arrests.
- Males accounted for 67 percent and females 33 percent of the arrests.
- Forty-nine percent of persons arrested in 2016 were white, 48 percent were black, and 3 percent were other races.
- The Hispanic ethnic origin accounted for 20 percent of the arrests and 80 percent were non-Hispanic.

# FRAUD

## Definition:

In Uniform Crime Reporting, fraud is the fraudulent conversion and obtaining money or property by false pretenses. This includes bad checks, confidence games, etc., except forgeries and counterfeiting.

- There were 4,064 arrests for fraud, an increase of 7 percent compared to 2015.
- Adults accounted for 98 percent and juveniles accounted for 2 percent of the arrests.
- Males accounted for 69 percent and females 31 percent of the arrests.
- Fifty percent of persons arrested in 2016 were white, 46 percent were black, and 4 percent were other races.
- The Hispanic ethnic origin accounted for 19 percent of the arrests and 81 percent were non-Hispanic.

# EMBEZZLEMENT

## Definition:

The definition of embezzlement is the misappropriation or misapplication of money or property entrusted to one's care, custody or control.

- There were 324 arrests for embezzlement, an increase of 11 percent compared to 2015.
- Adults accounted for 97 percent and juveniles accounted for 3 percent of the arrests.
- Males accounted for 54 percent and females 46 percent of the arrests.
- Fifty-four percent of persons arrested in 2016 were white, 43 percent were black, and 3 percent were other races.
- The Hispanic ethnic origin accounted for 20 percent of the arrests and 80 percent were non-Hispanic.

Due to rounding, the percentage may not add to 100.

# STOLEN PROPERTY

## (Buying, Receiving, Possessing)

### Definition:

Included in this class are all offenses of buying, receiving, and possessing stolen property, as well as all attempts to commit any of these offenses.

- There were 2,750 arrests for stolen property, an increase of 12 percent compared to 2015.
- Adults accounted for 85 percent and juveniles accounted for 15 percent of the arrests.
- Males accounted for 80 percent and females 20 percent of the arrests.
- Forty-seven percent of persons arrested in 2016 were white, 52 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 21 percent of the arrests and 79 percent were non-Hispanic.

# CRIMINAL/MALICIOUS MISCHIEF

### Definition:

Criminal/Malicious mischief is defined as the willful destruction, injury, disfigurement, or defacement of property without consent of the owner or persons having custody or control.

- There were 3,945 arrests for criminal/malicious mischief, a decrease of 2 percent compared to 2015.
- Adults accounted for 82 percent and juveniles accounted for 18 percent of the arrests.
- Males accounted for 77 percent and females 23 percent of the arrests.
- Sixty-three percent of persons arrested in 2016 were white, 36 percent were black, and 2 percent were other races.
- The Hispanic ethnic origin accounted for 21 percent of the arrests and 79 percent were non-Hispanic.

# WEAPONS: CARRYING, POSSESSING, etc.

### Definition:

Under this program, this offense includes all the violations of regulations or statute controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers, and attempts.

- There were 4,143 arrests for weapons, an increase of 8 percent compared to 2015.
- Adults accounted for 83 percent and juveniles accounted for 17 percent of the arrests.
- Males accounted for 84 percent and females 16 percent of the arrests.
- Forty-five percent of persons arrested in 2016 were white, 53 percent were black, and 2 percent were other races.
- The Hispanic ethnic origin accounted for 21 percent of the arrests and 79 percent were non-Hispanic.

Due to rounding, the percentage may not add to 100.

# PROSTITUTION AND COMMERCIALIZED VICE

## Definition:

Prostitution and commercialized vice are sex offenses of a commercialized nature and attempts. Included in this category are prostitution, keeping a bawdy house, procuring or transporting women for immoral purposes, etc.

- There were 866 arrests for prostitution and commercialized vice, an increase of 7 percent compared to 2015.
- Adults accounted for 99 percent and juveniles accounted for 1 percent of the arrests.
- Males accounted for 39 percent and females 61 percent of the arrests.
- Fifty-five percent of persons arrested in 2016 were white, 31 percent were black, and 14 percent were other races.
- The Hispanic ethnic origin accounted for 20 percent of the arrests and 80 percent were non-Hispanic.

# SEX OFFENSES

## Definition:

Sex offenses, as defined under the New Jersey Uniform Crime Reporting Program, do not include rape, prostitution and commercialized vice. Included in this class are offenses against chastity, common decency, morals, and the like; attempts are also included.

- There were 1,013 arrests for sex offenses (except forcible rape and prostitution), a decrease of 2 percent compared to 2015.
- Adults accounted for 89 percent and juveniles accounted for 11 percent of the arrests.
- Males accounted for 87 percent and females 13 percent of the arrests.
- Sixty-nine percent of persons arrested in 2016 were white, 26 percent were black, and 5 percent were other races.
- The Hispanic ethnic origin accounted for 34 percent of the arrests and 66 percent were non-Hispanic.

# DRUG ABUSE VIOLATIONS

## Definition:

Under the program, drug abuse violations are defined as the unlawful sale/manufacturing/possession/use of the below listed narcotics and drugs:

- a. Opium or Cocaine and their derivatives (Morphine, Heroin, Codeine).
- b. Marijuana, Hashish, etc.
- c. Synthetic narcotics: manufactured narcotics which can cause true drug addiction (Demerol, Methadone).
- d. Other: dangerous non-narcotic drugs (Barbiturates, Amphetamines, Hallucinogens).

- There were 63,040 arrests for drug abuse violations, an increase of 19 percent compared to 2015.
- Adults accounted for 94 percent and juveniles accounted for 6 percent of the arrests.
- Thirty-one percent of persons arrested for drug abuse violations were age 21 and under.

