Re: 2009-2018 Statewide Transportation Improvement Program

Dear Mr. Immordino:

The Federal Transit Administration, Region 2 has reviewed your request dated April 20, 2009 to add the below transit projects to the Federal Fiscal Year (FFY) 2009-2018 Statewide Transportation Improvement Program (STIP). The additional funding is part of the American Recovery and Reinvestment Act of 2009. Based on the explanation of financial constraint, conformity finding, public involvement, and Metropolitan Planning Organization approval the projects referenced below have been approved to add to the FFY 2009-2018 STIP.

DBNUM	PROJECT	AMOUNT
FSD09534	Replace Power Poles	\$10.100M
	TOTAL	\$10.100M

If you have any questions, please contact us at (212) 668-2170.

Sincerely,

Nancy Danzig
Director of Planning and
Program Management
