***DEPARTMENT OF ENVIRONMENTAL  
PROTECTION***

## ENVIRONMENTAL PROTECTION

### **Overview**

The mission of the Department of Environmental Protection (DEP) is to assist the residents of New Jersey to preserve, sustain, protect, and enhance the environment and to integrate environmental quality with public health and economic vitality. The Department strives to accomplish its mission in partnership with the public, the business community, environmental groups, and all levels of government.

The Department's goals are to provide clean air and plentiful water supplies, combat suburban sprawl, protect viable ecosystems, and promote development and acquisition of parks and open space that is accessible to all of New Jersey's citizens. Included in the goals is the elimination of hazardous waste sites and remediation and reuse of industrial "brownfields" for commerce, homes, parks, and schools, thereby promoting sensible growth while ensuring the health and safety of the State's communities.

To accomplish these goals, the Department develops and enforces clear and reasonable scientific standards to protect public health, the environment, and natural resources. As part of the effort to protect and preserve the environment, DEP encourages use of environmentally friendly building materials, conservation of water supplies and energy, and recycling programs. To ensure a dynamic decision-making process for protection of the environment, the Department plans to increase public access to facility and resource data. Finally, the Department plans to provide increased public access to parks, waterfronts, protected open space, historic sites, and other natural resources.

### **State Parks and Open Space Preservation**

The State's parks are one of the most capital-intensive areas within the Department. DEP operates and maintains thirty-eight state parks, four marinas, twenty-seven historic sites, and many other natural and interpretive facilities. All of these facilities provide a major source of recreational, educational, and cultural activities for more than 13 million people annually.

The current funding source for open space acquisitions is the Garden State Preservation Trust Act, which dedicates \$98 million annually for open space acquisition, parks development, farmland purchases, and historic preservation. To ensure that the program is effective, the DEP will focus not only on the quantity, but also the quality of the open space that is acquired. This will include open space purchases to support the long-term protection of the State's precious drinking water resources, wildlife, and other natural resources. As part of the State's Anti-Sprawl policy, every effort will be made to discouraging undue growth and preserve unspoiled land.

### **Shore Protection, Flood Control, and Dam Repairs**

The Jersey Shore, the State's most valuable tourist attraction, is integral to the State's economy. To protect the beaches, the Shore Protection Program receives an annual dedication of \$25 million from the Realty Transfer Fee.

Funding for flood control projects will leverage millions in federal funds. Projects planned include the Ramapo River, the Green Brook, the Mill Brook, Molly Ann's Brook, Manish Park, South River, Harrison/Passaic River, and the Mahwah/Suffern River and Saddle River.

In 2003, voters approved a \$200 bond act that provided up to \$95 million for loans and other assistance for private dam restoration and repair. A total of \$15 million was allocated to departments for State-owned dams. State flood control projects received \$25 million and \$15 million was made available for dredging and cleaning privately-owned lakes and streams. The bond act also authorized \$50 million for water resource management and wastewater treatment projects.

**Site Remediation, Community Revitalization: Brownfields Remediation**

The 1996 constitutional dedication of 4% of the annual revenue raised from the State's Corporation Business Tax (CBT) continues to finance the cleanup of privately owned underground storage tanks and remediation of contaminated sites. . Funding from the CBT is also dedicated to watershed monitoring and planning programs to addresses water resource issues at each of the State's watersheds.

Abandoned or/and contaminated industrial sites are a major problem in older towns and cities. To address this problem, the Department created the Office of Brownfields to help towns remediate approximately 1,300 contaminated industrial sites. To fund these projects, in 2003 voters approved a constitutional amendment to allocate funds from the CBT for Brownfields redevelopment. Plans for such sites include commercial uses, residential developments, parks, and schools.

FLOOD CONTROL-URGENT HR 6

LOCATION: STATEWIDE

Dept Priority 1

Project ID: 42-182

Project Type Code: G02 Project Type Description: Public Purpose-Flood Control

<b>Federal:</b>	\$53,600	\$23,400	\$16,900	\$13,300	\$0
<b>General:</b>	\$20,479	\$9,168	\$6,068	\$5,243	\$0
<b>Other:</b>	\$4,004	\$1,718	\$1,293	\$993	\$0
<b>Sub-Total:</b>	\$78,083	\$34,286	\$24,261	\$19,536	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

Flood Control-Urgent-Section 22 planning assistance for Green Brook (\$5,100,000 , \$2,500,000 , \$1,300,000) , Mill Brook (\$100,000 , \$100,000 , \$475,000), Molly Ann Brook (\$100,000 , \$100,000 , \$100,000), Delaware River (\$500,000 , \$500,000 , \$500,000), South River (\$350,000 , \$350,000 , \$350,000), Harrison/Passaic River (\$100,000 , \$100,000 , \$100,000), Mahwah/Suffern (\$200,000 , \$200,000 , \$200,000) and Saddle River (\$1,500,000 , \$1,200,000 , \$1,200,000), Ramapo River (\$600,000 , \$400,000 , \$400,000), \$Administrative Costs (\$518,000 , \$518,000 , \$518,000), USGS (\$100,000 , \$100,000 , \$100,000). Adverse impact; Lack of funding for this project will negatively impact on flood control efforts at these locations, potentially resulting in property and other losses in the event of flooding.

**ENGINEERING & CONSTRUCTION FLOOD CONTROL**

BAYSHORE FLOODGATE FACILITY-URGENT

LOCATION: KEANSBURG

Dept Priority 2

Project ID: 42-225

Project Type Code: G02 Project Type Description: Public Purpose-Flood Control

<b>General:</b>	\$4,200	\$1,400	\$1,400	\$1,400	\$0
<b>Sub-Total:</b>	\$4,200	\$1,400	\$1,400	\$1,400	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

Continued repair and rehabilitation is required to the storm water outfalls at the Bayshore Floodgate Facility in order to maintain flood control and prevent a safety hazard. In addition, existing storage sheds need to be replaced due to their advanced state of deterioration, and certain maintenance equipment used to maintain the entire area needs to be replaced. ADVERSE IMPACT: IF repairs and rehabilitation is not completed, adequate flood control cannot be maintained and will result in an increased safety hazard.

**Department of Environmental Protection**

**Agency Capital Budget Request (000's)**

TOTAL COST 7 YR PROG	REQUESTED FY - 2010	REQUESTED FY- 2011	REQUESTED FY - 2012	REQUESTED FY 2013 - 2016

**MOSQUITO CONTROL COMMISSION**

EQUIPMENT REPLACEMENT-URGENT

LOCATION: STATEWIDE

Dept Priority 3

Project ID: 42-127

Project Type Code: D02 Project Type Description: Acquisition-Equipment

<b>General:</b>	\$2,382	\$887	\$662	\$833	\$0
<b>Sub-Total:</b>	\$2,382	\$887	\$662	\$833	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

Funding is requested for replacement equipment for the control of the state mosquito population. The commission annually expends a significant portion of its budget to maintain and make major repairs to this existing equipment, which is old and becoming too costly to repair. The State Mosquito Control Commission provides various types of equipment to the counties and the NJ Agricultural Experiment Station, on a year to year basis, under its Equipment Use Program. Equipment needed: Bulldozer/Backhoe (\$146,033), Tracked Vehicle (\$102,800), Crawler Crane (\$156,907), Bulldozer (\$146,033) and Amphibious Crane (\$335,457). ADVERSE IMPACT- There is a substantial potential risk that the current aging equipment will not be economically repairable, which could impair ongoing statewide mosquito control and surveillance operations.

**ENGINEERING & CONSTRUCTION AIDS TO NAVIGATION**

DREDGING-URGENT

LOCATION: STATEWIDE

Dept Priority 4

Project ID: 42-057

Project Type Code: G01 Project Type Description: Public Purpose-Dredging & Harbor Clean-up

<b>General:</b>	\$12,000	\$4,000	\$4,000	\$4,000	\$0
<b>Sub-Total:</b>	\$12,000	\$4,000	\$4,000	\$4,000	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

This project will provide for dredging of inland waterways to ensure safety, prevent destruction of property and promote commercial and/or recreational fishing industries. ADVERSE IMPACT: Provisions for dredging the inland waterways will not be made. This will negatively affect the ensurance of safety, prevention of destruction of property and promotion of commercial and/or recreational fishing industries.

