## **Route 30/White Horse Pike lane closures required as roadway improvement project advances in Egg Harbor City Closures necessary for drainage and utility work**

**(Trenton)** – New Jersey Department of Transportation (NJDOT) officials today announced lane closures on Route 30/White Horse Pike as a roadway improvement project advances in Egg Harbor City, Atlantic County.

Beginning at 7 a.m., Monday, November 16, NJDOT's contractor, South State Inc., is scheduled to close both eastbound lanes on Route 30/White Horse Pike between Garden Alley and Antwerp Avenue in Egg Harbor City. Eastbound traffic will be shifted onto the westbound side of the roadway, with at least one lane of traffic maintained in each direction at all times. These closures will allow the contractor to complete drainage and utility work. This traffic pattern will remain in place for several months.

In addition, one eastbound lane is scheduled to be closed between Antwerp Avenue and Bremen Avenue to allow the contractor to complete curb and sidewalk repairs. One lane of eastbound traffic will be maintained, and both westbound lanes will remain open.

As the project progresses, overnight construction may be required between 8 p.m. and 6 a.m., Monday through Friday.

The \$33 million federally-funded project will rehabilitate approximately 14 miles of Route 30/White Horse Pike between Elwood Road in Mullica Township, Atlantic County through Haddon Avenue in Absecon, Atlantic County. Several traffic signals will be replaced within the project limits, and drainage improvements will be made at various locations. Additionally, the project will reconstruct existing curbs, sidewalks and provide for ADA compliant curb ramps at intersections. The project is anticipated to be complete by fall 2021.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website [www.511nj.org](http://www.511nj.org) for real-time travel information and for NJDOT news follow us on Twitter [@NJDOT\\_info](https://twitter.com/NJDOT_info) or on the [NJDOT Facebook page](https://www.facebook.com/NJDOT).