Due to rounding, the percentage may not add to 100.

- Males accounted for 76 percent and females 24 percent of the arrests.
- Sixty-two percent of persons arrested in 2016 were white, 37 percent were black and 1 percent were other races.
- The Hispanic ethnic origin accounted for 19 percent of the arrests and 81 were non-Hispanic.
- Arrests for possession/use of drugs accounted for 82 percent of the arrests, and the remaining 18 percent were for the sale/manufacturing of drugs.
- Arrests for opium or cocaine and their derivatives represented 29 percent of the possession/use category and 59 percent of the sale/manufacturing category. Overall, they accounted for 34 percent of the total drug abuse violation arrests.

## 2016 TOTAL ARRESTS FOR ALL DRUG ABUSE VIOLATIONS

2015	2016	Percent Change
52,898	63,040	19

- Opium or Cocaine and their Derivatives (Morphine, Heroin, Codeine)
- Other Dangerous Non-Narcotic Drugs (Barbiturates, Amphetamines, Hallucinogens)
- Marijuana, Hashish
- Synthetic Narcotics-manufactured Narcotics which can cause true drug addiction (Demerol, Methadones)

Due to rounding, the percentage may not add to 100.

\* Less than one-half of one percent

# GAMBLING

## Definition:

Gambling violations are defined as the promoting, permitting or engaging in illegal gambling.

- There were 421 arrests reported for gambling, an increase of 20 percent compared to 2015.
- Adults accounted for 93 percent and juveniles accounted for 7 percent of the arrests.
- Males accounted for 36 percent and females 64 percent of the arrests.
- Sixty percent of persons arrested in 2016 were white, 38 percent were black, and 2 percent were other races.
- The Hispanic ethnic origin accounted for 15 percent of the arrests and 85 percent were non-Hispanic.

# OFFENSES AGAINST FAMILY AND CHILDREN

## Definition:

The definition of offenses against family and children is the nonsupport, neglect, desertion or abuse of family and children.

- There were 8,902 arrests for offenses against family and children, a decrease of 9 percent compared to 2015.
- Adults accounted for 99 percent and juveniles accounted for 1 percent of the arrests.
- Males accounted for 86 percent and females 14 percent of the arrests.
- Fifty-six percent of persons arrested in 2016 were white, 44 percent were black, 1 percent were other races.
- The Hispanic ethnic origin accounted for 15 percent of the arrests and 85 percent were non-Hispanic.

# DRIVING UNDER THE INFLUENCE

## Definition:

Under the New Jersey Crime Reporting Program, the offense of driving under the influence is defined as the driving or operating of any motor vehicle while drunk or under the influence of alcohol or narcotics.

- There were 23,579 arrests reported for driving under the influence, a decrease of 1 percent compared to 2015.
- Adults accounted for 99 percent and juveniles accounted for 1 percent of the arrests.
- Males accounted for 61 percent and females 39 percent of the arrests.
- Seventy-nine percent of persons arrested in 2016 were white, 18 percent were black, and 3 percent were other races.
- The Hispanic ethnic origin accounted for 25 percent of the arrests and 75 percent were non-Hispanic.

Due to rounding, the percentage may not add to 100.

# LIQUOR LAWS

## Definition:

Included in this category are state or local liquor law violations, with the exception of 'driving under the influence'.

- There were 3,436 arrests for liquor laws, a decrease of 12 percent compared to 2015.
- Adults accounted for 76 percent and juveniles accounted for 24 percent of the arrests.
- Males accounted for 67 percent and females 33 percent of the arrests.
- Eighty-nine percent of persons arrested in 2016 were white, 9 percent were black, and 2 percent were other races.
- The Hispanic ethnic origin accounted for 11 percent of the arrests and 89 percent were non-Hispanic.

# DISORDERLY CONDUCT

## Definition:

Included in this category are all charges of committing a breach of the peace (disorderly person).

- There were 13,021 arrests for disorderly conduct, an increase of less than one-half of one percent compared to 2015.
- Adults accounted for 89 percent and juveniles accounted for 11 percent of the arrests.
- Males accounted for 76 percent and females 24 percent of the arrests.
- Fifty-eight percent of persons arrested in 2016 were white, 41 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 20 percent of the arrests and 80 percent were non-Hispanic.

# VAGRANCY

## Definition:

In this category are persons charged with vagabondage, begging, loitering, etc.

- There were 274 arrests for vagrancy, a decrease of 59 percent compared to 2015.
- Adults accounted for 96 percent and juveniles accounted for 4 percent of the arrests.
- Males accounted for 88 percent and females 12 percent of the arrests.
- Fifty-five percent of persons arrested in 2016 were white, 41 percent were black, and 4 percent were other races.
- The Hispanic ethnic origin accounted for 9 percent of the arrests and 91 percent were non-Hispanic.

Due to rounding, the percentage may not add to 100.

# ALL OTHER OFFENSES

## Definition:

Included in this category are all violations of state and local laws, except those offenses that can be categorized into one of the specific crime classifications previously mentioned.

- There were 113,687 arrests for all other offenses (except traffic), a decrease of 2 percent compared to 2015.
- Adults accounted for 98 percent and juveniles accounted for 2 percent of the arrests.
- Males accounted for 74 percent and females 26 percent of the arrests.
- Fifty-six percent of persons arrested in 2016 were white, 43 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 17 percent of the arrests and 83 percent were non-Hispanic.

# CURFEW AND LOITERING LAW VIOLATIONS

## Definition:

In this category are juvenile arrests made for violations of local curfew or loitering ordinances.

