I-78 express westbound overnight lane and ramp closures for concrete repair in Springfield, Union County Traffic will be diverted onto I-78 local

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced overnight lane and ramp closures on I-78 express westbound for concrete repairs in Springfield, Union County.

Beginning at 9 p.m. tonight, Friday, March 13, NJDOT's contractor, IEW Construction Group, will close all I-78 express westbound lanes from just beyond Vauxhall Road to the Route 24 interchange. All traffic on I-78 express westbound will be diverted onto I-78 local at the crossover ramp.

The ramp from Springfield Avenue southbound to I-78 express westbound also will be closed, and motorists will be directed to use the ramp from Springfield Avenue southbound to I-78 local westbound, which is located just before the express ramp. These closures are necessary for concrete deck repairs on the I-78 express westbound lanes over Route 24.

By 7 a.m., tomorrow, Saturday, March 14, all lanes on I-78 express westbound and the ramp from Springfield Avenue will reopen. The concrete repair work is part of a larger state-funded contract to maintain and repair concrete structures throughout the state.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on Twitter [@NJDOT_info](https://twitter.com/NJDOT_info) or on the [NJDOT Facebook page](https://www.facebook.com/NJDOT).