**ENGINEERING & CONSTRUCTION FLOOD CONTROL**

FLOOD CONTROL-NON URGENT HR 6

LOCATION: STATEWIDE

Dept Priority 5

Project ID: 42-166

Project Type Code: G02 Project Type Description: Public Purpose-Flood Control

<b>Federal:</b>	\$20,100	\$8,300	\$5,250	\$6,550	\$0
<b>General:</b>	\$3,845	\$1,600	\$1,010	\$1,235	\$0
<b>Other:</b>	\$330	\$150	\$2	\$178	\$0
<b>Sub-Total:</b>	\$24,275	\$10,050	\$6,262	\$7,963	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

Flood Control - Passaic River storage area (\$100,000, \$100,000, \$100,000); Passaic River floodway buyout (\$150,000, \$150,000, \$150,000); Poplar Brook (\$100,000, \$100,000, \$325,000); Upper Passaic / Long Hill (\$600,000, \$10,000, \$10,000); Stony Brook (\$250,000, \$250,000, \$250,000); Shrewsbury River (\$100,000, \$100,000, \$100,000); Peckman River (\$300,000, \$300,000, \$300,000) . Adverse impact: Lack of funding for this project will negatively impact on flood control efforts at these locations, potentially resulting in property and other losses in the event of flooding.

**Operating Impact: Increase: \$0 Decrease: \$0**

Funds are requested to continue a joint effort with the Army Corps of Engineers to remove derelict vessels along the Hudson River, Arthur Kill and Kill Van Kull waterways. ADVERSE IMPACT: These derelict vessels will not be removed causing threats to persons, boats, and fisheries.

**MOSQUITO CONTROL COMMISSION**

OPEN MARSH WATER MANAGEMENT  
LOCATION: FORSYTHE WILDLIFE REFUGE

Dept Priority 7  
Project ID: 42-201  
Project Type Code: G10 Project Type Description: Public Purpose-Other

<b>General:</b>	\$490	\$164	\$163	\$163	\$0
<b>Sub-Total:</b>	\$490	\$164	\$163	\$163	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

Funds are requested for a multi-year open marsh water management project on breeding habitat at the Forsythe National Wildlife Refuge. This critical ongoing project will provide for mosquito control via source reduction and eliminate the use of pesticides. Mosquito control via non-pesticide intensive methods is critical to the health of both the state's residents and the fragile ecology of this area. Adverse Impact: Failure to complete the open marsh water project will result in continued applications of aerially applied pesticides on the refuge.

**ADMINISTRATIVE OPERATIONS**

EXPANSION OF CIRTIX INFRASTRUCTURE  
LOCATION: 401 EAST STATE STREET

Dept Priority 8  
Project ID: 42-214  
Project Type Code: D03 Project Type Description: Acquisition-Computer Equipment & Systems

<b>General:</b>	\$235	\$235	\$0	\$0	\$0
<b>Sub-Total:</b>	\$235	\$235	\$0	\$0	\$0

**Operating Impact: Increase: \$25 Decrease: \$0**

Funding is needed to expand the Citrix infrastructure to a true production environment by purchasing four additional servers, 100 Citrix concurrent licenses, 100 Microsoft client licenses, training and consultant services. A number of critical applications are currently run on the existing Citrix servers including NJEMS, NJ BEACHES, NJDEP IMAP, GIS ARC, Air Quality and Radiation Monitoring, several Fish and Wildlife rifle permit and summons applications, remote access for DEP staff, FACITS and BIOTICS. DEP needs the additional servers to implement full application access for the mentioned applications and to add new applications for CEHA and DEP personnel throughout the state for emergency response, homeland security inspections and environmental inspections. Adverse impact: Lack of funding for this project will severely limit the ability of all applicable DEP staff to fully utilize the current applications and will prevent the addition of new applications that are needed.

**PUBLIC FUNDED SITE REMEDIATION**

HAZARDOUS WASTE

LOCATION: STATEWIDE

Dept Priority 9

Project ID: 42-004

Project Type Code: G03 Project Type Description: Public Purpose-Hazardous Waste Site Clean-up

<b>Federal:</b>	\$70,000	\$10,000	\$10,000	\$10,000	\$40,000
<b>General:</b>	\$345,000	\$49,800	\$49,200	\$49,200	\$196,800
<b>Sub-Total:</b>	\$415,000	\$59,800	\$59,200	\$59,200	\$236,800

**Operating Impact: Increase: \$0 Decrease: \$0**

Continue the clean-up efforts now in progress that are of the highest priority to protect human health and the environment. The State's portion of funding is premised upon continuation of Superfund (federal) monies at an estimated annual allocation of \$10 million annually. Lack of funding for this project would have a potentially negative impact on both the health and well being of the State's residents and on the environment. Of the projected Corporate Business Tax dedication, approximately \$19.2 million will be dedicated to Hazardous Waste Cleanup.

**PUBLIC FUNDED SITE REMEDIATION**

BROWNFIELDS REMEDIATION

LOCATION: STATEWIDE

Dept Priority 10

Project ID: 42-203

Project Type Code: C01 Project Type Description: Environmental-Hazardous Substances

<b>General:</b>	\$175,000	\$25,000	\$25,000	\$25,000	\$100,000
<b>Sub-Total:</b>	\$175,000	\$25,000	\$25,000	\$25,000	\$100,000

**Operating Impact: Increase: \$0 Decrease: \$0**

To provide funding, including the provision of loans and grants for investigating and remediating brownfields, which are commercial or industrial contaminated sites that are currently vacant or underutilized and on which there has been, or there is suspected to have been, a discharge of a contaminant. This will lead to the restoration of brownfield sites to productive use. Funding is provided from the Constitutional Dedication of Corporate Business tax revenues.

**PARKS AND FORESTRY RECREATIONAL DEVELOPMENT**

STATE FOREST CAMPGROUNDS-URGENT

LOCATION: STATEWIDE

Dept Priority 11

Project ID: 42-152

Project Type Code: E03 Project Type Description: Construction-Renovations and Rehabilitation

<b>General:</b>	\$3,050	\$450	\$1,300	\$1,300	\$0
<b>Sub-Total:</b>	\$3,050	\$450	\$1,300	\$1,300	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

Funding is requested to improve and expand the existing campground facilities located within Stokes State Forest, Belleplain State Forest and Bass River State Forest. The current facilities are inadequate to support demand from clients. Adverse impact: Lack of Funding will result in severely limiting the number of clients who use the facilities and impairing their safety. It will also result in potential lost revenue for these parks.

**Department of Environmental Protection**

<b>General:</b>	\$7,150	\$2,550	\$2,050	\$2,550	\$0
<b>Sub-Total:</b>	\$7,150	\$2,550	\$2,050	\$2,550	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

Overnight Facilities - Studies, Development, Improvement and Repair -- Allaire S.P., Swartwood S.P., Wawayanda S.P., High Point S.P., Kittatinny S.P., Parvin S.P., Stephens S.P. and Washington Crossing S.P. This project will improve and enhance the usability of the overnight facilities, including the building of cabins at various locations, for clients as well as increasing the useful life of those same facilities. The project would potentially increase client use resulting in additional revenues. ADVERSE IMPACT: Lack of funding for this project will impair the usability and possibly the safety of the facilities for clients. Increased future revenues would also not be recognized.

**PARKS AND FORESTRY SPECIAL/HISTORICAL DEVELOPMENT**

WATERLOO VILLAGE BUILDING PRESERVATION-URGENT

LOCATION: STANHOPE

Dept Priority 13

Project ID: 42-236

Project Type Code: A06 Project Type Description: Preservation-Other

<b>General:</b>	\$3,350	\$500	\$750	\$2,100	\$0
<b>Sub-Total:</b>	\$3,350	\$500	\$750	\$2,100	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

Funds are needed for preservation/repairs and renovations to historic buildings within the Waterloo Village facility which are in an ever increasing state of disrepair. Lack of funding for this project will result in the continued deterioration of the historic buildings located within the village causing potentially irreparable damage to the structures or at least greatly increased future renovation/rehabilitation costs.

PEQUEST WELL PUMP UPGRADE-URGENT

LOCATION: WARREN COUNTY

Dept Priority 14

Project ID: 42-185

Project Type Code: E03 Project Type Description: Construction-Renovations and Rehabilitation

<b>General:</b>	\$200	\$120	\$40	\$40	\$0
<b>Sub-Total:</b>	\$200	\$120	\$40	\$40	\$0

**Operating Impact: Increase: \$0 Decrease: \$0**

Six distribution wells supply the Pequest Hatchery with water to produce over 750,000 trout a year. The trout are distributed to approximately 200 locations, throughout the State, and generate approximately 50 million dollars to the State's economy each year. All the pumps have been operational since the late 1980's and urgently need to be upgraded. This project will involve upgrading well pumps and related equipment to maintain a consistent water supply to the hatchery. Two pumps per fiscal year will be pulled and upgraded. A large dump truck must come in and pull the well and install a new replacement pump at each locations. ADVERSE IMPACT: If this project is not funded then the well pump upgrading can not be completed. These wells are the hatchery's backbone and upgrading this equipment is vital to the success of the State's fish culture program.

<b>Sub-Total:</b>	\$1,875	\$600	\$625	\$650	\$0

**Operating Impact:** Increase: \$10 Decrease: \$0

Funding is needed to both improve the road surface on top of and to widen the impoundment dike system to allow for construction of pull-off parking areas. This will allow for the establishment of an auto trail to facilitate wildlife watching. The project will also include construction of observation platforms, a bike trail and sanitary facilities. This will provide important ecotourism benefits for the local economy. Adverse impact: Not funding this project will minimize access to wildlife for the WMA's constituents and impede both educational and recreational opportunities within the WMA.