- There were 1,405 arrests for curfew and loitering law violations, a decrease of 1 percent compared to 2015.
- Males accounted for 69 percent and females 31 percent of the arrests.
- Thirty-six percent of persons arrested in 2016 were white, and 63 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 26 percent of the arrests and 74 percent were non-Hispanic.

# RUNAWAYS

## Definition:

For Uniform Crime Reporting purposes, this category is limited to juveniles taken into protective custody, under provisions of local statutes, as runaways.

- There were 1,857 arrests for runaways, a decrease of 15 percent compared to 2015.
- Males accounted for 46 percent and females 54 percent of the arrests.
- Forty percent of persons arrested in 2016 were white, and 59 percent were black and 1 percent were other races.
- The Hispanic ethnic origin accounted for 33 percent of the arrests and 67 percent were non-Hispanic.

Due to rounding, the percentage may not add to 100.

### ARRESTS/CLEARANCES

- There were 16,066 persons arrested during 2016, a decrease of 1 percent compared to 2015.
- Adult arrests decreased 1 percent to 14,260 and juvenile arrests decreased 6 percent to 1,806 in 2016.
- The total clearance rate for Index offenses was 17 percent; juveniles were responsible for 11 percent of those cases cleared.

## Salem County

### VOLUME/RATE

- A total of 1,229 Crime Index Offenses were reported to the police of Salem County during 2016, a 22 percent decrease compared to 2015.
- Violent crimes decreased 3 percent while the nonviolent crime category decreased 24 percent.
- The crime rate for Salem County was recorded at 19.1 victims for every 1,000 inhabitants, a decrease of 22 percent compared to the previous year.
- Murder increased 150 percent from 2 in 2015 to 5 in 2016. Rape decreased 5 percent from 22 in 2015 to 21 in 2016.
- Robbery increased 30 percent from 46 in 2015 to 60 in 2016. Burglary decreased 32 percent from 454 in 2015 to 307 in 2016.
- Aggravated assault decreased 20 percent from 107 in 2015 to 86 in 2016.
- The total value of property stolen in Salem County amounted to \$.1.3 million, of which 11 percent was recovered.

### ARRESTS/CLEARANCES

- There were 3,490 persons arrested during 2016, a decrease of 11 percent compared to 2015.
- Adult arrests decreased 10 percent to 3,259 and juvenile arrests decreased 22 percent to 231 in 2016.
- The total clearance rate for Index offenses was 40 percent; juveniles were responsible for 7 percent of those cases cleared.

## Somerset County

### VOLUME/RATE

- A total of 3,780 Crime Index Offenses were reported to the police of Somerset County during 2016, an 3 percent decrease compared to 2015.
- Violent crimes increased 10 percent while the nonviolent crime category increased 2 percent.
- The crime rate for Somerset County was recorded at 11.3 victims for every 1,000 inhabitants, an increase of 2 percent compared to the previous year.
- Murder remained the same in 2016. Rape increased 10 percent from 29 in 2015 to 32 in 2016.
- Robbery increased 12 percent from 92 in 2015 to 103 in 2016. Burglary decreased 1 percent from 611 in 2015 to 604 in 2016.
- Aggravated assault increased 8 percent from 80 in 2015 to 86 in 2016.
- The total value of property stolen in Somerset County amounted to \$10.5 million, of which 20 percent was recovered.

### ARRESTS/CLEARANCES

- There were 6,675 persons arrested during 2016, a decrease of 9 percent compared to 2015.
- Adult arrests decreased 7 percent to 6,200 and juvenile arrests decreased 21 percent to 475 in 2016.
- The total clearance rate for Index offenses was 20 percent; juveniles were responsible for 8 percent of those cases cleared.

## Sussex County

### VOLUME/RATE

- A total of 1,258 Crime Index Offenses were reported to the police of Sussex County during 2016, a 6 percent decrease compared to 2015.
- Violent crimes decreased 10 percent while the nonviolent crime category decreased 6 percent.
- The crime rate for Sussex County was recorded at 8.8 victims for every 1,000 inhabitants, a decrease of 5 percent compared to the previous year.
- Murder remained the same in 2016. Rape decreased 29 percent from 17 in 2015 to 12 in 2016.
- Robbery decreased 22 percent from 9 in 2015 to 7 in 2016. Burglary increased 10 percent from 211 in 2015 to 233 in 2016.
- Aggravated assault decreased 3 percent from 64 in 2015 to 62 in 2016.
- The total value of property stolen in Sussex County amounted to \$15 million, of which 15 percent was recovered.

### ARRESTS/CLEARANCES

- There were 3,178 persons arrested during 2016, a decrease of 6 percent compared to 2015.
- Adult arrests decreased 6 percent to 2,945 and juvenile arrests increased 3 percent to 233 in 2016.
- The total clearance rate for Index offenses was 24 percent; juveniles were responsible for 5 percent of those cases cleared.

## Union County

### VOLUME/RATE

- A total of 11,967 Crime Index Offenses were reported to the police of Union County during 2016, an increase of less than one-half of one percent decrease compared to 2015.
- Violent crimes decreased 8 percent while the nonviolent crime category increased 2 percent.
- The crime rate for Union County was recorded at 21.5 victims for every 1,000 inhabitants, a decrease of less than one-half of one percent compared to the previous year.
- Murder increased 21 percent from 19 in 2015 to 23 in 2016. Rape increased 1 percent from 95 to 96 in 2016.
- Robbery decreased 13 percent from 981 in 2015 to 855 in 2016. Burglary increased less than one-half of one percent from 1,719 in 2015 to 1,725 in 2016.
- Aggravated assault decreased 4 percent from 944 in 2015 to 903 in 2016.
- The total value of property stolen in Union County amounted to \$30.1 million, of which 41 percent was recovered.

