The agency proposal follows:

Summary

N.J.A.C. 17:16 provides the regulatory framework that governs the methods, practices, or procedures for investment, reinvestment, purchase, sale, or exchange transactions followed by the Director of the Division of Investment (the Division) for the funds under the supervision of the State Investment Council (the Council). On July 3, 2018, the Governor signed P.L. 2018, c. 55 (the Act), which, among other changes, transfers the authority to direct investment policy of the Police and Firemen’s Retirement System (PFRS) to a newly constituted 12-member PFRS Board of Trustees (the New PFRS Board). The Act further provides that all functions, powers, and duties relating to the formulation, establishment, amendment, modification, or repeal of any policy, procedure, method, or practice on the investment or reinvestment of moneys of PFRS shall be performed by the New PFRS Board. However, the purchase, sale, or exchange of any investments or securities under the control and management of the New PFRS Board shall continue to be exercised by the Division.

P.L. 1970, c. 270, as amended and supplemented by P.L. 1977, c. 281, provides for a common trust fund known as the State of New Jersey Cash Management Fund (CMF) in which may be deposited, the surplus public moneys of the State, its counties, municipalities, and school districts and the agencies or authorities created by any of these entities. N.J.A.C. 17:16-61 sets forth the rules governing participation, permissible investments, units of participation, valuation of investments and units, admission and withdrawal, limitations, and liquidation procedures for the CMF. N.J.A.C. 17:16-61.1 provides a list of funds that may invest in the CMF, which include any fund classified as a Pension and Annuity Fund. The PFRS is a Pension and Annuity Fund. In light of the changes required by the Act, the Council has proposed amendments to N.J.A.C. 17:16 at 51 N.J.R. 356(a) specifically excluding investments or securities controlled by the New PFRS Board because they are no longer under the control of the Council after the transition date. However, PFRS remains an eligible participant under the CMF pursuant to N.J.S.A. 52:18A-90.4. Thus, the proposed amendment to N.J.A.C. 17:16-61.1 will conform the subchapter to the governing statute with respect to eligible participants, thereby clarifying that the surplus funds of PFRS continue to be eligible for investment in the CMF.

Because the Division is providing a 60-day comment period on this notice of proposal, this notice is excepted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)5.

Social Impact

The proposed amendment to N.J.A.C. 17:16-61.1 will conform the subchapter to the governing statute and will, thereby, clarify that PFRS continues to be an eligible participant in the CMF after implementation of the Act, thereby impacting the members of PFRS.

Economic Impact

The proposed amendment to N.J.A.C. 17:16-61.1 will conform the subchapter to the governing statute and will, thereby, clarify that PFRS continues to be an eligible participant in the CMF after implementation of the Act. The proposed amendment will continue the regulatory framework for the investment of State-administered funds that remain under the supervision of the Council and will, in turn, be followed by the Director of the Division of Investment.

Federal Standards Statement

A Federal standards analysis is not required because the investment policy rules of the State Investment Council are not subject to any Federal requirements or standards.

Jobs Impact

The proposed amendment will have no impact on jobs.

Agriculture Industry Impact

The proposed amendment will have no impact on the agriculture industry.
Regulatory Flexibility Statement
A regulatory flexibility analysis is not required since the proposed amendment regulates only the Director of the Division of Investment and will have no effect on small businesses, as that term is defined in the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq.

Housing Affordability Impact Analysis
The proposed amendment will have no impact on the affordability of housing or on the average cost of housing in the State of New Jersey. The proposed amendment clarifies that PFRS continues to be an eligible participant in the CMF after implementation of the Act, and conforms the subchapter language to the governing statute.

Smart Growth Development Impact Analysis
The proposed amendment is not anticipated to have an impact on smart growth development or housing production within Planning Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan in New Jersey. The proposed amendment clarifies that PFRS continues to be an eligible participant in the CMF after implementation of the Act, and conforms the subchapter language to the governing statute.

Racial and Ethnic Community Criminal and Public Safety Impact
The Division has evaluated this rulemaking and determined that it will not have an impact on pretrial detention, sentencing, probation, or parole policies concerning adults and juveniles in the State. Accordingly, no further analysis is required.
