GENERAL FUND PROVISIONS

The following transfer of appropriations rules are in effect for fiscal year 2004:

A. To permit flexibility in the handling of appropriations, any department or agency that receives an appropriation by law, may, subject to the provisions of this section, or unless otherwise provided in this act, apply to the Director of the Division of Budget and Accounting for permission to transfer funds from one item of appropriation to a different item of appropriation. For the purposes of this section, "item of appropriation" means the spending authority identified by an organization code, appropriation source, and program code, unique to the item. If the director consents to the transfer, the amount transferred shall be credited by the director to the designated item of appropriation and notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer. However, the director, after consenting thereto, shall submit the following transfer requests to the Legislative Budget and Finance Officer for legislative approval or disapproval unless otherwise provided in this act:

(1) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$300,000, to or from any item of appropriation;

(2) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$50,000, to or from any Special Purpose account, as defined by major object 5, or Grant account, as defined by major object 6, within an item of appropriation, from or to a different item of appropriation;

(3) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$50,000, to or from any Special Purpose or Grant account in which the identifying organization code, appropriation source, and program code, remain the same, provided that the transfer would effect a change in the legislative intent of the appropriations;

(4) Requests for the transfer of State funds, in amounts greater than \$50,000, between items of appropriation in different departments or between items of appropriation in different appropriation classifications herein entitled as Direct State Services, Grants-In-Aid, State Aid, Capital Construction and Debt Service;

(5) Requests for the transfer of federal funds, in amounts greater than \$300,000, from one item of appropriation to another item of appropriation, if the amount of the transfer to an item in combination with the amount of the appropriation to that item would result in an amount in excess of the appropriation authority for that item, as defined by the program class;

(6) Requests for such other transfers as are appropriate in order to ensure compliance with the legislative intent of this act.

B. The Joint Budget Oversight Committee or its successor may review all transfer requests submitted for legislative approval and may direct the Legislative Budget and Finance Officer to approve or disapprove any such transfer request. Transfers submitted for legislative approval pursuant to paragraph (4) of subsection a. of this section shall be made only if approved by the Legislative Budget and Finance Officer at the direction of the committee.

C. The Legislative Budget and Finance Officer shall approve or disapprove requests for the transfer of funds submitted for legislative approval within 10 working days of the physical receipt thereof and shall return them to the director. If any provision of this act or any supplement thereto requires the Legislative Budget and Finance Officer to approve or disapprove requests for the transfer of funds, the request shall be deemed to be approved by the Legislative Budget and Finance Officer if, within 20 working days of the physical receipt of the request, he has not disapproved the request and so notified the requesting officer. However, this time period shall not pertain to any transfer request under review by the Joint Budget Oversight Committee or its successor, provided notice of such review has been given to the director.

D. No amount appropriated for any capital improvement shall be used for any temporary purpose except extraordinary snow removal or extraordinary transportation maintenance subject to the approval of the Director of the Division of Budget and Accounting. E. The provisions of subsections a. through d. of this section shall not apply to appropriations made to the Legislative or Judicial branches of State government. To permit flexibility in the handling of these appropriations, amounts may be transferred to and from the various items of appropriation by the appropriate officer or designee with notification given to the director on the effective date thereof.

F. Notwithstanding any provisions of this section to the contrary, transfers to and from the Special Purpose appropriation to the Governor for emergency or necessity under the Other Interdepartmental Accounts program classification and transfers from the appropriations to the various accounts in the category of Salary Increases and Other Benefits, both in the Interdepartmental Accounts, shall not be subject to legislative approval or disapproval.
