### Language -- Direct State Services - General Fund

Balances on hand at the end of the preceding fiscal year for the benefit of residents in the several veterans' homes and such funds as may be received, are appropriated for the use of such residents.

Revenues representing receipts to the General Fund from charges to residents' trust accounts for maintenance costs are appropriated for use as personal needs allowances for patients/residents who have no other source of funds for such purposes; provided, however, that the allowance shall not exceed \$50 per month for any eligible resident of an institution and provided further, that the total amount herein for such allowances shall not exceed \$100,000, and that any increase in the maximum monthly allowance shall be approved by the Director of the Division of Budget and Accounting.

Funds received from the sale of articles made in occupational therapy departments of the several veterans' homes are appropriated for the purchase of additional material and other expenses incidental to such sale or manufacture.

Forty percent of the receipts in excess of the amount anticipated derived from resident contributions and the U.S. Department of Veterans Affairs at the end of the preceding fiscal year are appropriated for veterans' program initiatives, subject to the approval of the Director of the Division of Budget and Accounting of an itemized plan for the expenditure of these amounts, as shall be submitted by the Adjutant General.

Fees charged to residents for personal laundry services provided by the veterans' homes are appropriated to supplement the operational and maintenance costs of these laundry services.