### ARRESTS/CLEARANCES

- There were 16,152 persons arrested during 2016, a decrease of less than one-half of one percent compared to 2015.
- Adult arrests increased 2 percent to 15,392 and juvenile arrests decreased 32 percent to 760 in 2016.
- The total clearance rate for Index offenses was 15 percent; juveniles were responsible for 8 percent of those cases cleared.

## Warren County

### VOLUME/RATE

- A total of 1,280 Crime Index Offenses were reported to the police of Warren County during 2016 an 11 percent decrease compared to 2015.
- Violent crimes increased 6 percent while the nonviolent crime category decreased 11 percent.
- The crime rate for Warren County was recorded at 12.0 victims for every 1,000 inhabitants, a decrease of 8 percent compared to the previous year.
- Murder increased 100 percent from 0 in 2015 to 1 in 2016. Rape decreased 30 percent from 10 in 2015 to 7 in 2016.
- Robbery increased 29 percent from 17 in 2015 to 29 in 2016. Burglary decreased 5 percent from 248 in 2015 to 236 in 2016.
- Aggravated assault increased 2 percent from 42 in 2015 to 43 in 2016.
- The total value of property stolen in Warren County amounted to \$17 million, of which 24 percent was recovered.

### ARRESTS/CLEARANCES

- There were 3,028 persons arrested during 2016, a decrease of 13 percent compared to 2015.
- Adult arrests decreased 13 percent to 2,891 and juvenile arrests decreased 21 percent to 137 in 2016.
- The total clearance rate for Index offenses was 24 percent; juveniles were responsible for 6 percent of those cases cleared.

- **Population Groups**
- **Urban-Suburban-Rural Municipalities**
- **Colleges and Universities**

# CRIME INDEX FOR POPULATION GROUPS – 2016

The presentation of crime statistics by population groups was made for the purpose of projecting, for consideration, the relative crime experience of communities of varying populations. Although the individual municipalities within the various groups may be geographically separated, their inclusion into a specific group was predicated by the similarity in population with the other municipalities within the group. Municipalities within the same group may differ widely when all factors are considered, but they do share the common bond of population size. The grouping of communities in this manner allows recognition of variances in the crime volumes, rates and clearances between the established groups.

Set forth below are the established municipal groupings as used in this section:

POPULATION GROUPS	TOTAL CRIME INDEX	Murder	Rape	Robbery	Aggra- vated Assault	Burglary	Larceny- Theft	Motor Vehicle Theft
<b>GROUP I</b>								
<b>6 Municipalities over 100,000</b>	28,537	149	297	3,125	2,943	4,202	13,391	4,430
<b>Population — 1,027,801</b>

## CRIME IN THE CITIES

# CRIME IN THE CITIES

This section deals with serious crimes reported in the large urban cities of the state. These cities represent 19 percent of the population and historically account for one third of the reported Crime Index of the state.

This analysis involves the latest ten-year period 2007-2016 and endeavors further to identify crime trends in these urban areas.

The cities included in this analysis were initially categorized as urban municipalities (*i.e.*, densely populated with extensive development) by the New Jersey Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes.

The criteria used in the selection of these cities were (1) classified as urban character and (2) have a population of 50,000 or more inhabitants. For further comparative analysis, the urban cities were subdivided into two distinct groupings.

Group number one consisted of the state's six largest urban centers with populations of 80,000 or over and is categorized as "Major Urban".

The second group included the "Major Urban" and the additional urban communities with populations of 50,000 or more inhabitants, and is referred to as the "Urban 15".

## "MAJOR URBAN"

- Camden City
- Elizabeth City
- Jersey City
- Newark City
- Paterson City
- Trenton City

## "URBAN 15"

- Bayonne City
- Camden City
- Clifton City
- Toms River Twp.
- East Orange City
- Elizabeth City
- Irvington Town
- Jersey City
- Newark City
- Passaic City
- Paterson City
- Trenton City
- Union City
- Vineland City
- Woodbridge Twp.

The accompanying table reflects percent changes in the state's "Major Urban" and "Urban 15" municipalities Crime Index for the years 2007/2016.

### Percent Change

- During the ten-year period 2007/2016, the Crime Index in New Jersey has decreased 28 percent, while the the six "Major Urban" cities decreased 27 percent and the "Urban 15" cities decreased 30 percent.
- Violent crime in the state decreased 23 percent, the six "Major Urban" cities experienced a decrease of 13 percent, while the "Urban 15" cities decreased 20 percent.
- Nonviolent crime in the state decreased 28 percent, the six "Major Urban" decreased 32 percent, and the "Urban 15" cities decreased 32 percent.

