Re: Request for Qualifications for Asset Management for the Police and Firemen’s Retirement System of New Jersey (“PFRSNJ”), Transition of Assets from Common Pension Fund D and E.

Dear Counsel:

The Police and Firemen’s Retirement System of New Jersey, (“PFRSNJ”) Board of Trustees hereby announces the issuance of a Request for Qualifications (“RFQ”) for Asset Management and Transition Services to provide support and assistance to the Board, and its executive staff, regarding the transfer of assets from the Commingled Common Pension Funds D and E to the separately titled Police and Firemen’s Retirement System.

Currently, the Division of Investment in conjunction with the State Investment Council invests the approximately $89 billion dollars of assets from the five State Administered plans in two commingled funds, Common Pension Fund D and E. In 2018, Chapter 55 was enacted which separates the PFRS from the other retirement systems, and transfers power for implementing investment policy and direction of investments to the PFRSNJ Board. The Asset Management and Transition Consultant will assist the PFRSNJ Board and system with transition of assets at the State’s Custodian bank, State Street. Currently subaccounts for the separated PFRSNJ assets have been opened by the Division of Investments for all of the Common Pension Fund D assets, including domestic and international securities. The asset transfer will also require the evaluation of all investment managers retained by the Division of Investments for its traditional assets in Common Pension Fund D. Regarding the Commingled Alternative Assets, the Division of Investments has begun the separation by utilizing Common Pension Fund A for future commingled investments, of which PFRSNJ is not a participant. Finally, there are approximately 250 alternative investment fund managers who will need to be transitioned to a separate PFRSNJ agreement.

The Minimum Qualifications for this engagement are as follows:

- Firms must have an understanding of the fiduciary responsibilities of the PFRSNJ Board of Trustees to its members and the pension system as a whole.
- Have knowledge of the process of proposing, drafting, and evaluating the spinning out of assets at a major custodian bank. Additionally, the firm must be ready to assist the
Executive Director, Chief Investment Officer, and Director of Legal Affairs to the transfer of assets from the commingled funds to separately titled PFRS account, including transfer of custody at State Street bank, for the traditional assets in Common Pension Fund D, which will entail, transferring legal title between the custody accounts, and separating out the lots of securities that are held by the Division of Investment through Common Pension Fund D, evaluating the investment advisors that are retained by the Division of Investments for Common Pension Fund D’s assets, and evaluation and separation of the alternative fund managers for Common Pension Fund E.

- The procured consultancy firm will work with the Board, its Executive Director, the Chief Investment Officer, and the Board’s Director of Legal Affairs as needed to complete specific tasks, and be accountable to the Board for its decisions regarding matters.

- Selection of a firm will be completed upon the negotiation of a professional services agreement signed off by the Chairman of the PFRSNJ and an authorized signatory of the selected firm.

The effective date of this RFQ is July 12, 2021. The response to the RFQ is to be submitted on or before 2:00 p.m. on August 13, 2021. **PLEASE NOTE THE RFQ DATE HAS BEEN EXTENDED FOR SUBMISSIONS TO SEPTEMBER 3, 2021** A firm will be selected based on the criteria set forth in the RFQ.

Specifically, the firm needs to have experience in separating commingled assets from a pension plan. Additionally, the firm must have experience dealing with a custodian bank, and the accounting that must be performed when assets are separated from a commingled fund. The consultant will also assist the Board with the scoping and finalization of custody agreements with State Street, with the ultimate goal of PFRSNJ taking on direction of the policy and investments of the retirement system from the State Investment Council, and such other work as is necessitated for the separation of assets.
