Content Note

This series consists of photographs of viaducts, archways, and other features included in the Hopatcong-Slateford Cut-Off of the Delaware, Lackawanna and Western Railroad. The set was distributed as a bound souvenir of the engineers' inspection of 1911. However, due to the poor condition of the binding on this copy, the photographs have been sleeved with their respective caption sheets and numbered, as shown below. NOTE: The caption sheets usually include additional details not repeated here.

Contents

1. Souvenir front cover.
2. Comparative summary of physical characteristics, old line versus new line.
3. Map of the Delaware, Lackawanna & Western Railroad, Hopatcong to Slateford.
4. Delaware River Viaduct.
5. Paulins Kill Viaduct.
6. Arch over Morris County Turnpike at Hopatcong, NJ.
7. Overhead highway arch and west portal of Roseville Tunnel.
8. Combination highway arch and culvert over Morris and Essex Turnpike, Andover, NJ.
9. Greensville Overhead Highway Arch.
10. Highway arch over rock cut near Columbia, NJ.
11. Suspended cableway used in construction of high embankments.
12. Concrete signal tower, Hopatcong Junction.

Created November 2004
