## Board of Trustees

The Police and Firemen's Retirement System
of New Jersey
Trenton, New Jersey
Members of the Board:

This valuation provides information concerning the Police and Firemen's Retirement System of New Jersey (PFRS) in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 68. This Statement is an amendment of Statements No. 27, Accounting for Pensions by State and Local Government Employers effective for the fiscal year ending June 30, 2015.

We certify that the information contained in this Actuarial Report has been prepared in accordance with generally accepted actuarial principles and practices. To the best of our knowledge, the information fairly presents the actuarial position of the PFRS in accordance with the requirements of GASB Statement No. 68 as of June 30, 2015. Information necessary to comply with the reporting requirements of GASB Statement No. 67 was provided in a separate Actuarial Report, which is available on the Division of Pensions and Benefits web site. Please refer to that separate Actuarial Report for supplementary information documentation and support for the actuarial analysis and information presented herein.

The Board of Trustees and staff of the Division of Pensions and Benefits, its auditors, and PFRS employers may use this report for the review of the operation of the Plan. The report may also be used in the preparation of the audited financial statements of the State of New Jersey and PFRS employers. Use of this report for any other purpose or by anyone other than the Board of Trustees or the staff of the Division of Pensions and Benefits or employers or its auditors may not be appropriate and may result in mistaken conclusions because of failure to understand applicable assumptions, methods, or inapplicability of the report for that purpose. No one may make any representations or warranties based on any statements or conclusions contained in this report without Buck Consultants' prior written consent.

Future actuarial measurements may differ significantly from current measurements due to Plan experience differing from that anticipated by the economic and demographic assumptions, increases or decreases expected as part of the natural operation of the methodology used for these measurements, and changes in Plan provisions or applicable law. An analysis of the potential range of such future differences is beyond the scope of this valuation.

In preparing the actuarial results, we have relied upon information provided by the Division of Pensions and Benefits regarding Plan provisions, Plan participants, Plan assets, contribution rates and other matters used in the actuarial valuation. Although we did not audit the data, we reviewed the data for reasonableness and consistency with the prior year's information. The accuracy of the results presented herein is dependent on the accuracy of the data.

In my opinion, the actuarial assumptions used are appropriate for purposes of the valuation and are reasonably related to the experience of the Plan and to reasonable longterm expectations.

This report was prepared under my supervision. I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries. I meet the Academy's qualification Standards to issue this Statement of Actuarial Opinion. This report has been prepared in accordance with all applicable Actuarial Standards of Practice. I am available to answer questions and supply any additional information.

## Section I - GASB 68 Information

## Plan Description

## Plan Administration

The State of New Jersey Division of Pensions and Benefits administers the Police and Firemen's Retirement System of New Jersey (Plan), a governmental cost sharing multiple-employer defined benefit pension plan that provides pensions for all individuals who become full-time policemen and firemen and who at the time of enrollment are no older than age 35.

The general responsibility for the proper operation of the Plan is vested in the Board of Trustees (Board), and the pension committees established pursuant to Chapter 78 P.L. 2011.

The Board of Trustees consists of 11 members, two policeman and two firemen who are active members of the System, one retiree of the System, five members appointed by the Governor and the State Treasurer. The Director of the Division of Pensions and Benefits of the State Department of the Treasury shall appoint a qualified employee of the division who shall be the secretary of the Board.

In accordance with Chapter 78, P.L. 2011, a pension committee is to be established for the State portion of the System and the Local portion of the System when the "target funded ratio" is achieved. The "target funded ratio" is defined as the ratio of the actuarial value of assets over the actuarially determined accrued liabilities expressed as a percentage that will be $75 \%$ in State fiscal year 2012, and increased annually by equal increments in each of the subsequent seven fiscal years, until the ratio reaches $80 \%$ at which time it is to remain for all subsequent fiscal years. The Local portion of the System has attained the required "target funded ratio" in Fiscal Year 2012, thus a pension committee has been established for the Local Employer portion of the System. The State portion of the System has not attained the required "target funded ratio" in fiscal Year 2012 or Fiscal Year 2013, thus a pension committee has not yet been established for the State portion of the System.

The pension committees consist of ten members; five members appointed by the Governor as representatives of the public employer whose employees are enrolled in the retirement system, two members who shall be appointed by the head of the union representing the greatest number of police office members, one member who shall be appointed by the head of the union representing the second greatest number of police officer members, one member appointed by the head of the union representing the greatest number of firefighter members and one member who shall be appointed by the head of the union representing the second greatest number of firefighter members.

Chapter 78, P.L. 2011 grants the authority to amend the benefit terms of the Plan to the pension committees. The pension committees will have the discretionary authority to modify the member contribution rate, formula for calculation of final compensation, age at which a member may be eligible and the benefits for service and special retirement and benefits provided for disability benefit. The pension committees will have the authority to reactivate the cost of living adjustment and set the duration and extent of the activation. The pension committees must give priority consideration to the reactivation of the cost of living adjustment. No decision of the pension committees shall be implemented if the direct or indirect result of the decision will be that the Plan's funded ratio falls below the target funded ratio in any valuation period during the 30 years following the implementation of the decision.

