Great Swamp
Ride

General Tips

Plan ahead.
Read the route directions before beginning the ride.

Obey safety laws.
Obey all rules of the road! Keep to the right; ride with traffic, not against it. Obey all traffic signs and signals. In New Jersey, a bicyclist has the same rights and responsibilities as a motor vehicle driver.

Use signals.
Show your intention clearly when turning and changing lanes.

Share the road/trail.
Be aware of and respect the rights and safety of other road and trail users, especially children, pedestrians, and joggers.

Be aware of road conditions.
Users should take the trail as they find it. NJDOT does not guarantee that the trail is completely free from conditions that may be a hazard to bicycle traffic. In preparing this route, every attempt has been made to select roads that can provide a quality bicycle touring experience. However, some route segments may have adverse conditions. Road conditions continually change: pavements deteriorate, roads are resurfaced, more development leads to increased traffic. Conditions listed in this route were effective at this printing. Your comments will be useful in updating or revising the route. E-mail comments to Bicycle.Advocate@dot.state.nj.us.

Be aware of traffic patterns.
Plan trips to avoid peak traffic hours. This route generally utilizes low traffic volume roads. However, be careful if you bicycle during peak commuter traffic.

The Great Swamp Tour consists of two loops passing through and around the Great Swamp National Wildlife Refuge. A remnant of a glacial lake, the Great Swamp provides a habitat for a variety of aquatic and terrestrial wildlife. The loops offer a unique opportunity to explore the diverse ecosystem of the Great Swamp.

For Loop #1, limited parking is available at the Morris County Outdoor Education Center or on local streets near Hauppauge of Calabria.

For Loop #2, limited parking may be available at the Lord Stirling Environmental Education Center or on local streets near Hauppauge of Calabria.

The Really ambitious cyclists can begin at the intersection of Loop #1 and Loop #2 at the parking area.

The Really ambitious cyclists can begin at the intersection of Loop #1 and Loop #2 at the parking area.
The Great Swamp Tour consists of two loops passing through and around the Great Swamp National Wildlife Refuge. A remnant of a glacial lake in southern Morris and northern Somerset counties, the Great Swamp forms the source of the Passaic River.

Great Swamp Ride

The Great Swamp is one of the truly unspoiled natural jewels of the state. Just 25 miles west of New York City it can be serenaded by frogs and accompanied by turtles as you enjoy the many resident bird species, including the majestic blue heron.

For Loop #1, limited parking is available at the Morris County Outdoor Education Center or on local streets near Madison or Chatham.

For Loop #2, limited parking may be available at the Somerset County Environmental Education Center, Lord Stirling Equestrian Center or on local streets in Basking Ridge and Far Hills.

General Tips

Plan ahead. Read the route directions before beginning the ride.

Obey safety laws. Obey all rules of the road: keep to the right, ride with traffic, stop at traffic lights, obey all traffic signs and signals. In New Jersey a bicyclist has the same rights and responsibilities as a motor vehicle driver.

Use signals. Show your intention clearly when turning and changing lanes.

Share the road/trail. Be aware of and respect the rights and safety of other road and trail users, especially children, pedestrians, and joggers.

Be aware of road conditions. Users should take the trail as it is found. NDOT does not guarantee that the trail is completely free from conditions that may create a hazard to bicyclists. In preparing this route, every attempt has been made to select roads that can provide a suitable bicycle touring experience. However, some roads may have characteristics that may make it difficult for bicyclists to use the trail. Please, ride at your own risk.

Be aware of wildlife. The wildlife area is surrounded by residential development. Bicyclists must be prepared to share the road with motor traffic.

Parking can be a challenge for this tour. There are a few spaces at the wildlife management area and wilderness observation trails. For Loop #1 limited parking is available at the Morris County Outdoor Education Center or on local streets near Madison or Chatham. For Loop #2, limited parking may be available at the Somerset County Environmental Education Center, Lord Stirling Equestrian Center or on local streets in Basking Ridge and Far Hills.