<b>General:</b>	\$4,500	\$1,500	\$1,500	\$1,500	\$0
-----------------	---------	---------	---------	---------	-----

<b>Sub-Total:</b>	\$4,500	\$1,500	\$1,500	\$1,500	\$0
-------------------	---------	---------	---------	---------	-----

**Operating Impact:** Increase: \$0 Decrease: \$0

Funds are requested to repair access roads, bridges and parking areas on WMA's. Repairs include blacktopping, gravel, structural refurbishment, road grading, bush clearing and the creation of firebreaks. The division has over 100 WMAs that are utilized by bird watchers, fisherman, hunters and for the citizens of the State that enjoy wildlife viewing and other types of outdoor recreation. In order to maintain these facilities, new equipment in the form of a D-6 size bulldozer for statewide use and 2 front end loaders are needed. There are continual needs to grade heavily traveled dirt roads and move soil and gravel. **ADVERSE IMPACT:** Failure to receive funds for access road, bridge and parking area repairs will limit access to the public. This diminishes the public's opportunity to utilize the wildlife areas and public facilities which include boat ramps, interpretive trails and signs, observation platforms, and general wildlife viewing. It also hampers the Division's ability to patrol these areas and to respond to emergencies. Lack of firebreak development negatively impacts public safety.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

<b>General:</b>	\$200	\$200	\$0	\$0	\$0
-----------------	-------	-------	-----	-----	-----

<b>Sub-Total:</b>	\$200	\$200	\$0	\$0	\$0
-------------------	-------	-------	-----	-----	-----

**Operating Impact:** Increase: \$0 Decrease: \$0

This project would repair and improve the road at Ken Lockwood Gorge WMA. The road through Ken Lockwood Gorge is in serious need of repair and improvement to maintain safe access for anglers and sightseers at this popular recreation area. This project is a critical part of the Governor's and the Commissioner's program to improve fishing access statewide. **Adverse Impact:** Vehicular traffic through Ken Lockwood Gorge will have to be severely limited, both impairing and limiting access for anglers and other customers. The road's present condition also raises serious safety issues for future use.

BUILDING DEMOLITION-URGENT

LOCATION: STATEWIDE

Dept Priority 39

Project ID: 42-042

Project Type Code: E01 Project Type Description: Construction-Demolition

<b>General:</b>	\$2,000	\$500	\$500	\$500	\$500
-----------------	---------	-------	-------	-------	-------

<b>Sub-Total:</b>	\$2,000	\$500	\$500	\$500	\$500
-------------------	---------	-------	-------	-------	-------

**Operating Impact: Increase: \$0 Decrease: \$0**

Over the past twenty years or so, we have been accumulating derelict buildings but have had limited funds available to demolish them. As a result, we have developed a serious backlog of buildings that require demolition and more will be acquired in the not too distant future. Approximately \$500,000 per year is needed to demolish all the structures currently on our list. These old structures are magnets for illegal uses and represent significant sources of potential liability as attractive nuisances. The division regularly receives complaints from local officials about dealing with them. This is an urgent and growing need. This funding would also be used to clean up dumped tar at the site of the former Kramer Tar Plant on Pequest WMA. **ADVERSE IMPACT:** The State will be exposed to serious liability issues as long as the demolition of these buildings is not accomplished.

Dept Priority 41

Project ID: 42-035

Project Type Code: E03 Project Type Description: Construction-Renovations and Rehabilitation

<b>General:</b>	\$800	\$400	\$400	\$0	\$0
-----------------	-------	-------	-------	-----	-----

<b>Sub-Total:</b>	\$800	\$400	\$400	\$0	\$0
-------------------	-------	-------	-------	-----	-----

**Operating Impact: Increase: \$0 Decrease: \$0**

Storage Buildings -- Northern, Central and Southern Regions. Regional storage building upgrades are needed to house and maintain existing equipment inventories. The crews assigned to these areas are responsible for over 100 WMA's approximately 300,000 acres in size. Heavy equipment operations for much of the State are administered from these field offices. Over the last ten years, one garage and one storage building have been demolished. The storage building was never replaced. The existing shops and office structures are in poor condition. In some cases, tractors, graders and other heavy equipment are stored outdoors due to a lack of storage facilities. This results in accelerated deterioration and increased maintenance costs. **ADVERSE IMPACT:** There could be significant maintenance costs for equipment stored at all existing buildings, some of which are over 50 years old.

-------------------	-------	-------	-------	-------	-----

**Operating Impact: Increase:** \$0      **Decrease:** \$0

Funding of this project would allow us to increase the spawning habitat available to American shad, river herring, striped bass and other species of fish by providing them a way to pass through dams that currently block their migration upstream in a variety of locations throughout the state. This will increase recreational opportunities, and provide economic benefits to those business' that would cater to fishermen. The Raritan River fishways are of particular importance where the American Cyanamid, Nevias St. and Lower Dukes Island dams restrict migratory fish passage to the lower urbanized portions of the river. ADVERSE IMPACT: If the fishways are not installed in the dams, the spawning grounds for anadromous fish will continue to be restricted.

**Operating Impact:** Increase: \$0 Decrease: \$0

More than 3 million citizens annually participate in wildlife recreational activities in NJ, contributing \$3.8 billion annually to the State's economy. Funds requested are for the expansion of natural resource interpretative signs and wayside exhibits that are part of the Watchable Wildlife Project at select WMA's throughout the State. In addition, funds will be used to improve the infrastructure at these areas. Projects will include the development of boardwalk trails, parking areas, clivus multirum rest rooms and observation platforms. These amenities and educational displays will help DEP achieve its mission by enhancing environmental awareness and stewardship through education and communication. ADVERSE IMPACT: Visitors to the WMA's will be prevented from gaining a better understanding of the importance of the State's natural resources to people and the quality of life for all who live and work in the state. It is imperative that as our population continues to grow, we do not lose touch with the natural resources found in the environment which are critical to our survival.

In 1986 the NJ Division of Fish & Wildlife invested more than \$300,000 in developing a series of interpretive exhibits at Pequest. These exhibits have been enjoyed by millions of visitors over the past ten years. However, several of these displays are in need of repair/replacement. Based upon an evaluation of existing displays and the advice of a professional exhibit house, the funds are being requested to complete the renovation/replacement project at Pequest. ADVERSE IMPACT: Failure to implement this project will prevent visitors to the Pequest Education center from gaining a better understanding of the importance of the State's natural resource to people and the quality of life for all who live and work in the Garden State.

**Operating Impact:** Increase: \$0 Decrease: \$0

Capital funds are being requested for the conservation of artifacts and furnishings located in historic structures throughout the state to preserve them for future generations. Adverse impact: Lack of funding for this project may cause irreparable damage to these artifacts, which due to their unique historical nature cannot be replaced.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

HACKETTSTOWN HATCHERY EDUCATION EXHIBIT DEV.  
LOCATION: WARREN COUNTY

Dept Priority 67  
Project ID: 42-067  
Project Type Code: E03 Project Type Description: Construction-Renovations and Rehabilitation

<b>General:</b>	\$900	\$0	\$900	\$0	\$0
<b>Sub-Total:</b>	\$900	\$0	\$900	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Funds are needed to develop educational exhibits for the Hackettstown Hatchery's visitor center. Approximately 25,000 visitors and school children are expected to visit this facility annually. These educational displays will help DEP achieve its mission by enhancing environmental awareness and stewardship through education and communication. It is imperative that as our population continues to grow, we do not lose touch with the natural resources found in the environment which are critical to our survival. ADVERSE IMPACT: Failure to implement this project will prevent visitors to the Hackettstown Hatchery from gaining a better understanding of the importance of the State's natural resources to people and the quality of life for all who live and work in the state.

HACKETTSTOWN HATCHERY RENOVATION PHASE 3

LOCATION: HACKETTSTOWN

Dept Priority 69

Project ID: 42-041

Project Type Code: E03 Project Type Description: Construction-Renovations and Rehabilitation

<b>General:</b>	\$6,000	\$2,000	\$2,000	\$2,000	\$0
<b>Sub-Total:</b>	\$6,000	\$2,000	\$2,000	\$2,000	\$0

**Operating Impact:** Increase: \$150 Decrease: \$0

The renovation of the Hackettstown State Fish Hatchery has been ongoing for the past 5 years. This phase will be concerned with upgrading the water supply to the rearing units and hatchery, expanding the Visitor's Center facilities, and renovation of the outside rearing facilities and water delivery system. This hatchery was built in 1912, and is in need of repair and upgrade. Phases 1 and 2 began this process; therefore, Phase 3 is the logical continuation of this work. The new intensive culture facility currently relies on 96 year old pipeline for it's water supply. Presently, hatchery conditions are unsafe for general visitation. The Hackettstown Hatchery supplies the warmwater/coolwater fish stocked within the state. Over 2,000,000 fish, 16 species, are raised annually and supply fish for the Children's Fishing Derby program, State Mosquito Control Program and the State's 150,000+ anglers. ADVERSE IMPACT: The annual hatchery output is one of the prime revenue sources for the Division. If this project is not funded, money is lost by the eliminatin of Children's Derby Day, decreased fishing license sales and the elimination of stocking programs. The failing rearing tanks could result in the loss of intensive culture abilities at the hatchery, greatly reducing the production of a number of species of fish at the hatchery.