As required under Chapter 255, P.L. 1944, experience studies are performed once in every three year period. The valuation was prepared using the demographic assumptions recommended on the basis of the July 1, 2007 - June 30, 2010 Experience Study and approved by the Board of Trustees at the November 14, 2011 Board meeting. The valuation reflects the economic assumptions recommended by the Treasurer, which include a rate of investment return of $7.90 \%$ per annum and assumed future salary increases reduced by 2.00\% per annum through fiscal year ending 2021 and 1.00\% per annum for fiscal years ending 2022 and thereafter. These assumptions will remain in effect for valuation purposes until such time as the Board or the Treasurer recommends revised economic assumptions.

## Measurement Date

The net pension liability for fiscal year ending June 30, 2015 is determined at a measurement date of June 30, 2014. The total pension liability as of June 30, 2014 was determined by rolling forward the Plan's total pension liability as of July 1, 2013 to June 30, 2014. The plan fiduciary net position is the market value of plan assets as of June 30, 2014.

## Data for Valuation

In preparing the actuarial valuation as of June 30, 2013, the actuary has relied on data and assets provided by the Division of Pensions and Benefits. While not verifying the data at their source, the actuary has performed tests for consistency and reasonableness.

The following is a summary of Plan participants and the development of the average expected remaining service lives of active and inactive members as of June 30, 2013:

|  | Number <br> Expected Remaining <br> Years of Service |  |
| :--- | ---: | ---: |
| Inactive Plan members or beneficiaries currently receiving | 39,137 | 58 |
| Inactive Plan members entitled to but not yet receiving | $\underline{0.00}$ |  |
| Active Plan members | $\underline{40,372}$ | 0.00 |
| Total | $\underline{\underline{79,567}}$ | $\underline{490,649.74}$ |
|  | $\underline{490,649.74}$ |  |

Average expected remaining service lives of active and inactive members as of June 30, 2013: 6.17 years

## Benefits Provided

Please see Section III of the report for a summary of Plan provisions.

## Contributions

The Board establishes contributions based on an actuarially determined contribution recommended by an independent actuary and a contribution for the Non-Contributory Group Insurance Premium Fund (NCGIPF). The actuarially determined contribution is the estimated amount necessary to finance the costs of benefits earned by Plan members during the year, with an additional amount to finance a portion of any unfunded accrued liability. For the year ended June 30, 2014, the State and Local Employers contributed $\$ 908,386,880$ to the Plan as provided by the June 30, 2014 Financial Report.

## Net Pension Liability

The Net Pension Liability excludes separately financed liabilities to the pension plan which are attributable to Chapter 19, P.L. 2009 and various Local employers' early retirement incentive programs (see Section III).
a. The components of the net pension liability at June 30, 2013, were as follows:

|  | State | Local | Total |
| :---: | :---: | :---: | :---: |
| NCGIPF |  |  |  |
| Total pension liability | \$ 106,156,006 | \$ 693,575,148 | \$ 799,731,154 |
| Plan fiduciary net position | 0 | 7,779,400 | 7,779,400 |
| Plan net pension liability | \$ 106,156,006 | \$ 685,795,748 | \$ 791,951,754 |
| Pension |  |  |  |
| Total pension liability | \$ 5,056,840,285 | \$ 34,491,822,106 | \$ 39,548,662,391 |
| Plan fiduciary net position | 1,802,362,643 | 20,644,348,850 | 22,446,711,493 |
| Plan net pension liability | \$ 3,254,477,642 | \$ 13,847,473,256 | \$ 17,101,950,898 |
| Total |  |  |  |
| Total pension liability | \$ 5,162,996,291 | \$ 35,185,397,254 | \$ 40,348,393,545 |
| Plan fiduciary net position | 1,802,362,643 | 20,652,128,250 | 22,454,490,893 |
| Plan net pension liability | \$ 3,360,633,648 | \$ 14,533,269,004 | \$ 17,893,902,652 |

b. The components of the net pension liability at June 30, 2014, were as follows:

|  | State | Local | Total |
| :---: | :---: | :---: | :---: |
| NCGIPF |  |  |  |
| Total pension liability | \$ 106,029,985 | \$ 732,360,694 | \$ 838,390,679 |
| Plan fiduciary net position | 0 | 11,460,337 | 11,460,337 |
| Plan net pension liability | \$ 106,029,985 | \$ 720,900,357 | \$ 826,930,342 |
| Pension |  |  |  |
| Total pension liability | \$ 5,334,943,007 | \$ 36,333,830,717 | \$ 41,668,773,724 |
| Plan fiduciary net position | 1,887,921,552 | 23,121,103,896 | 25,009,025,448 |
| Plan net pension liability | \$ 3,447,021,455 | \$ 13,212,726,821 | \$ 16,659,748,276 |
| Total |  |  |  |
| Total pension liability | \$ 5,440,972,992 | \$ 37,066,191,411 | \$ 42,507,164,403 |
| Plan fiduciary net position | 1,887,921,552 | 23,132,564,233 | 25,020,485,785 |
| Plan net pension liability | \$ 3,553,051,440 | \$ 13,933,627,178 | \$ 17,486,678,618 |

