

**The following Constitutional Amendment will appear on the
November 3, 2020 General Election Ballot**

YES	<p style="text-align: center;">CONSTITUTIONAL AMENDMENT TO CHANGE THE LEGISLATIVE REDISTRICTING SCHEDULE IF CENSUS DATA IS DELAYED</p> <p>Do you approve amending the Constitution to change when new legislative districts are created if the federal census data is delayed?</p> <p>The current COVID-19 pandemic has delayed census data collection. If New Jersey does not receive the census data in a timely manner, new legislative districts may not be ready in time for State legislative elections in the year ending in one.</p> <p>This change to the redistricting schedule will allow legislators to be elected that year from their existing districts for their two-year term in office. The new districts will be used starting with the next scheduled general election for the State legislature.</p>
NO	<p style="text-align: center;">INTERPRETIVE STATEMENT</p> <p>This constitutional amendment changes when new legislative districts are created if the federal census data is delayed.</p> <p>The United States Constitution requires that a census be taken every ten years to count the people living in the country. Census data is then used to create new legislative districts to ensure residents have equal representation from elected officials. However, the current COVID-19 pandemic has delayed census data collection. This may delay census data to the states and may affect the creation of new legislative districts.</p> <p>The State Constitution requires an Apportionment Commission to create new legislative districts every ten years after the federal census is completed. If the census data is delayed, the new legislative districts may not be created in a timely manner to hold elections.</p> <p>This constitutional amendment requires the commission to delay creating the new districts if the Governor receives the federal census data after February 15 of the year ending in one. The commission will adopt the new districts after the November general election, but not later than March 1 of the year ending in two.</p> <p>The new districts will be used starting with legislative elections in the year ending in three. They will continue to be used until new districts are again created by the Apportionment Commission after the next federal census.</p> <p>For the June primary and November general elections in the year ending in one, Senators and Assembly members will use their existing districts to run for a term of two years. The old districts will also be in effect in the year ending in two if any legislative election is held in that year.</p> <p>This amendment requires the commission to begin conducting its business when the Governor receives the census data. It also requires the eleventh member of the commission to be appointed by the Chief Justice of the New Jersey Supreme Court within one month after the Governor receives the census data.</p> <p>Nothing in this amendment will alter the appointment of the members of the commission made by the State political party chairs pursuant to Article IV, Section III, paragraph 1 of the State Constitution on or before November 15, and certified by the Secretary of State on or before December 1, of the year in which the census is taken.</p>