# CRIME IN THE CITIES TEN YEAR SUMMARY

## COMPARATIVE CRIME INDEX DISTRIBUTION FOR STATE AND URBAN CITIES 2007-2016

	NEW JERSEY	MAJOR URBAN	URBAN 15
<b>CRIME INDEX TOTAL</b>	1,990,654	410,552	597,452
Percent Distribution		20.6	30.0
<b>Violent Crime</b>	257,274	103,536	133,409
Percent Distribution		40.2	51.9
<b>Nonviolent Crime</b>	1,733,380	307,036	464,043
Percent Distribution		17.7	26.8
<b>Murder</b>	3,718	2,149	2,483
Percent Distribution		57.8	66.8
<b>Rape</b>	10,812	2,872	3,817
Percent Distribution		26.6	35.3
<b>Robbery</b>	113,606	51,822	65,317
Percent Distribution		45.6	57.5
<b>Aggravated Assault</b>	129,138	46,673	61,792
Percent Distribution		36.1	47.8
<b>Burglary</b>	359,303	74,228	107,514
Percent Distribution		20.7	29.9
<b>Larceny-Theft</b>	1,218,606	162,135	268,591
Percent Distribution		13.3	22.0
<b>Motor Vehicle Theft</b>	155,471	70,673	87,848
Percent Distribution		45.5	56.5

**Distribution:**

- Six major urban cities - Camden, Newark, Jersey City, Trenton, Paterson and Elizabeth collectively represent 11 percent of New Jersey's total population. These same urban centers, during the period 2007 through 2016 accounted for 21 percent of the state's total crime.
- "Major Urban" cities from 2007 through 2016 accounted for 40 percent of all violent crime and 18 percent of the nonviolent crimes in the entire state.
- The "Urban 15" municipalities represent 18 percent of the state's total population.
- "Urban 15" municipalities accounted for 30 percent of New Jersey's total Crime Index. Violent crime was 52 percent of the state total, while nonviolent crime was 27 percent of the state total during this ten-year period.
- Sixty-seven percent of all reported murders occurred in the "Urban 15" cities during this ten-year period.

# STREET CRIME

There has never been a clear-cut definition for street crime within the criminal justice system. The nation's clearinghouse for the collection and dissemination of criminal statistics, the Federal Bureau of Investigation, has no criteria in the categorization of specific crimes to be designated or defined as "street crimes." More and more, this media term has been confused with the violent crime group of murder, rape, robbery, and aggravated assault.

Although any particular crime can and does occur on the street, this analysis, because of reporting constraints within the Uniform Crime Reporting System, is limited to defining street crimes as those offenses which occur, or are most likely to occur, on streets, highways, parking lots, etc.. These crimes include highway robbery, purse-snatching, theft from autos, theft of auto parts and accessories, theft of bicycles, and motor vehicle thefts. All are crimes against property and only one, highway robbery, falls in the violent crime group.

- During the ten-year period 2007-2016, the "Urban 15" cities accounted for 39.5 percent of the street crimes in the state.
- Sixty-nine percent of all highway robberies in the state occurred in the "Urban 15" cities during the ten-year period.
- Fifty-seven percent of all motor vehicle thefts during the survey span occurred in these 15 urban municipalities.
- Twenty-seven percent of all purse-snatchings during the survey span were perpetrated in the "Urban 15" cities.
- In 2016, motor vehicle theft and theft of motor vehicle parts and accessories were at their lowest levels in this ten-year period.
- The accompanying table reflects percent distribution of street crime for the "Urban 15" cities for the years 2007-2016.

## **NEW JERSEY MUNICIPAL-COUNTY OFFENSE & DEMOGRAPHIC DATA**

- All crime rates are based on permanent, year-round populations. Comparisons of crime rates between individual municipalities should not be made without giving major consideration to the volume of seasonal population, transients, tourists, and labor forces.
- All offenses are recorded in the municipality of occurrence, regardless of the outside investigative agency, i.e., Federal, State, County, College Campus Police.
- + Crime rates were not computed for municipalities with population less than 100.

MUNICIPALITY		CRIME INDEX TOTAL	VIOLENT CRIME	NON-VIOLENT CRIME	Crime Rate per 1,000	Violent Crime Rate per 1,000	Nonviolent Crime Rate per 1,000	VIOLENT CRIME

## RESORT MUNICIPALITIES

As required by P.L. 1998, c. 50, annual mean population estimates for resort municipalities in New Jersey have been used in the preparation of per capita crime statistics.

These estimates were prepared based upon the methodology prescribed in P.L. 1998, c. 50 using the latest available municipality estimates of year-round population from the U.S. Bureau of the Census. Please note that these resort population estimates should only be used for crime statistics purposes. While they fulfill the requirements of the law, the seasonal components of these estimates are not a complete measure of seasonal population because they include only those living in rental housing units or in vacant year-round housing. Not counted are the many day visitors and persons who occupy campgrounds, hotels, motels or bed and breakfast establishments or who stay with friends or relatives.

+ Crime rates were not computed for municipalities with populations under 100.

# POLICE EMPLOYEE DATA

The Uniform Crime Reporting Program of New Jersey incorporates the collection of pertinent data relating to the police of the state. Information regarding police employees strength and trends are discussed in this section.

Individual listings of full-time state, county, university and college police departments are shown in tables within this section. Listings of municipal police departments will be found in Section VII.

The determination of police strength for any given area or municipality should be subject for serious consideration. Such consideration, however, should be based on the numerous factors which create the need for police services. For example, the increased need for police services in a municipality which has highly mobile or seasonal population differs from a municipality which has a relatively stable population. Some other factors, discussed elsewhere in this publication, relate to size, density of population, geographic location, character, and proximity to metropolitan areas. The tables and charts shown in this section should not be interpreted as recommended strength for any given municipality.

## TOTAL POLICE EMPLOYEES

- Total police employees are defined as the total number of full-time police officers and civilian police employees (clerks, dispatchers, mechanics, etc.) employed by all law enforcement agencies in the state.
- During 2016 there were 46,767 full-time police employees in New Jersey. This represents an increase of 2 percent compared to 2015.
- The number of full-time police officers increased 1 percent from 36,290 in 2015 to 36,821 in 2016.
- The number of full-time civilian employees increased 2 percent, from 9,781 in 2015 to 9,946 in 2016.
- Seventy-nine percent were sworn officers and the remaining 21 percent were civilian employees.