c. Sensitivity to Discount Rate: The following presents the net pension liability calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

|  | June 30, 2013 |  |  |
| :---: | :---: | :---: | :---: |
|  | 1\% Decrease (5.45\%) | Current (6.45\%) | 1\% Increase (7.45\%) |
| State | \$ 4,064,120,863 | \$ 3,360,633,648 | \$ 2,782,242,530 |
| Local | 19,147,850,178 | 14,533,269,004 | 10,723,604,171 |
| Total | \$ 23,211,971,041 | \$ 17,893,902,652 | \$ 13,505,846,701 |

## June 30, 2014

| 1\% Decrease (5.32\%) |  |
| :---: | :---: |
| $\$ 4,295,501,153$ |  |
| $\frac{\text { Current (6.32\%) }}{\$ 3,553,051,440}$ |  |
| $\$ 23,077,354,429$ | $\frac{13,933,627,178}{\$ 17,486,678,618}$ |

| $1 \%$ Increase (7.32\%) |

| $9,930,405,551$ |
| $\$ 12,872,088,327$ |

Pension Expense as of June 30, 2014

| Service cost |  | 140,124,495 | \$ 873,653,030 | \$1,013,777,525 ${ }^{1}$ |
| :---: | :---: | :---: | :---: | :---: |
| Interest cost |  | 333,115,715 | 2,267,892,475 | 2,601,008,190 ${ }^{1}$ |
| Expected return on assets |  | $(133,538,382)$ | $(1,533,713,242)$ | $(1,667,251,624)$ |
| Current period effect of benefit changes |  | 0 | 0 | 0 |
| Current period difference between expected and actual experience |  | 0 | 0 | 0 |
| Current period effect of changes in assumptions |  | 13,971,893 | 91,346,447 | 105,318,340 |
| Current period difference between projected and actual investment earnings |  | $(21,947,423)$ | $(320,913,025)$ | $(342,860,448)$ |
| Member contributions |  | $(53,618,958)$ | $(332,041,138)$ | $(385,660,096)$ |
| Administrative expenses |  | 495,670 | 3,281,271 | 3,776,941 |
| Current period recognition of prior years' deferred outflows of resources |  | 0 | 0 | 0 |
| Current period recognition of prior years' deferred inflows of resources |  | 0 | 0 | 0 |
| Sub Total | \$ | 278,603,010 | \$ 1,049,505,818 | \$1,328,108,828 |
| Pension expense related to specific liabilities of individual employers: |  |  |  |  |
| Employer contribution - retroactive |  | 0 | $(278,805)$ | $(278,805)$ |
| Employer contribution - additional |  | 0 | $(12,756,687)$ | $(12,756,687)$ |
| Pension expense subject to allocation | \$ | 278,603,010 | \$ 1,036,470,326 | \$1,315,073,336 |

1. The Service Cost and Interest Cost components have been revised from the amounts previously reported for the fiscal year ending June 30, 2014 GASB 67 actuary's report to reallocate interest accrued on the Service Cost of $\$ 65,388,650$ to the Interest Cost component.

The pension expense for the fiscal year ending June 30, 2014 is based on the June 30, 2013 valuation.

The effect of the change in assumptions and change in employers' proportion are recognized over the average expected remaining service lives of active and inactive members as of June 30, 2013 (6.17 years).

The difference between projected and actual investment earnings is recognized over 5 years.

## Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2014, employers of the System have a collective pension expense of $\$ 1,328,108,828$ ( $\$ 278,603,010$ for State and $\$ 1,049,505,818$ for Local employers). At June 30, 2014, there are deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| State | Deferred Outflow of Resources |  | Deferred Inflow of Resources |  |
| :---: | :---: | :---: | :---: | :---: |
| Changes in assumptions | \$ | 72,234,687 | \$ | 0 |
| Difference between projected and actual investment earnings |  | 0 |  | 87,789,694 |
| Total | \$ | 72,234,687 | \$ | 87,789,694 |
| Local |  | erred Outflow of Resources |  | Deferred Inflow of Resources |
| Changes in assumptions | \$ | 472,261,128 | \$ | 0 |
| Difference between projected and actual investment earnings |  | 0 |  | 1,283,652,103 |
| Total | \$ | 472,261,128 | \$ | 1,283,652,103 |
|  |  | erred Outflow of Resources |  | Deferred Inflow of Resources |
| Changes in assumptions | \$ | 544,495,815 | \$ | 0 |
| Difference between projected and actual investment earnings |  | 0 |  | 1,371,441,797 |
| Total | \$ | 544,495,815 | \$ | 1,371,441,797 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the State's pension expense as follows:

