Pulaski Skyway southbound to be closed overnight tonight Motorists encouraged to use the New Jersey Turnpike Extension

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced the full closure of the Pulaski Skyway in both directions tonight to complete pier replacement work and structural steel repairs as the rehabilitation of the historic 88-year-old bridge advances.

To avoid delays, NJDOT is encouraging motorists to use the NJ Turnpike-Hudson County Extension to all destinations, including the Holland Tunnel, I-78, or to I-280/Route 7 and Route 1&9 Truck southbound. All other motorists will be directed to Route 1&9 Truck in both directions.

Beginning at 10 p.m. tonight, Friday, August 14 until 7 a.m. tomorrow, Saturday, August 15, NJDOT's contractor, Ferreira/Tutor Perini Joint Venture, is scheduled to close and detour the Pulaski Skyway southbound at Tonnele Circle to position bridge deck materials. If work is completed early, the Skyway will reopen sooner.

Pulaski Skyway Southbound Detour

The southbound closure will begin at 9 p.m. south of the Tonnele Circle, with the ramp from the Tonnele Circle to the Skyway closed. Traffic coming from Route 139 will be directed to the off ramp to I-280/Route 7 and Route 1&9 southbound.

Traffic on Route 1&9 south heading toward Tonnele Circle is encouraged to stay right and use the ramp to Route 1&9 Truck.

Southbound Detour (toward Newark):

Leaving the Holland Tunnel, motorists will have the following options:

- Stay to the far right and take the NJ Turnpike-Hudson County Extension to all destinations west and south, including I-78 – ***This is the recommended option.***
- Stay to the left and follow signs for Route 139 West, then stay left to Route 1&9 Truck southbound towards Newark, Route 7 and I-280.

Local Traffic for Jersey City:

- Stay to the middle to take Route 139 Upper Roadway and follow signs to Kennedy Boulevard/Jersey City, to best access many local Jersey City locations and other points north (Secaucus).

The work is part of Contract 5 of the Pulaski Skyway rehabilitation project, which is being advanced through 10 separate construction contracts. The Department is carefully coordinating the Pulaski Skyway project with other regional transportation infrastructure projects to minimize traffic congestion.

The Department has a project hotline telephone number, 973-776-7400, and email, Pulaski.Skyway@dot.nj.gov. Anyone who has questions, concerns, or suggestions is encouraged to contact the Project Outreach Team as work progresses.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on Twitter [@NJDOT_info](https://twitter.com/NJDOT_info) or on the [NJDOT Facebook page](#).