## MUNICIPAL POLICE EMPLOYEES

This category consists of the number of police employees, including civilian personnel, employed full-time by the municipalities of the state.

- During 2016 there were 24,300 municipal police employees, an increase of 2 percent compared to the 23,738 in 2015.
- For every 1,000 inhabitants of the state there were 2.7 municipal police employees.
- Hudson County reported the largest increase in municipal police employees, an increase of 18 percent (394 employees).
- Cape May recorded the highest police employee rate; 4.3 per 1,000 population; (this rate is computed on the static population and does not take into account the large influx of seasonal and recreational population).
- Hunterdon County recorded the lowest police employee rate; 1.4 per 1,000 population.

# MUNICIPAL CIVILIAN POLICE EMPLOYEES

The personnel of each department differ as to the demands and responsibilities placed before them. Many police officers are fully occupied with clerical tasks and are not free to perform active police duties. Employing civilians in police departments to perform clerical duties is in line with the thinking of many police administrators who recommended the use of civilians in this capacity, thus freeing the sworn personnel for actual police services.

- There were 4,307 municipal civilian police employees in 2016, an increase of 9 percent when compared to the 3,967 in 2015.
- Eighteen percent of all municipal police employees were civilians.

## MUNICIPAL POLICE OFFICERS

This includes the number of sworn police officers employed full-time by the municipalities of the state. The police employee rate per 1,000 population presented here should not be construed as recommended ratios. The determination of police strength for any municipality should be based on the numerous factors that create the need for police services. These factors such as crime, vary in type and degree from place to place. Some examples are: seasonal population, geographic location, density and composition of the population.

- There were 19,993 full-time municipal police officers in 2016; this represents an increase of 1 percent compared to the 19,771 full-time municipal police officers in 2015.
- The number of full-time police officers was calculated at 2.2 per 1,000 population; remained the same compared to 2015.
- Sworn officers represented 82 percent of all municipal police employees.
- The largest numerical decrease occurred in Mercer County, a decrease of (32) municipal police officers, or 4 percent.
- Cape May County, with 3.4 police officers per 1,000 inhabitants, recorded the highest rate of full-time municipal police officers.
- Hunterdon and Sussex Counties recorded the lowest rate of full-time municipal officers with 1.3 police officers per 1,000 population.

## OTHER POLICE (State Agencies)

In addition to the State Police, there are nine other state agencies reporting to the system. These agencies consist of: New Jersey Forest Fire Service, Department of Corrections, Department of Human Services, Division of Criminal Justice, Division of Fish and Wildlife, Palisades Interstate Parkway, Port Authority NY/NJ, New Jersey Transit Police, and New Jersey State Park Police. No rates were computed due to the variations in the types of police services rendered, and their statewide jurisdictions.

- Together, these agencies reported a total of 8,755 full-time employees; a decrease of less than one-half of one percent compared to the 8,775 police employees in 2015.
- There were 8,169 sworn police officers in 2016, an increase of 1 percent compared to the 8,057 in 2015.
- Ninety-three percent were sworn personnel, while the remaining 7 percent were civilians.

# COUNTY POLICE, SHERIFFS AND PROSECUTORS

The functions of county law enforcement vary widely throughout the state. The operation of one sheriff's department may be limited exclusively to civil areas and the administration of the county jail, or they may be actively involved in investigating criminal matters throughout the county.

County police departments are varied in their activities in that some are responsible for enforcement throughout the county, while others may have as their primary mission the policing of county parklands. The responsibilities of the county prosecutor's office includes criminal investigations, trial preparation, court presentation and special probes. Because of the difference in the types of police services rendered, rates for county law enforcement agencies are not presented here.

- County law enforcement agencies reported a total of 8,851 full-time police employees in 2016; an increase of 3 percent compared to 8,557 in 2015.
- There were 5,565 full-time sworn police officers employed by county agencies in 2016. This represents an increase of 4 percent compared to 5,363 in 2015.
- County police agencies reported 3,286 civilian police employees in 2016; an increase of 3 percent compared to 3,194 civilian employees in 2015.
- Sworn personnel accounted for 63 percent while the remaining 37 percent were civilians.

## STATE POLICE

The New Jersey State Police is empowered to provide all phases of law enforcement throughout the state. It also renders, upon request, police services to all the law enforcement agencies in the state. No rates are used due to the variations in the nature and extent of the police services performed by the State Police.

- The New Jersey State Police reported 3,848 full-time police employees; an increase of one percent compared to 3,828 in 2015.
- State Police employed 2,653 officers in 2016, an increase of 2 percent compared to 2,606 in 2015.
- The State Police reported 1,195 civilian employees in 2016; a decrease of 2 percent compared to 1,222 in 2015.
- Sworn personnel accounted for 69 percent and civilians represented 31 percent of the total State Police employees.

## **LAW ENFORCEMENT OFFICERS KILLED & ASSAULTED SUMMARY**

# POLICE OFFICERS KILLED AND ASSAULTED

The killing or assault of a police officer has a harmful effect on society that reaches far beyond the overt act. Such occurrences constitute an immediate threat to the well-being of the community and serious breach of the internal security of the country. Today, a young person who considers a career in law enforcement must also consider the very strong possibility of being killed or assaulted by a member of the very same society they are sworn to protect. This deplorable situation should be a subject of serious concern, for in truth, an attack on a police officer is an attack on society. The violence directed against law enforcement officers acting in the line of duty is clearly demonstrated by the following information.

## POLICE FELONIOUSLY KILLED

### VOLUME/TREND

- In 2016, there were no police officers feloniously killed while in the performance of their duties.