| Fiscal Year ending <br> June 30 |  |  |  |  |
| :--- | :---: | :---: | :---: | :---: |
|  |  |  |  |  |
| 2015 | $\$$ | $\underline{\text { State }}$ | $\underline{\text { Local }}$ |  |
| 2016 | $(7,975,530)$ | $\$$ | $(229,566,579)$ | $\$$ |
| Total |  |  |  |  |
| 2017 |  | $(7,975,530)$ | $(229,566,579)$ | $(237,542,109)$ |
| 2018 | $(7,975,530)$ | $(229,566,579)$ | $(237,542,109)$ |  |
| 2019 | $(7,975,532)$ | $(229,566,577)$ | $(237,542,109)$ |  |
| Thereafter | $13,971,893$ | $91,346,447$ | $105,318,340$ |  |

## Actuarial Assumptions

The total pension liability as of June 30, 2014 was determined by rolling forward the Plan's total pension liability as of July 1, 2013 to June 30, 2014 using the following actuarial assumptions, applied to all periods included in the measurement. All other methods and assumptions used to determine the total pension liability are set forth in Section II and are consistent with the assumptions used for the July 1, 2013 actuarial valuation. The demographic assumptions were selected on the basis of the experience study that was performed for the three-year period ending June 30, 2010 and were adopted by the Board at its November 14, 2011 Board meeting. The economic assumptions were recommended by the Treasurer. These assumptions were effective beginning with the July 1, 2011 actuarial valuation.

## Long-Term Expected Rate of Return

The arithmetic mean return on the portfolio was determined using a building-block method in which bestestimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2014 are summarized in the following table. The capital market assumptions are per Buck's investment consulting practice for 2014.

| Asset Class |  | Target <br> Allocation* | Iong-Term <br> Expected <br> Real Rate <br> of Return |
| :--- | :--- | :---: | :---: |
|  |  | $6.00 \%$ | $0.80 \%$ |
| Cash | Citigroup 90-Day T-Bills | $6.00 \%$ | $2.49 \%$ |
| Core Bonds | Barclays Gov/Cred | $1.00 \%$ | $2.26 \%$ |
| Intermediate-Term Bonds | Barclays Intermediate Gov/Cred | $11.20 \%$ | $2.17 \%$ |
| Mortgages | Barclays Mortgage | $2.50 \%$ | $5.50 \%$ |
| High Yield Bonds | ML Index High Yield | $2.50 \%$ | $3.52 \%$ |
| Inflation-Indexed Bonds | Wilshire 5000/Russell 3000 | $25.90 \%$ | $8.22 \%$ |
| Broad US Equities | MSCI EAFE | $12.70 \%$ | $8.12 \%$ |
| Developed Foreign Equities | MSCI Emerging Markets | $6.50 \%$ | $9.91 \%$ |
| Emerging Market Equities | Cambridge Associates | $8.25 \%$ | $13.02 \%$ |
| Private Equity | HFRI Fund of Funds | $12.25 \%$ | $4.92 \%$ |
| Hedge Funds/Absolute Return | NCREIF/TBI Property | $3.20 \%$ | $5.80 \%$ |
| Real Estate (Property) |  | $2.50 \%$ | $5.35 \%$ |
| Commodities |  |  |  |
|  |  |  | $3.01 \%$ |
| Assumed Inflation - Mean |  |  | $2.72 \%$ |
| Assumed Inflation - Standard Deviation |  |  | $9.54 \%$ |
|  |  |  | $11.17 \%$ |
| Portfolio Arithmetic Mean Return |  |  |  |
| Portfolio Standard Derivation |  |  |  |
|  |  |  |  |
| Long-Term Expected Rate of Return <br> selected by State Treasurer |  |  |  |

*Based on target asset allocation for 2014.

## Discount rate

The discount rates used to measure the total pension liability were $6.45 \%$ as of June 30,2013 and $6.32 \%$ as of June 30, 2014. As discussed with the Division of Pensions and Benefits and in accordance with Paragraph 42 of the GASB Statement No. 67, the projection of cash flows used to determine the discount rate assumed that the Locals will contribute $100.0 \%$ of their actuarially determined contribution and the NCGIPF contribution while the State will contribute $14.51 \%$ of its actuarially determined contribution and $100 \%$ of its NCGIPF contribution. The contribution percentage is the average percentage of the annual actual contribution paid over the annual actuarially determined contribution during the most recent five-year period. Based on those assumptions, the pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members until fiscal year 2045. Municipal bond rates of $4.63 \%$ as of June 30, 2013 and $4.29 \%$ as of June 30, 2014 were used in the development of the blended GASB discount rate after that point. As selected by the State Treasurer, the rates are based on the Bond Buyer Go 20-Bond Municipal Bond Index. Based on the long-term rate of return of $7.90 \%$ and the municipal bond rates of $4.63 \%$ as of June 30, 2013 and $4.29 \%$ as of June 30, 2014, the blended GASB discount rates are $6.45 \%$ as of June 30,2013 and $6.32 \%$ as of June 30, 2014. The assumed discount rate has been determined in accordance with the method prescribed by GASB Statement No. 67. We believe this assumption is reasonable for the purposes of the measurements required by the Statement.