**PARKS AND FORESTRY SPECIAL/HISTORICAL DEVELOPMENT**

SITWORK-SPECIAL/HISTORIC

LOCATION: STATEWIDE

Dept Priority 70

Project ID: 42-157

Project Type Code: E03 Project Type Description: Construction-Renovations and Rehabilitation

<b>General:</b>	\$3,050	\$900	\$1,100	\$1,050	\$0
<b>Sub-Total:</b>	\$3,050	\$900	\$1,100	\$1,050	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Funding is requested for sitework improvements at the following special/historic locations: Double Trouble; Monmouth Battlefield expansion; Washington Crossing S.P.; Princeton Battlefield; D&R Canal S.P. towpath restoration. Adverse Impact: Lack of funding for these projects will result in safety concerns for clients as well as reduced usability of the areas.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

PEQUEST HATCHERY FEED BINS

LOCATION: WARREN COUNTY

Dept Priority 71

Project ID: 42-181

Project Type Code: E02 Project Type Description: Construction-New

<b>General:</b>	\$50	\$50	\$0	\$0	\$0
<b>Sub-Total:</b>	\$50	\$50	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

This project will involve painting/upgrading the feed storage bins at the hatchery. This structure is approximately 50' tall by 20' square and holds up to 200,000 pounds of fish food. This structure is exposed tot he elements all year round. It was painted 12 years ago. Painting will extend the life of this structure and improve the overall appearance of the hatchery. ADVERSE IMPACT: If this project is not funded, the feed bins will eventually rust through and become unuseable. Fish feed will break down and develop mold if it gets wet. A new feed bin would cost around \$500,000 to purchase and install.

Funds are necessary for renovations and rehabilitation of the terminal building roof, PA system and lighting. Adverse impact: Lack of funding for the project will mean that building codes are not met and the facility cannot be opened to the public.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

PEQUEST TRAIL AND FISHING ACCESS  
LOCATION: WARREN COUNTY

Dept Priority 89  
Project ID: 42-064  
Project Type Code: G04 Project Type Description: Public Purpose-Road and Bridge Repair or Construction

<b>General:</b>	\$300	\$300	\$0	\$0	\$0
<b>Sub-Total:</b>	\$300	\$300	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Funds are requested to improve an abandoned rail bed to a multi-use trail for biking, hiking and fishing access and for administrative vehicular and recreational foot traffic. Fishing access and trout stocking at the present time is from the shoulder of state Route 46, which is a hazard due to high speed traffic. Access from the south side of the Pequest river would dovetail with the Governor's and Commissioner's fishing access initiatives and would also allow safer stocking of the various sites along the river. ADVERSE IMPACT: If not implemented, this project would miss a real opportunity to provide meaningful educational wildlife recreation and vastly improved fishing opportunities. It would also take away from significant ecotourism developmental potential from Warren County and local governments. Also, there is a great potential for safety hazards with the continuous use of Route 46 for fishing access.

<b>Sub-Total:</b>	\$1,200	\$200	\$500	\$500	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Funding is requested to renovate the historic Keens Grist Mill to turn it into an educational center for Swartswood State Park. This educational center would enhance the educational experience for clients visiting the park. Adverse impact: Lack of funding for this project would significantly diminish the educational experience for visitors to Swartswood State Park regarding the history of the area.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

BLACK RIVER WMA ABOVE GROUND FUEL TANK

LOCATION: BLACK RIVER WMA

Dept Priority 91

Project ID: 42-235

Project Type Code: E02 Project Type Description: Construction-New

<b>General:</b>	\$200	\$200	\$0	\$0	\$0
<b>Sub-Total:</b>	\$200	\$200	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Funding is required to install a new above ground gasoline tank at the maintenance area within the Black River Wildlife Management Area. The tank is needed to service maintenance and patrol vehicles in used at the facility. Adverse impact: Lack of funding will result in vehicles having to be fueled at remote location rather than within the WMA, thereby wasting both time and fuel and causing extra wear and tear on the vehicles.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

WILDCAT RIDGE HAWK WATCH

LOCATION: ROCKWAY TWP, MORRIS COUNTY

Dept Priority 92

Project ID: 42-081

Project Type Code: E04 Project Type Description: Construction-Other

<b>General:</b>	\$1,700	\$200	\$1,500	\$0	\$0
<b>Sub-Total:</b>	\$1,700	\$200	\$1,500	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

In 1995, a hawk watch was established on a ridge top located within the Wildcat Ridge WMA. The hawk watch is registered as an official data collection point with the Hawk Migration Association of North America. Each spring and fall thousands of migrating hawks, eagles, osprey and songbirds, are recorded as they pass the watch. Visitation has grown extensively during the last 5 years, through word of mouth only. If the type of marketing that is done for Hawk Mountain in PA is done for this site, visitation could easily grow to 1,000 visitors per weekend and provide a quality educational experience. A visitor center similar to the one located at Hawk Mountain in PA is necessary. This request is for funds to plan and build a visitor center and for the interpretive displays and signs that will be developed within the facility. This would provide a significant economic and ecotourism development opportunity for the surrounding communities that would provide services to visitors. It would also provide quality educational programs to children and adults that would build support for wildlife and open space conservation. ADVERSE IMPACT: A visitor center can not be developed and additional visitation can't be accommodated. The public will be denied a quality outdoor experience and educational opportunity and a significant economic opportunity for surrounding communities will be forfeited. The state will also miss an opportunity to be recognized as a national leader in hawk migration study and education.

**PARKS AND FORESTRY RECREATIONAL DEVELOPMENT**

ALLAIRE STATE PARK MUNICIPAL WATER & SEWERAGE  
LOCATION: MONMOUTH COUNTY

Dept Priority 93

Project ID: 42-224

Project Type Code: E03 Project Type Description: Construction-Renovations and Rehabilitation

<b>General:</b>	\$1,000	\$500	\$500	\$0	\$0
<b>Sub-Total:</b>	\$1,000	\$500	\$500	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Funding required to improve existing and add additional connections between the park and municipal water and sewerage systems. Adverse impact: Lack of funding will compromise the drinking water supply and sanitary conditions at the facility, thereby negatively impacting client use of the facility.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

HUNTER EDUCATION TRAINING CENTERS-URGENT  
LOCATION: STATEWIDE

Dept Priority 94

Project ID: 42-129

Project Type Code: E02 Project Type Description: Construction-New

<b>General:</b>	\$2,950	\$700	\$750	\$1,500	\$0
<b>Sub-Total:</b>	\$2,950	\$700	\$750	\$1,500	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

The DEP Division of Fish, Game and Wildlife currently maintains hunter training ranges on 13 WMA's to improve hunter safety and proficiency. There is a need to upgrade existing ranges and to provide additional ranges as evidenced by the intense use of existing areas. All shooting training areas using rifles should be upgraded to no-blue sky baffling to contain errant projectiles. The funds requested would be to upgrade existing ranges and to construct seven shotgun and bow and arrow training areas and ten no-blue sky rifle training areas and make them accessible for handicapped sportsmen. ADVERSE IMPACTS: NJ law requires all persons wishing to purchase a hunting license shall present a hunter education course completion card or a previously issued resident license from this or any State. Failure to provide these training areas will impede the goal of the Hunter Education Unit to place a safe, responsible, knowledgeable, and involved hunter in the field.

**PARKS AND FORESTRY RECREATIONAL DEVELOPMENT**

HOPATCONG STATE PARK BATH HOUSE  
LOCATION: HOPATCONG STATE PARK

Dept Priority 95

Project ID: 42-122

Project Type Code: E02 Project Type Description: Construction-New

<b>General:</b>	\$2,200	\$0	\$200	\$2,000	\$0
<b>Sub-Total:</b>	\$2,200	\$0	\$200	\$2,000	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Construct new bathhouse complex at Hopatcong State Park along with necessary municipal sewerage connection. This facility is needed to better serve the health and sanitary needs of the growing number of visitors to the park. Adverse impact: Lack of funding for this project would mean that the sanitary facilities would be inadequate to properly serve the park clients, creating potential safety and sanitary issues.

