General Tips

Plan ahead.
Read the route directions before beginning the ride.

Obey safety laws.
Obey all rules of the road! Keep to the right; ride with traffic, not against it. Obey all traffic signs and signals.

In New Jersey, a bicyclist has the same rights and responsibilities as a motor vehicle driver.

Use signals.
Show your intention clearly when turning and changing lanes.

Share the road/trail.
Be aware of and respect the rights and safety of other road and trail users, especially children, pedestrians, and joggers.

Be aware of road conditions.
Users should take the trail as they find it. NJDOT does not guarantee that the trail is completely free from conditions that may be a hazard to bicycle traffic. In preparing this route, every attempt has been made to select roads that can provide a quality bicycle touring experience. However, some route segments may have adverse conditions.

Road conditions continually change: pavements deteriorate, roads are resurfaced, more development leads to increased traffic. Conditions listed in this route were effective at this printing.

Your comments will be useful in updating or revising the route. E-mail comments to Bicycle.Advocate@dot.state.nj.us.

Be aware of traffic patterns.
Plan trips to avoid peak traffic hours. This route generally utilizes low traffic volume roads. However, be careful if you bicycle during peak commuter traffic.

Round Valley Roundabout

Round Valley Roundabout is a deep blue hamlet nestled in the

Mountainside.

Round Valley Recreation Area offers a variety of

mountain bike trails, a nature center, a general store, a post office, a church and a general store that sets

a Mormon foundation tone. It has three public buildings.

Station is aivy green spot on the map that looks

setting for touristy things. Swimming and picnicking

Round Valley Recreation Area offers a variety of

Round Valley Roundabout

If you’re tackling the moderately hilly 28.6-mile circuit tour of the Round Valley Roundabout during a hot summer day, it can be reassuring to know that the clear blue water of the Round Valley Reservoir is almost always in view. The Roundabout circumnavigates the Round Valley Reservoir and some of its outlying areas.

Along the way you’ll traverse meandering country roads and pass through several rustic hamlets and villages.

Look above you on any fair weather weekend, spring through fall, and you and your companions are likely to be outnumbered by colorful hot-air balloons hovering silently overhead.

The many rural back roads in the area offer wonderful opportunities for side trips for extended touring. Check out some of these interesting stopovers along the way to grab a bite to eat or rest.

Oldwick is a 1740 vintage town with many preserved Victorian, Federal, New England and Georgian-style homes. It also has a general store, a popular lunch stop for cyclists, as well as the Tewksbury Inn and antique shops.
The State of New Jersey has published this map to aid the cyclist and takes no responsibility for user’s safety and in no way warrants the safety or fitness of the suggested routes. Ride carefully.

This map illustrates the route and should be used for general wayfinding purposes.