The discount rate is the single rate that reflects (1) the long-term expected rate of return on Plan investments that are expected to be used to finance the payment of benefits, to the extent that the Plan's fiduciary net position is projected to be sufficient to make projected benefit payments and Plan assets are expected to be invested using a strategy to achieve that return, and (2) a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another scale), to the extent that the conditions for use of the long-term expected rate of return are not met.

Should contributions to the Plan be different from those outlined above, the results would reflect the new contribution policy and may result in the Fiduciary Net Plan Position not being sufficient to cover the Plan's benefit payments at some future date and thus changing the discount rate used to determine the Plan's Total Pension Liability.

## Actuarial Cost Method

Entry Age Normal - Level Percentage of Pay

## Asset Valuation Method

Invested assets are reported at fair value.

## Schedule of Local Employer Contributions

The reconciliation of Local Employer contributions used to determine the fiscal year 2013 and fiscal year 2014 proportionate shares is shown in Schedule A in the Appendix.

## Section II - Actuarial Assumptions and Methods

## Valuation Interest Rate

7.90\% per annum, compounded annually.

## Employee Contribution Interest Rate

7.90\% per annum.

COLA
No future COLA is assumed.

## Separations from Service and Salary Increases

Representative values of the assumed annual rates of separation and annual rates of salary increases are as follows:

Annual Rates of

| Age | Select Withdrawal |  |  |  |  | Ultimate Withdrawal |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Up to the 1st Year | 2nd Year | 3rd Year | 4th Year | 5 to 9 Years | After 9 Years |
| 25 | 5.00\% | 1.62\% | 1.40\% | 0.90\% | 0.35\% | 0.00\% |
| 30 | 6.00 | 2.20 | 1.76 | 1.31 | 0.55 | 0.24 |
| 35 | 7.00 | 2.25 | 1.76 | 1.31 | 0.77 | 0.24 |
| 40 | 10.00 | 2.25 | 1.85 | 1.74 | 0.77 | 0.27 |
| 45 | 3.50 | 2.25 | 1.85 | 2.32 | 1.35 | 0.28 |
| 50 | 0.00 | 2.25 | 1.85 | 2.00 | 1.60 | 0.30 |

* Retirement assumption prior to age 55 is for any member as of January 18,2000 upon completion of 20 years of service.

## Deaths after Retirement:

RP-2000 Combined Healthy Mortality Tables for service retirements and beneficiaries projected on a generational basis from the base year of 2011 using Projection Scale AA. Special mortality tables are used for the period after disability retirement. Representative values of the assumed annual rates of mortality unadjusted for Projection Scale AA are as follows:

|  | Service Retirements and <br> Beneficiaries |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
| Age | Men | Women | Age | Retirementity |
| 55 | $0.362 \%$ | $0.272 \%$ | 35 | $0.598 \%$ |
| 60 | 0.675 | 0.506 | 40 | 0.634 |
| 65 | 1.274 | 0.971 | 45 | 0.803 |
| 70 | 2.221 | 1.674 | 50 | 1.058 |
| 75 | 3.783 | 2.811 | 55 | 1.210 |
| 80 | 6.437 | 4.588 | 60 | 1.426 |
| 85 | 11.076 | 7.745 | 65 | 1.949 |

## Marriage:

Husbands are assumed to be 3 years older than wives. Among the active population, $90 \%$ of participants are assumed married. No children are assumed. Neither the percentage married nor the number of children assumption is individually explicit, but they are considered reasonable as a single combined assumption.

## Actuarial Cost Method for Pension Funding:

Projected Unit Credit Method. This method essentially funds the System's benefits accrued to the valuation date. Experience gains and losses are recognized in future accrued liability contributions. In accordance with Chapter 78, P.L. 2011, beginning with the July 1, 2010 actuarial valuation, the accrued liability contribution shall be computed so that if the contribution is paid annually in level dollars, it will amortize the unfunded accrued liability over an open 30 year period. Beginning with the July 1, 2018 actuarial valuation, the accrued liability contribution shall be computed so that if the contribution is paid annually in level dollars it will amortize the unfunded accrued liability over a closed 30 year period (i.e., for each subsequent valuation, the amortization period shall decrease by one year.) Beginning with the July 1, 2028 actuarial valuation, when the remaining amortization period reaches 20 years, any increase or decrease in the unfunded accrued liability as a result of actuarial losses or gains for subsequent valuation years shall serve to increase or decrease, respectively, the amortization period for
the unfunded accrued liability, unless an increase in the amortization period will cause it to exceed 20 years. If an increase in the amortization period as a result of actuarial losses for a valuation year would exceed 20 years, the accrued liability contribution shall be computed for the valuation year using a 20 year amortization period.