<b>General:</b>	\$2,150	\$600	\$1,550	\$0	\$0
<b>Sub-Total:</b>	\$2,150	\$600	\$1,550	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Repairs/renovations are required to the site area including the interpretive center, the maintenance area and ramp areas. Adverse impact: Lack of funding for this project will result in increased future costs if the work is deferred and diminished accessibility and safety for clients.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

NACOTE CREEK BOAT BASIN ACCESS CHANNEL DREDGING  
LOCATION: ATLANTIC COUNTY

Dept Priority 97

Project ID: 42-055

Project Type Code: E04 Project Type Description: Construction-Other

<b>General:</b>	\$400	\$400	\$0	\$0	\$0
<b>Sub-Total:</b>	\$400	\$400	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Funding is requested to enable the maintenance dredging of the division's South Jersey Nacote Creek Research Facility's boat basin. This mooring area is a man-made lagoon which was constructed back in the 1950's and maintenance dredged in 1984. The Bureaus of Marine Fisheries, Shellfisheries, Law Enforcement, Wildlife and Land Management are provided tidewater access and mooring at this facility by a lagoon, bulkhead, floating docks constructed in 1966 and a boat ramp. Presently there is heavy shoaling of the canal, beginning at the entrance and extending the entire length. This condition prevents both division and other State boats from transiting the canal except at high water. ADVERSE IMPACT: The shoaling conditions are continuing to affect scheduling of field operations which are weather dependant. Not correcting this situation will limit the division's ability to conduct federal programs, respond to DEP priority issues/emergencies and reduce marine law enforcement activities.

**PARKS AND FORESTRY RECREATIONAL DEVELOPMENT**

RAMAPO PARKING/TRAILHEAD UPGRADES  
LOCATION: BERGEN COUNTY

Dept Priority 98

Project ID: 42-160

Project Type Code: E03 Project Type Description: Construction-Renovations and Rehabilitation

<b>General:</b>	\$500	\$200	\$300	\$0	\$0
<b>Sub-Total:</b>	\$500	\$200	\$300	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Improvements to parking facilities and trailheads at Ramapo State Park. Adverse impact: Lack of funding for this project will severely compromise the ability of clients to use the facility and will also have a negative impact on their safety.

-----------------	----------	-----	---------	---------	-----

<b>Sub-Total:</b>	\$13,500	\$0	\$6,500	\$7,000	\$0
-------------------	----------	-----	---------	---------	-----

**Operating Impact:** Increase: \$0 Decrease: \$0

The South Jersey Nacote Creek field office complex, located on the federally-owned U.S. Fish and Wildlife Service's Forsythe National Wildlife refuge is a 1930's vintage residence that was converted into offices, laboratories, and storage for division staff. The Bureau's housed here represent 40 fulltime and 20 part-time employees that work in an old residential building, including the basement, and in several scattered trailers. A new joint facility, developed in cooperation with the US Fish and Wildlife Service, could centralize the staff, reduce overcrowding, improve interagency communication and provide a processing area for issuing licenses. **ADVERSE IMPACTS:** The overcrowded conditions continue to make it difficult to maintain and organize a quiet, healthy, productive work place. Without this new facility, it will probably be necessary to purchase/rent temporary office space.

**PARKS AND FORESTRY - LIBERTY STATE PARK**

LIBERTY STATE PARK TRAIN SHEDS

LOCATION: HUDSON COUNTY

<b>Sub-Total:</b>	\$15,000	\$2,500	\$2,500	\$10,000	\$0
-------------------	----------	---------	---------	----------	-----

**Operating Impact:** Increase: \$0 Decrease: \$0

Funds are being requested for structural repairs and roof replacement required in order to expand historic preservation of and public access to the site. Adverse impact: Lack of funding for this project will result in increased future repair costs if the work is deferred and diminished access to the site for clients.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

MASON POINT DIKE PROJECT

LOCATION: ELINSBORO TWP

Dept Priority 101

Project ID: 42-208

Project Type Code: E02 Project Type Description: Construction-New

<b>General:</b>	\$3,550	\$800	\$850	\$925	\$975
-----------------	---------	-------	-------	-------	-------

<b>Sub-Total:</b>	\$3,550	\$800	\$850	\$925	\$975
-------------------	---------	-------	-------	-------	-------

**Operating Impact:** Increase: \$10 Decrease: \$0

Funds are needed to build a new upland dike at the Mason Point Impoundment due to the recent failure of the existing dike system. The failure of the existing dike is threatening a 300 year old, historically significant house. To protect both this structure and an adjacent local roadway, a new upland dike would be constructed. Part of this project would include a smaller impoundment located further inland to improve the habitat for local waterfowl. Adverse impact: Possible significant damage to both a historically significant house and to an adjacent roadway.

<b>Sub-Total:</b>	\$4,050	\$1,200	\$1,350	\$1,500	\$0

**Operating Impact:** Increase: \$5 Decrease: \$0

Funding is needed to improve habitat for waterfowl and migratory shorebirds, eliminate invasive plant species and to control both flooding and mosquito problems in the area. In addition, signage and restroom facilities would also be constructed. Funding for this project would represent a four-way partnership among the Army Corp. of Engineers, the US Fish and Wildlife Service, Cape May County and the State of NJ. Adverse impact: Lack of funding would prevent this partnership funding driven project from proceeding. It would significantly diminish the recreational and educational opportunities at the location for constituents.

**FISH GAME AND WILDLIFE RECREATIONAL DEVELOPMENT**

PEQUEST PUMP STATION IMPROVEMENT  
LOCATION: WARREN COUNTY

Dept Priority 103  
Project ID: 42-188  
Project Type Code: E04 Project Type Description: Construction-Other

<b>General:</b>	\$750	\$750	\$0	\$0	\$0
<b>Sub-Total:</b>	\$750	\$750	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

The funds are requested to complete an additional production well that was drilled in 2000. The drilling has been completed but these funds are requested to purchase and install a well pump and motor, emergency back-up system, piping to the main manifold, communication control system from the remote site, and block building around the pumping equipment. ADVERSE IMPACT: The well project has been on going for several years. The well was drilled over 4 years ago but without funding for this project it is useless in it's current state.

***DEPARTMENT OF HEALTH AND SENIOR SERVICES***

## HEALTH AND SENIOR SERVICES

### **Overview**

The mission of the Department of Health and Senior Services is to provide accessible health care and senior services of the highest quality for all people in the State, assuring them optimum health, dignity, and independence. Through a number of initiatives, the Department prevents disease, protects public health, and promotes choices to enrich the quality of life for individuals and communities.

The Department's responsibilities include detection, identification and response to health threats related to biological, chemical, radiological, nuclear, explosive and incendiary acts of terrorism as well as natural disasters and disease outbreaks. Its goals include strengthening New Jersey's public health infrastructure by implementing best practice standards and coordinating a disease surveillance and response network that links, throughout the State, health-care providers and institutions. By gathering scientific evidence and other vital statistics based on primary and secondary prevention programs, the Department works to decrease mortality rates caused by heart disease, cancer, and stroke, thereby promoting longer and healthier lives.

The Department provides a variety of health services at the State and local level including family health services, protection of public health, tobacco addiction, laboratory testing, and AIDS services. It maintains vital statistics by collecting and recording data such as births, deaths, and marriages, and maintains statistics in areas of family health, public health, tobacco addiction, and laboratory services. In partnership with minority oriented health organizations, the Department attempts to eliminate disparities in health care access, treatment, and clinical outcomes between racial, ethnic, and socio-economic groups in such areas as pediatric asthma, diabetes, and heart disease. For the older adults, the Department provides services that promote independence, dignity, and choices that optimize access to the highest quality health care.

### **Public Health Protection Services**

The Department monitors and initiates programs to reduce the incidence of communicable disease such as hepatitis, measles, polio, tuberculosis, and sexually transmitted diseases. Other programs provide a cancer registry, occupational health surveillance, and other environmental and consumer health services. This includes collection of data on occupational illnesses, health assessments, medical screening for individuals exposed to chemicals, and health investigations in private and public workplaces.

The Department has a major commitment to reduce and treat HIV infections and to ensure that information on HIV infection is readily available. It maintains a comprehensive system of HIV/AIDS-related prevention, surveillance, counseling, testing, and other supportive services.

Reduction of tobacco use through prevention and treatment programs continues to be one of the major objectives of the Department. Of significant focus is the development and continuation of tobacco control programs, which are designed in partnership with community leaders, health professionals, advocacy groups, and educators, to significantly decrease tobacco use among all sectors of the population. The Youth Anti-Tobacco Awareness Campaign targets children and

young adults through various media advertisements and smoking cessation programs, such as the web based NJ Quitnet program, toll free phone NJ Quitline program, and face-to-face counseling centers offered through the Quitcenter program.

