Main Street/CR 613 to be closed for railroad crossing repairs next week in Mount Olive **Necessary safety work will require detours**

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced the start of a railroad crossing rehabilitation project that will require a five-day closure and detour of Main Street/CR 613 in Mount Olive, Morris County.

Beginning at 7 a.m., Monday, October 12, until 7 a.m. Friday, October 16, Main Street/CR 613 is scheduled to be closed and detoured in both directions at the railroad crossing between Railroad Avenue and Schmidt Lane. Construction will remove the existing railroad crossing and replace it with a new concrete crossing, as well as new asphalt approaches for a safer and smoother railroad crossing. Local access will be maintained for residents and businesses. The following detours will be in place:

Main Street/CR 613 southbound detour:

- Motorists traveling southbound on Main Street/CR 613 will be directed to turn left onto North Road/Hillside Avenue
- Turn right onto Park Place/CR 652 back to Main Street/CR 613

Main Street/CR 613 northbound detour:

- Motorists traveling northbound on Main Street/CR 613 will be directed to turn right onto Park Place/CR 652
- Turn left onto North Road/Hillside Avenue back to Main Street/CR 613

Traffic detours will be coordinated with the local police. The road will be reopened if work is completed earlier than planned.

This federally-funded project is included within NJDOT's railroad grade-crossing safety program, which repairs, upgrades, or removes approximately 30 crossings each year, statewide.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on Twitter [@NJDOT_info](https://twitter.com/NJDOT_info) or on the [NJDOT Facebook page](#).