Asset Valuation Method for Pension Funding:
A five year average of market values with write-up was used. This method takes into account appreciation (depreciation) in investments in order to smooth asset values by averaging the excess of the actual over the expected income, on a market value basis, over a five-year period.

## Section III - Summary of Plan Provisions

New Jersey Statutes, Title 43, Chapter 16A.

## Eligibility for Membership

Enrollment is restricted to eligible policemen and firemen who are permanent and full-time and who pass the physical and mental fitness requirements. The maximum enrollment age is 35 .

## 1. Definitions

Plan Year

Credited Service

Average Final
Compensation (AFC)

Compensation

Final Compensation (FC)

Accumulated Deductions

The 12-month period beginning on July 1 and ending on June 30.
A year of service is credited for each year an employee is a Member of the Retirement System plus service, if any, covered by a prior service liability.

The average annual compensation for the three consecutive years of Service immediately preceding retirement or the highest three consecutive fiscal years of Membership Service.

Base salary upon which contributions by a Member to the Annuity Savings Fund were based in the last year of Service. For Accidental Death, benefits are computed at the annual rate of salary. In accordance with Chapter 1, P.L. 2010, for members hired on or after May 22, 2010 Compensation cannot exceed the annual maximum wage contribution base for Social Security pursuant to the Federal Insurance Contribution Act.

Annual compensation received by the member in the last 12 months of Credited Service preceding his retirement. In accordance with Chapter 1, P.L. 2010, for members hired on or after May 22, 2010, FC means the average annual compensation for the three fiscal years of membership providing the largest benefit.

The sum of all amounts deducted from the compensation of a Member or contributed by him or on his behalf without interest.
2. Benefits

Service Retirement

Eligibility means age 55 or 20 years of credited service for an employee who was a member of the Retirement System as of January 18, 2000 and age 55 for an employee who became a member of the Retirement System after January 18, 2000; mandatory at age 65 (except that a member hired prior to January 1, 1987 may remain a member of the Retirement System until the member attains the earlier of age 68 or 25 years of creditable service). Benefit is an annual retirement allowance equal to a member annuity plus an employer pension which together equals the greater of:
(i) $1 / 60$ th of FC for each year of Credited Service; or
(ii) $2 \%$ of FC multiplied by years of Credited Service up to 30 plus $1 \%$ of FC multiplied by years of Service over 30. (Prior to January 18, 2000, this benefit was based on AFC rather than FC. However, Policy Memorandum 4-2000, which interpreted the provisions of Chapter 428, P.L. 1999, authorized the change in the salary basis).
(iii) $50 \%$ of FC if the member has 20 or more years of Credited Service.

Chapter 428 also requires that, in addition to the $50 \%$ of FC benefit, any member as of January 18, 2000 who will have 20 or more years of Credited Service and is required to retire upon attaining age 65 (except that a member hired prior to January 1, 1987 may remain a member of the System until the member attains the earlier of age 68 or 25 years of creditable service), shall receive an additional benefit equal to $3 \%$ of FC for each year of Credited Service over 20 years but not over 25 years.

Special Retirement

Vested Termination

Death Benefits

After completion of 25 years of Credited Service. The annual retirement benefit is equal to a member annuity plus an employer pension which together equal $65 \%$ of FC plus $1 \%$ of FC for each year of Credited Service over 25. Effective for members hired after June 28, 2011, the annual retirement benefit is equal to a member annuity plus an employer pension which together equal $60 \%$ of FC plus $1 \%$ of FC for each year of Credited Service over 25. There is a maximum benefit of $70 \%$ of FC ( $65 \%$ of FC for members hired after June 28, 2011) except for those members with 30 or more years of Credited Service on June 30, 1979.
(A) Eligible upon termination of service prior to age 55 and prior to 10 years of Credited Service. The benefit equals a refund of Accumulated Deductions less any outstanding loans.
(B) Eligible upon termination of service prior to age 55 and after 10 years of Credited Service (but less than 20 years if a member on or prior to January 18, 2000 or less than 25 years of service if a member after January 18, 2000). The benefit is a deferred retirement benefit, commencing at age 55 , equal to a member annuity plus an employer pension which together provide a retirement allowance equal to $2 \%$ of FC multiplied by years of Credited Service up to 30 plus $1 \%$ of FC multiplied by years of Credited Service over 30.