### **Family Health Services**

Family Health Services is comprised of several divisions devoted to maternal, child, and community health services, as well as public health and disease protection. This includes screening of newborns for neonatal illnesses, such as, hearing deficiencies, hypothyroidism, sickle cell anemia, and early childhood intervention program for developmentally delayed. Other programs managed by the Department include poison control, rehabilitative services for handicapped children, maternal and child care programs, and supplemental nutrition services. The Department also maintains the Public Health and Environmental laboratories that perform comprehensive analytical and diagnostic services in five primary categories including bacteriology, virology, serology, inborn errors of metabolism and environmental and chemical contamination.

### **Senior Services**

The Department funds a number of community-based programs to serve the needs of senior citizens still living in their own homes. The Medical Day Care Program provides nursing, social, and rehabilitative services, including transportation to and from adult day care centers. Other programs for the aged provide communal and home delivery of meals, personal care, and homemaker services. To ensure that the elderly receive the necessary medication, pharmaceutical assistance programs provide prescription drugs based on income and/or disabilities. In addition, the rights of institutionalized elderly are protected through the Office of the Ombudsman, while the Public Guardian provides guardian services for elderly adults who have been deemed by the courts to be in need of assistance.

<b>General:</b>	\$16,100	\$16,100	\$0	\$0	\$0
<b>Sub-Total:</b>	\$16,100	\$16,100	\$0	\$0	\$0

**Operating Impact: Increase: \$5,500 Decrease: \$0**

A FY 2010 capital appropriation of \$16.1 million is requested to provide furniture and equipment for the newly constructed New Jersey Public Health, Environmental and Agricultural Laboratory. As lead tenant in the building, a joint departmental request for the benefit of both the Department of Health and Senior Service (DHSS) and the Department of Agriculture has been prepared by DHSS. Funding for the necessary scientific equipment, fixtures, furnishings, office equipment, telecommunications/audio visual equipment, personal computers with work stations, and network servers/switches is required to complete the construction and allow for the transition to the new facility.

In FY 2004, funding of \$156 million was provided by the New Jersey Building Authority for the construction of a new 200,000+ square foot Public Health, Environmental and Agricultural Laboratory facility at the New Jersey State Police Headquarters Complex in West Trenton. The laboratory will provide a secure, central, state-of-the-art facility for various agencies to perform work in support of public health, environmental and agricultural programs.

The building will accommodate an estimated 260-300 staff from the Departments of Health and Senior Services and Agriculture. Occupancy of the new facility is anticipated by the fall of 2010. Summary of the request is as follows:

1) Scientific Equipment \$7.3 million

An amount of \$7.3 million is requested for replacement of obsolete/unserviceable laboratory equipment. This estimate is based on the architect and engineering consultant's review of current, existing scientific equipment, instrumentation systems, and supporting equipment which will be aged out at 10 years or older at the time of the transition to the new laboratory. The consultant review of instrumentation identified certain equipment which is old and obsolete with manufacturers no longer guaranteeing their ability to service or replace failing parts. Much of this equipment is at risk of failure and well beyond useful life.

In order to properly equip the new laboratory, capital and supporting equipment which is obsolete, well beyond its technical life span and/or in a condition which will not survive the relocation/transport will need to be replaced. The recalibration and validation process cannot be technically supported and that, furthermore strengthens the need for replacement equipment.

2) Fixtures, Furnishings and Equipment (Non-Scientific Equipment) \$4.8 million

An amount of \$4.8 million is requested for fixtures, furnishings and equipment based on estimates from the Architect and Engineering firm of Hellmuth, Obata and Kassabaum. The estimate for the fixtures, furnishings and equipment requirements of the new facility is based on the total square footage of 200,000 at \$24 per square foot. The request includes work stations, lateral files, furniture, media center, fax machines, and small business equipment. Also included is a laboratory training room, a cafeteria and administrative and laboratory fit ups at all appropriate levels.

3) Telecom/Audio Visual \$4 million

An amount of \$4 million is requested based on the architect and engineering firm estimate. This includes all phone systems, audio visual and information technology (IT) needs to support this building. It will include replacement for all PCs 5 years or older as well as routers, racks, switches, and servers required to move into a new laboratory and transmit data/results seamlessly.

***DEPARTMENT OF HUMAN SERVICES***

## HUMAN SERVICES

### **Overview**

The New Jersey Department of Human Services is the State's health and social services agency that assists more than one million of New Jersey's most vulnerable citizens, or about one of every eight New Jersey residents.

DHS serves individuals and families with low incomes; people with mental illnesses, developmental disabilities, or late on-set disabilities; people who are blind, visually impaired, deaf, hard of hearing or deaf-blind; parents needing child care services, child support and/or healthcare for their children; and families facing catastrophic medical expenses for their children.

### **Institutional Care**

The State maintains five psychiatric facilities to serve voluntarily admitted or legally committed persons with mental illnesses. The State administers seven developmental centers, which provide residential, rehabilitative, and educational services for the developmentally disabled. Also, the State administers one rehabilitation center for the blind and visually impaired.

### **Community Services**

In addition to the direct care facilities, the Department offers a wide array of residential and support services for the developmentally disabled and for individuals with mental illnesses who are capable of living under less restrictive community setting. The Division of Mental Health Services coordinates and provides community-based supports such as counseling, emergency screening, case management, and residential and day program services. For the developmentally disabled who can function under less restrictive settings, the Division of Developmental Disabilities provides essential programs in a community setting to meet the specific needs of clients and their families, with the goal of preventing institutionalization.

### **Health Care Services**

Medicaid is the State's principal health care safety net for more than one million low-income parents and children, the elderly, and people with chronic illnesses and disabilities. However, for uninsured families and their dependent children who are ineligible for Medicaid health insurance coverage is provided through The NJ FamilyCare Program.

### **Family Development Services**

The responsibility of the Division of Family Development is to establish, maintain, and supervise an effective public assistance system. This includes the State Work First New Jersey program, health care, food stamps, childcare, child support, and training programs designed to increase the economic self-sufficiency of individuals and families receiving public assistance. The program also provides housing and rental subsidy to eligible families.

All 7 DDD Developmental Centers and 3 DMHS Hospitals are requesting funding for improvements and replacement of their HVAC systems in order to ensure that adequate heat, ventilation and air conditioning are supplied to all buildings. The existing HVAC systems do not maintain adequate comfort levels. This issue has been cited in recent surveys and poses a threat to the health and safety of our residents. Due to the age of the systems, replacement parts are no longer available for repairs. The existing systems are not energy efficient. Projects in priority order:

1. New Lisbon HVAC \$7.5M, 2. Hunterdon HVAC \$5.5M 3. Woodbine HVAC \$2.8M, 4. Vineland HVAC \$4.6M, 5. Green Brook HVAC \$1.5M, 6. Woodbridge HVAC \$7M, 7. Ancora HVAC \$3M, 8. Trenton HVAC \$5M, 9. North Jersey HVAC \$2M, 10. Hagedorn HVAC \$1M

**Operating Impact:** Increase: \$0 Decrease: \$0

The existing piping system is more than 30 years old. The system consists of condensate and steam lines in an encased conduit filled with asbestos-containing insulating material. The lines provide steam for heating and cooking throughout the campus. Numerous leaks have been reported. due to the poor condition of the lines, the boilers require 90% of make up water which in turn increases operating costs.

An emergency project has been initiated at DPMC to replace the most deteriorated section before the next heating system. The estimated cost is \$1.4 million.

**ANCORA PSYCHIATRIC HOSPITAL**

CAPPING LANDFILLS

LOCATION: ANCORA PSYCHIATRIC HOSPITAL

Dept Priority 4

Project ID: 54-280

-------------------	---------	---------	-----	-----	-----

**Operating Impact:** Increase: \$0 Decrease: \$0

Trenton Psychiatric Hospital has recently seen a change in the type of patients cared for. They are younger and more active requiring more space and activities in their rehabilitation. Due to this change in the type of patient from limited mobility to active, an area will be needed to provide additional programming for these patients inside the Lincoln Building. This is a corrective action for a deficiency identified by JCAHO. Elm Hall at Ancora will be renovated to provide program space as recommended by the Governor's Mental Health Task Force. Holly Hall is the secure care unit at Ancora. The basement will be renovated to accommodate patient programs including kitchen facilities. Holly currently has no kitchen or dining facilities.