<b>Year</b>	<b>Police Officers Killed</b>
2007	2
2008	0
2009	1
2010	0
2011	1
2012	0
2013	0
2014	1
2015	0
2016	0

# ASSAULTS ON POLICE OFFICERS

Police assault statistics are important to the police administrator who attempts to identify the causative factors of this type of criminal activity. Many factors contribute to police assaults, and circumstances vary from place to place. Identifying specific reasons for these assaults is therefore extremely difficult. The following information illustrates the frequency of these events, and any attempt at analysis of these assaults should include consideration of the unique variables present in each jurisdiction. Due to the broad range of services performed by many state and county police agencies, no assault rates are computed for total police officers.

## VOLUME/RATE/TREND

- There were 1,873 police officers assaulted in 2016, an increase of 8 percent when compared to 2015.

## ADDITIONAL ANALYSIS

- Thirty-two percent (593) of the officers assaulted sustained injury.
- Physical Force, such as hands, fists and feet, was used in 88 percent (1,655) of all police assaults.
- Thirty-six percent of police assaults occurred when officers responded to disturbance calls.
- Fourteen percent of the assaults on police officers occurred during the 2-hour period of 8:00 p.m. to 10:00 p.m.

## CLEARANCES

- The police of New Jersey were successful in clearing in 90 percent of the assaults directed at them.

# ASSAULTS ON MUNICIPAL POLICE OFFICERS

## VOLUME/RATE/TREND

- A total of 1,526 municipal police officers were assaulted during 2016, a decrease of 1 percent when compared to 2015.
- The assault rate for every 100 municipal officers was 7.6, a 3 percent decrease compared to 2015.

## ADDITIONAL ANALYSIS

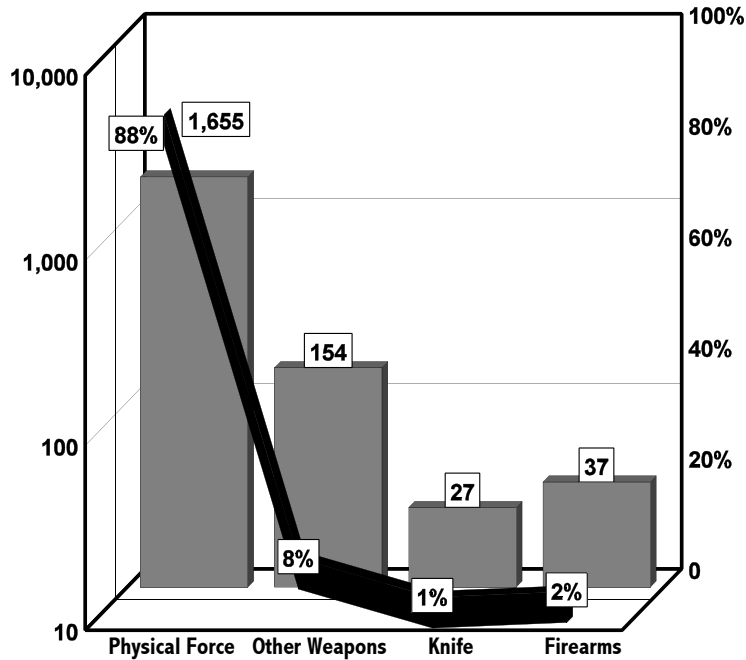

- Twenty-five percent of the municipal officers assaulted sustained injury.
- Physical Force, such as hands, fists and feet, was used in 88 percent (1,336) of all police assaults.
- Forty-two percent of the municipal police assaults occurred when officers responded to disturbance calls.
- Attempting other arrests accounted for 12 percent of the municipal police assaults.

# OTHER POLICE OFFICERS ASSAULTED

The following law enforcement agencies are handled separately and are not included when computing municipal assault rates; the services performed by these agencies vary greatly from the functions of municipal police agencies.

- County law enforcement agencies reported 21 police officers assaulted with 14 sustaining injury.
- The New Jersey State Police reported 124 police officers assaulted with 37 sustaining injury.
- Other state agencies with police powers reported 188 police officers assaulted with 160 sustaining injury.
- University and college police agencies reported 14 police officers assaulted with 8 sustaining injury.

# WEAPONS USED IN ASSAULTS ON POLICE OFFICERS

Due to rounding, the percentage may not add to 100.