Ordinary Death Benefit - Lump Sum (NCGIPF)
(1) If a member dies prior to retirement, the benefit payable is as follows:

A lump sum amount equal to 3-1/2 times FC payable to the member's beneficiary.
(2) After retirement but prior to age 55, the benefit is as follows:
(i) For death while a Disabled Retiree the benefit is equal to 3-1/2 times Compensation.
(ii) For death while a Deferred Retiree the benefit is equal to his Accumulated Deductions.
(iii) For death while a Retiree who has completed 20 years of Credited Service, the benefit is equal to $1 / 2$ times FC.
(3) After retirement and after age 55, the benefit payable is equal to $1 / 2$ times Compensation. (Note: If a Member is not disabled, 10 years of Credited Service is required for Members enrolling after July $1,1971$. )

Ordinary Death Benefit - Survivor Annuity
(1) If a member dies prior to retirement, the benefit payable to a widow (widower) is equal to $50 \%$ of FC ( $20 \%$ of FC payable to one child, $35 \%$ of FC payable to two children or $50 \%$ of FC payable to three or more children if there is no surviving widow or widower or if the widow or widower dies or remarries or $25 \%$ of FC payable to one parent or $40 \%$ of FC payable to two parents if no surviving widow, widower or child. If no widow, widower, child or parent, the benefit payable to a beneficiary is the aggregate Accumulated Contributions at the time of death).
(2) For any member who retired after December 18, 1967, the benefit payable to a widow (widower) is equal to $50 \%$ of FC plus $15 \%$ of FC for one child and $25 \%$ of FC for two or more children.

If no spouse, or spouse remarries, the benefit is equal to $20 \%$ of FC for one child, $35 \%$ for two children, and $50 \%$ for three or more children.

There is also a minimum benefit payable to widows (widowers) of $\$ 4,500$ a year.
(3) For any member who retired with an Accidental Disability Benefit, the benefit payable is equal to $\$ 4,500$ a year to the widow (widower). If there is no widow (widower) the benefit payable is $\$ 600$ a year for 1 child, $\$ 960$ a year for 2 children, and $\$ 1,500$ a year for 3 or more children. The benefit for children is payable until age 18.

## Accidental Death Benefit

A death while active resulting from injuries received from an accident during performance of duty is eligible for a lump sum equal to the Accumulated Deductions plus 3-1/2 times Compensation plus an annuity benefit payable is as follows:
(i) The benefit to a widow or widower is equal to $70 \%$ of Compensation.
(ii) The benefit, when there is no spouse, or spouse is remarried, is equal to $20 \%$ of Compensation for one child, $35 \%$ for two children, $50 \%$ for three or more children. The benefit is payable while the children are under age 18, or until age 24 if they are full-time students, or it is payable for life if they are disabled.
(iii) The benefit, when there is no spouse or children, is equal to $25 \%$ of Compensation for one parent and $40 \%$ for two parents.
(iv) The benefit, when there is no relation as stated above, is equal to the Accumulated Deductions and is payable to a beneficiary or to the Member's estate. This is also the minimum benefit payable under (i), (ii) and (iii).

Disability Benefits
Ordinary Disability Retirement
A Member is eligible for Ordinary Disability Retirement if he (she) has 4 years of Service and is totally and permanently incapacitated from the performance of usual or available duties. The benefit is equal to the greater of:
(i) $1-1 / 2 \%$ of FC times the number of years of Credited Service; or
(ii) $40 \%$ of FC.

In addition, a member who has at least 20 years but less than 25 years of Credited Service and who is required to retire upon application by the employer on and after January 18, 2000 shall receive a benefit equal to a member annuity plus an employer pension which together provide a total retirement allowance equal to $50 \%$ of FC plus $3 \%$ of FC multiplied by the number of years of Credited Service over 20 but not over 25.

## Accidental Disability Retirement

A Member is eligible upon total and permanent incapacitation from the performance of usual or available duties as a result of injury during the performance of regular duties. The benefit payable is equal to a Member annuity plus an employer pension which together equals $2 / 3$ of the Compensation at date of injury.

## 3. Member Contributions

4. Chapter 19, P.L. 2009
5. Early Retirement Incentive Contribution
6. Chapter 204, P.L. 1989
7. Special Funding Situation

## Special Disability Retirement

A member is eligible for Special Disability Retirement if he (she) has 5 years of Credited Service, is under age 55, and has received a heart transplant. The benefit payable is equal to a Member annuity plus an employer pension which together equals $50 \%$ of FC .

Each member contributes 8.5\% of Compensation. Chapter 78, P.L. 2011 increased the Member Contributions from $8.5 \%$ to $10.0 \%$ of Compensation effective October 2011.

Chapter 19, P.L. 2009 provides that the State Treasurer will reduce for Local employers the normal and accrued liability contributions to 50 percent of the amount certified for fiscal years 2009. The additional unfunded liability will be paid by Local employers in level annual payments over a period of 15 years, with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted annually by the rate of return on the actuarial value of assets. The legislation also provides that a Local employer may opt to pay 100 percent of the recommended contribution for fiscal year 2009. Employers making this election will be credited with the full payment. In addition, certain employers who were eligible to defer $50 \%$ of their fiscal year 2009 recommended contributions but instead paid $100 \%$ of the 2009 recommended contributions are permitted to elect to defer 50\% of their recommended 2010 fiscal year contributions. The additional unfunded liability will be paid by Local employers in level annual payments over a period of 15 years, with the first payment due in the fiscal year ending June 30, 2012. The unfunded liability will be adjusted by the rate of return on the actuarial value of assets.