KITCHEN RENOVATIONS

LOCATION: FOOD SERVICE

Dept Priority 9

Project ID: 54-112

Project Type Code: A03 Project Type Description: Preservation-Critical Repairs

<b>General:</b>	\$7,300	\$7,300	\$0	\$0	\$0
<b>Sub-Total:</b>	\$7,300	\$7,300	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Green Brook: The present kitchen was installed 35 years ago. Replace the walk-in freezers, the present freezers are too small to store all the required food. Extension of the wall for air handler intake: Raise the wall of the air intake pit to minimize exhaust fumes entering the building from the loading dock. Kitchen hood replacement: The main kitchen hood does not meet code and can no longer be certified. Replace the dish machine and air conditioning. Construct storage space. (\$1.3 million)

North Jersey: Main kitchen was last renovated in the 1950's. The work includes new floors, replace pipes, valves and faucets, install a central ventilation system, upgrade the electric, resurface walls, install loading platform cover, and purchase all new cooking equipment. (\$1 million)

Trenton: The main kitchen is over 100 years old. The equipment has not been replaced since the 1960s. The equipment is in constant disrepair and parts are hard to obtain. This project would replace all the equipment and remodel and modernize the kitchen work area. (\$4 million)

Vineland: Replace approximately 10,000 square feet of terrazzo floor in the food storage section and the quarry tile floor in front of the large oven. Flooring contains asbestos. (\$500,000)

Ancora: Replace water cooled refrigeration equipment. (\$500,000)

**NEW LISBON DEVELOPMENTAL CENTER**

NEW WELLS

LOCATION: NEW LISBON DEVELOPMENTAL CTR

Dept Priority 10

Project ID: 54-225

Project Type Code: F03 Project Type Description: Infrastructure-Water Supply-State Facilities

<b>General:</b>	\$1,500	\$1,500	\$0	\$0	\$0
<b>Sub-Total:</b>	\$1,500	\$1,500	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Three new wells are needed. Well #3 has been out of service for several years due to a high sulfur content. The two wells in service are only 83 feet deep. They are not deep enough to service the facility in a drought and are more susceptible to contamination. Deeper wells must be drilled to at least 300 feet.

BATHROOM RENOVATIONS

LOCATION: VARIOUS BUILDINGS

Dept Priority 11

Project ID: 54-236

Project Type Code: B01 Project Type Description: Compliance-ADA

<b>General:</b>	\$14,200	\$14,200	\$0	\$0	\$0
-----------------	----------	----------	-----	-----	-----

<b>Sub-Total:</b>	\$14,200	\$14,200	\$0	\$0	\$0
-------------------	----------	----------	-----	-----	-----

**Operating Impact:**    *Increase:* \$0                      *Decrease:* \$0

Vineland: Renovation of 17 bathrooms in client living areas for handicap access. There is currently 1 handicap toilet in each bathroom. The bathrooms were originally constructed in 1970 for an ambulatory population. Units must be redesigned including relocation of fixtures, showers and additional toilets. All plumbing must also be replaced. (\$2.5 million)

Woodbridge: Upgrade the bathrooms in all 20 patient cottages. Increase the number of bathing units in each cottage to allow for handicapped accessible bathing. (\$1.6 million)

Trenton: Renovate the shower rooms in the Drake Building, 8 showers need total renovation. The tile walls are loose from the metal stud work which has rusted and become detached from the floor plates. These conditions compromise the structural integrity of the walls. Poor exhaust ventilation and the lack of floor drains cause excessive moisture in the rooms. (\$1 million)

North Jersey: Bathroom partitions need to be replaced in 12 cottages, Health Center, Food Service and Meese. Also new bathing equipment is needed in 9 cottages and Meese. Bathroom facilities do not meet ADA standards. (\$4.1 million)

Green Brook: The current bathrooms are 40 years old and in need of major renovation. This project will provide one bathroom for every two client rooms. All new tile and toilets are needed. (\$500,000)

Ancora: In an effort to reduce consumption for the upcoming CCMUA sewer connection project this project will save thousands of gallons of water each month. This project will install water saving faucets and pressurized low flow toilets and urinals in patient bathrooms. (\$4.5 million)

**NEW LISBON DEVELOPMENTAL CENTER**

MANHOLE UPGRADES

LOCATION: NEW LISBON DEVELOPMENTAL CTR

Dept Priority 12

Project ID: 54-275

DOMESTIC WATER SAFETY  
LOCATION: 3 FACILITIES

Dept Priority 13

Project ID: 54-190

Project Type Code: F03 Project Type Description: Infrastructure-Water Supply-State Facilities

<b>General:</b>	\$2,200	\$2,200	\$0	\$0	\$0
-----------------	---------	---------	-----	-----	-----

<b>Sub-Total:</b>	\$2,200	\$2,200	\$0	\$0	\$0
-------------------	---------	---------	-----	-----	-----

**Operating Impact:** Increase: \$0 Decrease: \$0

Vineland: Provide design and installation of new domestic hot water safety mechanisms, transmission, cultivating and control. The existing system is pneumatically controlled, providing inadequate monitoring and relaxed safeguards. Installation of audible alarm indicator, emergency fail safe, shut-off enunciators and indicator driven, setpoint calibration with positive solenoid activated shot-offs is needed. (\$1.2 million)

North Jersey: Present system of converting steam to hot water is over 30 years old and corroded beyond repair. Install hot water steam generators in 8 cottages and 2 buildings. (\$500,000)

Ancora: The current hot water generating system is more than 50 years old. the new system would increase supply and conserve water and energy. (\$500,000)

**NORTH JERSEY DEVELOPMENTAL CENTER**

CLOSURE OF SEWAGE PLANT & WELLS  
LOCATION: NORTH JERSEY DEVELOPMENTAL CTR

ELECTRICAL UPGRADES

LOCATION: VARIOUS BUILDINGS

Dept Priority 15

Project ID: 54-010

Project Type Code: A01 Project Type Description: Preservation-Electrical

<b>General:</b>	\$12,475	\$9,675	\$2,800	\$0	\$0
<b>Sub-Total:</b>	\$12,475	\$9,675	\$2,800	\$0	\$0

**Operating Impact: Increase:** \$0      **Decrease:** \$0

North Jersey: Replace feeders: These units supply electricity to Cottages 6 and 7, 9, 10, 12, Annex, OSD and Maintenance. Water infiltration has deteriorated feeder #2-B causing electrical failure to the Meese and Health Care Buildings. Service panel upgrade: Meese and Cottage 12, existing service panel requires upgrade. Meese residents are extremely sensitive to environmental changes. Existing breakers are weak and require upgrade and replacement. Food Service electrical upgrade: Upgrade to 1200 amp, including transformer/panel. Existing building service is obsolete, unbalanced and inadequate. Existing lighting and fixtures are for the most part inoperable. (\$1.8 million)

Trenton: Replace 30 year old main feeder cables throughout the facility. (\$1.375 million)

Woodbine: Upgrade transformers, electrical service, interior wiring and electrical panels that supply power to buildings C-2,3,4, and 6. C-2,3, and 4 were built in 1928 and C-6 in 1945. There have been no upgrades to the electrical systems.

Upgrade existing transformers that supply power to C-13, Laundry, Maintenance, Galley and Administration Building. (\$1.15 million)

Vineland: Upgrade the aged interior electrical wiring system in all residential cottages. (\$1.95 million)

Upgrade exterior lighting on the East and West Campus (\$1.3 million)

Trenton: Replace the 3 backup generators that are 35, 25 and 23 years old. (\$2.1 million)

Ancora: Correct the electrical violations in Main Building and install a transformer and distribution system in Maple Hall (\$1.7 million)

Ancora: Replace two 750KW backup generators that are 30 years old. (\$700,000)

Upgrade electrical service to Ivy Hall (\$400,000)

**WOODBIDGE DEVELOPMENTAL CENTER**

DEP REMEDIAL ACTION WORK PLAN

LOCATION: POWERHOUSE

Dept Priority 16

Project ID: 54-271

Project Type Code: C04 Project Type Description: Environmental-Underground Tanks

<b>General:</b>	\$1,000	\$1,000	\$0	\$0	\$0
<b>Sub-Total:</b>	\$1,000	\$1,000	\$0	\$0	\$0

**Operating Impact: Increase:** \$0      **Decrease:** \$0

An environmental incident led to the installation of a new aboveground fuel storage system. Clean-up of subsurface soil contamination was initiated at the time of the event but continued monitoring and contaminant recovery were never funded. A remedial action work plan was filed with DEP but never funded.

SEWER LINE IMPROVEMENTS

LOCATION: HUNTERDON DEVELOPMENTAL CENTER

Dept Priority 17

Project ID: 54-023

Project Type Code: C03 Project Type Description: Environmental-Wastewater Treatment

<b>General:</b>	\$2,200	\$2,200	\$0	\$0	\$0
<b>Sub-Total:</b>	\$2,200	\$2,200	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

Many of the current connections have deteriorated creating blockages and clogged sewer lines. Two connections are needed for non-compliance areas at engineering and the pool, where water is being dumped into the storm drains. The sewer manhole near the grinder has to be raised to prevent further spills. In June of 1999, an overflow resulted in a \$15,000 fine. There were two spills in 2001, one in 2002, three in 2003, one in 2004, one in 2005 and three in 2007. Also in 2007 a waste line within one of the cottages failed. The emergency repair cost \$107,000. A proposed off ramp from Rt.78 will impact sewer lines, requiring the facility to replace and/or relocate the sewer lomanator (grinder).

