This project will provide for the installation of sections of noise walls in areas of existing wood post and panel noise walls. The noise walls will be of a concrete material with vertical details or lines to coexist and retain continuity with the existing wood panels in the area.

This is a multi-year funded project under the provisions of Section 13 of P.L. 1995, c.108.

Corridor Improvements (PE), Commodore Barry Bridge to Route 55

Commodore Barry Bridge to east of Route 55, as well as local roadways, corridor study
Gloucester County and the Delaware Valley Regional Planning Commission (DVRPC) have been working with the municipalities in the corridor between the Commodore Barry Bridge and the vicinity of Route 55 to identify travel problems and suggest potential solutions. This study will define specific improvements and initiate preliminary engineering for selected locations within the corridor identified through earlier coordination and evaluation efforts.