The following legislation provides additional retirement benefits to certain employees of Local employers: Ch. 99, P.L. 1993, Ch. 59, P.L. 1999, Ch. 126, P.L. 2000 and Ch. 130, P.L. 2003. The cost of the enhanced pension benefits will be funded by employer contributions to the retirement system and paid by the employer that elected to participate. The additional pension liability shall be paid by each electing employer entity over a period of years provided by the legislation.

The provisions of Chapter 204 allowed employees who were previously excluded on the basis of their titles from PFRS membership to enter the Plan. Employers of such employees are required to contribute any additional contribution necessary to fund any unfunded liability arising from Chapter 204.

The State is considered to be a non-employer contributing entity that is legally responsible for making contributions directly to the Plan to provide pensions to employees of Local employers due to the following legislation:
i. Chapter 511, P.L. 1991

The provisions of Chapter 511 increased the benefit payable to the surviving spouse of a retiree from $35 \%$ to $50 \%$ of the retiree's average final compensation. This law also raised the minimum annual spouse's
benefit from $\$ 1,600$ to $\$ 4,500$ for benefits granted prior to January 14 , 1992.

Chapter 511 required that the normal cost and accrued liability contribution attributable to this chapter be separately determined. The contribution required to fund these costs for the State and other employers shall be paid by the State.

As a result of Chapter 115, P.L. 1997, the accrued liability contribution attributable to Chapter 511 was eliminated at that time. However, because of the reductions (and anticipated reductions) in the required State contributions for fiscal years 2004 through 2014 due to the various Appropriation Acts and Chapter 1, P.L. 2010, the remaining required contributions that have not been made have been set up as an unfunded accrued liability attributable to Chapter 511.

## ii. Chapter 247, P.L. 1993 and Chapter 201 P.L. 2001

Chapter 247 requires the State to pay the difference between the PFRS normal cost rate and the PERS normal cost rate for certain members who transferred into PFRS as of January 1, 1992 or later. In addition, the law requires the State to pay the "System" unfunded accrued liability contribution for Municipalities and Local Groups that transferred into PFRS on and after January 1, 1992 without past service.

Chapter 201, P.L. 2001 made changes to Chapter 247, P.L. 1993 with respect to the benefits payable to members who transferred from PERS to PFRS as a result of the Chapter 247 legislation. The resulting increase in the unfunded accrued liabilities due to the increased benefits was fully funded by the recognition of additional market value surplus in the determination of the actuarial value of assets in the July 1, 1999 valuation. However, because of the reductions (and anticipated reductions) in the required State contributions for fiscal years 2004 through 2014 due to the various Appropriation Acts and Chapter 1, P.L. 2010, the remaining required contributions which were not paid have been added to the Chapter 247 unfunded accrued liability and will be included in future State contributions.
iii. Chapter 8, P.L. 2000

Chapter 8, P.L. 2000 required that, if valuation assets are insufficient to fund the normal cost and accrued liability costs attributable to Chapter 428, P.L. 1999, the contribution required to fund these costs for the State and other employers shall be paid by the State. For both the July 1, 2013 and July 1, 2014 valuations, valuation assets were not sufficient to fund the costs attributable to Chapter 428. In addition, because of the reductions (and anticipated reductions) in the required State contributions for fiscal years 2004 through 2014 due to the various Appropriation Acts and Chapter 1, P.L. 2010, the remaining required contributions which were not paid have been added to the Chapter 428 unfunded accrued liability and will be included in future State contributions.

Chapter 86, P.L. 2001 amended the active death benefits provided to a beneficiary of a member who died in active duty on or after January 1, 1998 and before January 18, 2000. The law required an eligible beneficiary to apply for the increased benefits within 90 days of enactment and return the member's aggregate contributions to the System. The State is liable for all costs to the System attributable to this law.
v. Chapter 318, P.L. 2001

Chapter 318, P.L. 2001 amended the active death benefits provided to a beneficiary of a member with 10 or more years of service who died in active service on or after June 1, 1995 and before January 1, 1998 and whose beneficiary had, on May 1, 2001, an appeal of a denial of a benefit related to death in the line of duty pending before the Board of Trustees. The law requires that the appeal be withdrawn or denied and that an eligible beneficiary apply for the increased benefits and return the member's aggregate contributions received. The State is liable for all costs to the System attributable to this law.

## vi. Chapter 109, P.L. 1979

Chapter 109, P.L. 1979 increased special retirement benefits for members who retire with 25 years of service from $50 \%$ to $60 \%$ of average final compensation. Under the provisions of this chapter, the State is liable for the increase in the normal contribution to fund the benefits provided by this act. Extra State contributions of 1.1 percent of covered salary are required to provide for the extra benefits offered under the act.