# NUMBER OF ASSAULTS ON POLICE OFFICERS BY HOUR OF DAY

# GLOSSARY OF TERMS

<b>ADULT</b>	For Uniform Crime Reporting purposes, a person aged 18 or over.
<b>AMERICAN INDIAN or ALASKAN NATIVE</b>	A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.
<b>ARREST RATE</b>	The number of arrests for Part I and Part II offenses for each unit of population, generally per 1,000.
<b>ASIAN or PACIFIC ISLANDER</b>	A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This area includes, for example: China, India, Japan, Korea, the Philippine Islands, and Samoa.
<b>BLACK</b>	A person having origins in any of the black racial groups of Africa, characterized by dark skin pigmentation.
<b>CLEARANCE</b>	For Uniform Crime Reporting purposes, the solution to a particular crime, usually by the arrest of the offender.
<b>CLEARED BY ARREST</b>	For Uniform Crime Reporting purposes, an offense is cleared when the offender has been identified, sufficient evidence has been obtained to formally charge and the offender has been ordered to appear in court.
<b>CRIME INDEX</b>	The total of the seven major offenses used to measure the extent, fluctuation and distribution of crime in a geographical area. The following crimes make up the index: Murder, rape, robbery, aggravated assault, burglary, larceny-theft, and motor vehicle theft; these offenses are referred to as Index offenses.
<b>CRIME RATE</b>	The number of Index offenses reported for each unit of population per 1,000.
<b>CRIMES AGAINST PERSONS</b>	Consists of the following Index offenses: Murder, rape, and aggravated assault.
<b>CRIMES AGAINST PROPERTY</b>	Consists of the following Index offenses: Robbery, burglary, larceny-theft, and motor vehicle theft.
<b>DAY</b>	For Uniform Crime Reporting purposes, the hours from 6:00 a.m. to 6:00 p.m.
<b>ETHNIC ORIGIN</b>	Having or originating from linguistic or cultural ties with a specific group.
<b>EXCEPTIONAL CLEARANCE</b>	For Uniform Crime Reporting purposes, an offense is cleared exceptionally when an offender has been identified or located and sufficient evidence to charge has been obtained, but there is some reason beyond police control that prohibits the offender from being brought before the court.
<b>HIERARCHY RULE</b>	For Uniform Crime Reporting purposes, each crime or attempted crime is counted in only one offense category. If several offenses are committed, simply glance down the list of Part I offenses and stop at the first offense recognized from the facts given; this offense is the correct classification for this criminal activity.
<b>HISPANIC</b>	A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.
<b>JUVENILE</b>	For Uniform Crime Reporting purposes, a person under the age of 18.
<b>JUVENILE CLEARANCE</b>	Those crimes where the offenders are identified as juveniles.
<b>NIGHT</b>	For Uniform Crime Reporting purposes, the hours from 6:00 p.m. to 6:00 a.m.
<b>NONVIOLENT CRIME</b>	Consists of the following Index offenses: Burglary, larceny-theft, and motor vehicle theft.

<b>POPULATION</b>	Is the year-round population of the municipality shown in the most recent State population estimates published by the Department of Labor, except that in the year of promulgation of a Federal decennial census, the census figures shall be used.
<b>RESORT MUNICIPALITY</b>	Is a municipality which, because of its recreational, entertainment or amusement characteristics or facilities or its close proximity to such characteristics or facilities, experiences a total increase during the seasonal period in the number of persons temporarily resident therein of 25 percent or more of its population.
<b>SEASONAL POPULATION</b>	Is the average of the estimated number of persons temporarily resident in the municipality during the three consecutive months when the temporary population is greatest.
<b>TEMPORARY RESIDENT</b>	Means the occupying for any period of time during the seasonal period by any person not counted as a resident of the municipality for population purposes of an accommodation in a rented residential unit or vacation home.
<b>UNFOUNDED</b>	Classification of reported crimes that are found to be false or baseless.
<b>VIOLENT CRIME</b>	Consists of the following Index offenses: Murder, rape, robbery, and aggravated assault.
<b>WHITE</b>	A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

# CALCULATIONS OF RATES AND TRENDS

- 1. Crime Rate per 1,000 inhabitants:** This represents the number of Index offenses per 1,000 inhabitants. For example: What is the crime rate for a municipality with 513 Index offenses (murder, rape, robbery, aggravated assault, burglary, larceny-theft and motor vehicle theft), with a population of 8,280?

$$513 \text{ (Index offenses)} \div 8,280 \text{ (population)} = .061957 \times 1,000 = 62.0 \text{ (crime per 1,000 inhabitants)}$$

- 2. Crime Trend:** A crime trend shows the extent to which crime increased or decreased. This is done by comparing a period of the current year with the same period of a previous year. For example: A municipality experienced 264 Index offenses in a previous year and 513 Index offenses in the current year. What is the percent of the increase?

$$513 \text{ (current year Index offenses)} - 264 \text{ (previous year Index offenses)} = 249 \text{ (numerical increase)}$$
$$249 \text{ (numerical increase)} \div 264 \text{ (previous year)} = .943 \times 100 = +94\% \text{ (percent change)}$$

NOTE: If there were more Index offenses in a previous year than in the current year, we would have a percentage decrease.

- 3. Number of Police personnel per 1,000 inhabitants:** This is calculated in the same manner as a crime rate. For example: A municipality with a population of 8,280 and 28 police personnel. How many officers are there per 1,000 population?

$$28 \text{ (police personnel)} \div 8,280 \text{ (population)} = .00338 \times 1,000 = 3.4 \text{ (police personnel per 1,000 inhabitants)}$$

NOTE: This formula can be applied to either total police personnel or just police officers per 1,000 inhabitants.

- 4. Police Assaulted Rate:** This is calculated at a rate per 100 police officers. For example: A municipality with 25 officers had five of them assaulted during the month. What is the police assaulted rate?

$$5 \text{ (police officers assaulted)} \div 25 \text{ (police officers)} = .2 \times 100 = 20 \text{ (police assaulted per 100 officers)}$$

- 5. Clearance Rate:** This refers to the percent of Index offenses cleared (solved), over a specific period of time. For example: A municipality with 513 Index offenses in a chosen time frame, cleared 95 of these offenses. What is the clearance rate?

$$95 \text{ (Index offenses cleared)} \div 513 \text{ (Index offenses)} = .185 \times 100 = 18.5 \text{ (percent cleared)}$$

- 6. Annual Mean Population:** Is determined for each municipality designated a resort municipality by use of the following formula:

$$AMP = \frac{12P + 3SP}{12}$$

Where **AMP** equals Annual Mean Population; **P** equals Population; **SP** equals Seasonal Population.

- 7. Density per Square Mile:** The population density is calculated as population divided by total land area (1,000 people in a square mile).

$$\text{Density Per Square Mile} = \text{Estimated Population} / \text{Area in Square Miles}$$