**DIVISION OF MANAGEMENT AND BUDGET**

ELEVATOR REPLACEMENT

LOCATION: VARIOUS BUILDINGS

Dept Priority 18

Project ID: 54-215

Project Type Code: A03 Project Type Description: Preservation-Critical Repairs

<b>General:</b>	\$1,100	\$1,100	\$0	\$0	\$0
<b>Sub-Total:</b>	\$1,100	\$1,100	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

This project will replace elevators in residential facilities in use 24 hours per day. Many of the residents are severely disabled. The equipment is more than 30 years old. Frequent breakdowns require contract service on overtime. The elevators must be kept in operation to meet ADA requirements.

Projects include Woodbridge Hospital Building \$600,000 and North Jersey Meese Building \$500,000.

**WOODBINE DEVELOPMENTAL CENTER**

POWER HOUSE RENOVATIONS

LOCATION: POWERHOUSE

Dept Priority 19

Project ID: 54-118

<b>General:</b>	\$2,000	\$2,000	\$0	\$0	\$0
<b>Sub-Total:</b>	\$2,000	\$2,000	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

The Powerhouse was constructed in 1930, with no major renovations to the interior or exterior since. 3 boilers have been converted to burn methane or landfill gas. Two, 20,000 gallon aboveground tanks have been installed. Also 2 diesel generators, high voltage breakers, transfer switches and electrical panels have been installed in the Powerhouse. In order to protect this equipment, the roof, fascia and trim should be replaced, structural cracks repaired, steel windows replaced with provisions for screens and the existing brick smokestack replaced. The Powerhouse dearator, surge tank, feedwater pumps, and all associated piping need to be replaced.

-------------------	----------	---------	---------	---------	----------

**Operating Impact:** Increase: \$0 Decrease: \$0

In November 2006, DCA rescinded formal technical opinion #8. This requires all existing DHS community residences to be retrofitted with a sprinkler system. The funds requested will protect the prior investment of public funds by maintaining the value of the facilities already purchased and developed for services and will be critical in improving client health and safety. Although the Divisions provide operating funds for routine maintenance for these facilities through its operational contracts with the non-profit agencies using the facilities, additional assistance is required to address replacement or repair of major facility systems, such as heating or cooling systems, roofing and plumbing. Other facility components, such as windows or carpeting, must also be replaced or repaired due to deterioration or accidental damage.

<b>General:</b>	\$28,000	\$4,000	\$4,000	\$4,000	\$16,000
<b>Sub-Total:</b>	\$28,000	\$4,000	\$4,000	\$4,000	\$16,000

**Operating Impact:** Increase: \$0 Decrease: \$0

These funds will be used to provide community mental health agencies with down payments on properties to be developed as affordable housing for persons with mental illness. The funds will be used to secure site control of properties until agencies can close on long term financing with the New Jersey Housing and Mortgage Finance Agency. This is part of a collaborative effort with NJHMFA to meet the goal of the Governor's Special Needs Housing Trust Fund. (the development of 1,000 housing opportunities per year for 10 years) Currently, closing with NJHMFA may take a year or more. This extended time frame often jeopardizes agencies' ability to secure the target property.

**Operating Impact:** Increase: \$0 Decrease: \$0

The sheet linoleum flooring, in the 18 residential units, is more than 20 years old and is no longer available. As a result the facility is unable to repair damaged areas leaving concrete patches exposed. The facility is being cited for sanitary violations and the most recent ICF audit cited flooring as a major deficiency. This project will replace all identified linoleum flooring. Recognizing the age and condition of the flooring, there is additional concern that hazardous materials were used in the floor backing.

**WOODBIDGE DEVELOPMENTAL CENTER**

UPGRADE WALL CARPETING

LOCATION: 15 COTTAGES

Dept Priority 41

Project ID: 54-246

Project Type Code: B03 Project Type Description: Compliance-Fire Safety Under \$50,000

<b>General:</b>	\$490	\$490	\$0	\$0	\$0

**Operating Impact:** Increase: \$0 Decrease: \$0

The oxygen delivery system is undersized for the facility's needs and requires upgrades. This project will remove the existing tank, install a new larger tank, a new alarm system, remote fill location, a redesigned emergency backup system and an increase in the number of outlets. This new system will allow the facility to meet an increasing medical need for oxygen.

COMMUNITY ENERGY CONSERVATION

LOCATION: STATE WIDE

Dept Priority 44

Project ID: 54-265

Project Type Code: F01 Project Type Description: Infrastructure-Energy Improvements

<b>General:</b>	\$8,800	\$1,700	\$1,100	\$1,200	\$4,800
-----------------	---------	---------	---------	---------	---------

<b>Sub-Total:</b>	\$8,800	\$1,700	\$1,100	\$1,200	\$4,800
-------------------	---------	---------	---------	---------	---------

**Operating Impact:**    **Increase:** \$0                      **Decrease:** \$1,500

Install alternative energy systems in community facilities to reduce dependence on conventional (hydrocarbon based) energy sources. This will help to reduce rising operational expenses due to the increasing volatility of fuel prices. Participation by community agencies in the State's solar rebate program, which can provide rebates of as much as 70% of the installation cost, will help stretch the impact of these funds as well as demonstrate the effectiveness of public-private partnerships in reducing energy dependence and greenhouse gas discharge.

**TRENTON PSYCHIATRIC HOSPITAL**

NEW MAINTENANCE SHOP

LOCATION: TRENTON PSYCHIATRIC HOSPITAL

Dept Priority 45

Project ID: 54-152

LOCATION: DEPARTMENT-WIDE

Dept Priority 47

Project ID: 54-100

Project Type Code: C05 Project Type Description: Environmental-Other

<b>General:</b>	\$12,000	\$2,000	\$2,000	\$2,000	\$6,000
<b>Sub-Total:</b>	\$12,000	\$2,000	\$2,000	\$2,000	\$6,000

**Operating Impact: Increase: \$0 Decrease: \$0**

The HVAC ducts at the Department's facilities have not been thoroughly cleaned or inspected. There have been three major duct cleaning problems in two facilities, either as a result of asbestos or bacteria. In all instances the client population had to be relocated during the cleaning. Inspection and cleaning as required is necessary to ensure the health of clients and staff.

**DIVISION OF MANAGEMENT AND BUDGET**

DROP CEILING REPLACEMENT

LOCATION: DEPARTMENT-WIDE

Dept Priority 48

Project ID: 54-131

Project Type Code: A05 Project Type Description: Preservation-Security Enhancements

<b>General:</b>	\$20,000	\$3,000	\$3,000	\$3,000	\$11,000
<b>Sub-Total:</b>	\$20,000	\$3,000	\$3,000	\$3,000	\$11,000

**Operating Impact: Increase: \$0 Decrease: \$0**

The Department's client occupied and client frequented buildings currently have drop ceiling systems that are not secure, meaning that ceiling tiles can be moved. This allows clients access to above ceiling areas where they can hide contraband. It also allows them access to the exposed ceiling grid system. In one instance, this led to a suicide. The Department requests the funds necessary to replace these ceiling systems with security ceiling systems. In these systems, the ceiling tiles are secured to the grid by means of concealed clips, security screws, or other tie-down methods. Any security ceiling installation must include secure light fixtures as well. The cost estimates are based on \$35 per square foot cost of designed and installed security ceiling with secure lighting fixtures. We will be able to install 86,000 square feet per year. This would equate to approximately 4 to 6 buildings of average size.

This request will provide a Type 1 environmental assessment for all DHS facilities. In the past few years, the Department has repeatedly requested funds from OMB for a variety of environmental problems, fuel spills, asbestos, tritium, lead paint, underground storage tanks, mercury spills, bacteria on the walls and in the ducts, etc. Many of these problems are hidden until an emergency occurs. This type of assessment will identify hazards before they become emergencies.

**Department of Human Services**

EMERGENCY/CONTINGENCY FUND

LOCATION: DDD STATE OWNED FACILITIES

Dept Priority 58

Project ID: 54-082

Project Type Code: A06 Project Type Description: Preservation-Other

<b>General:</b>	\$6,000	\$1,000	\$1,000	\$1,000	\$3,000
<b>Sub-Total:</b>	\$6,000	\$1,000	\$1,000	\$1,000	\$3,000

**Operating Impact:** Increase: \$0 Decrease: \$0

There is a need for contingency funds for emergency repairs that otherwise could result in the closure of cottages or a facility or present a major safety concern. The Division has less than \$100,000 remaining from the 1994 Bond Fund to cover emergencies. Examples of emergency repairs this past year were electrical, sewerage problems, condensate lines and boiler problems. If these problems were not corrected, they could have resulted in either cottages or the facility being closed. There are major hot water, steam, electrical and repair projects that were not funded in FY2006 that may require emergency funding.

**DIVISION OF DEVELOPMENTAL DISABILITIES**

EMERGENCY CONTINGENCY FUND

LOCATION: STATEWIDE
