1. Purpose

This Quick Reference Guide (QRG) is one of several that provides step-by-step instructions on how to manage your company's NJSTART Vendor Profile and applies only to those vendors that have completed NJSTART registration.

This guide specifically addresses how to attach files to your NJSTART Vendor Profile.

QRGs for registering your company in NJSTART, managing your Vendor Profile, and many other topics can be found at the New Jersey Division of Purchase and Property Vendor Support Page at <http://www.nj.gov/treasury/purchase/njstart/vendor.shtml>.

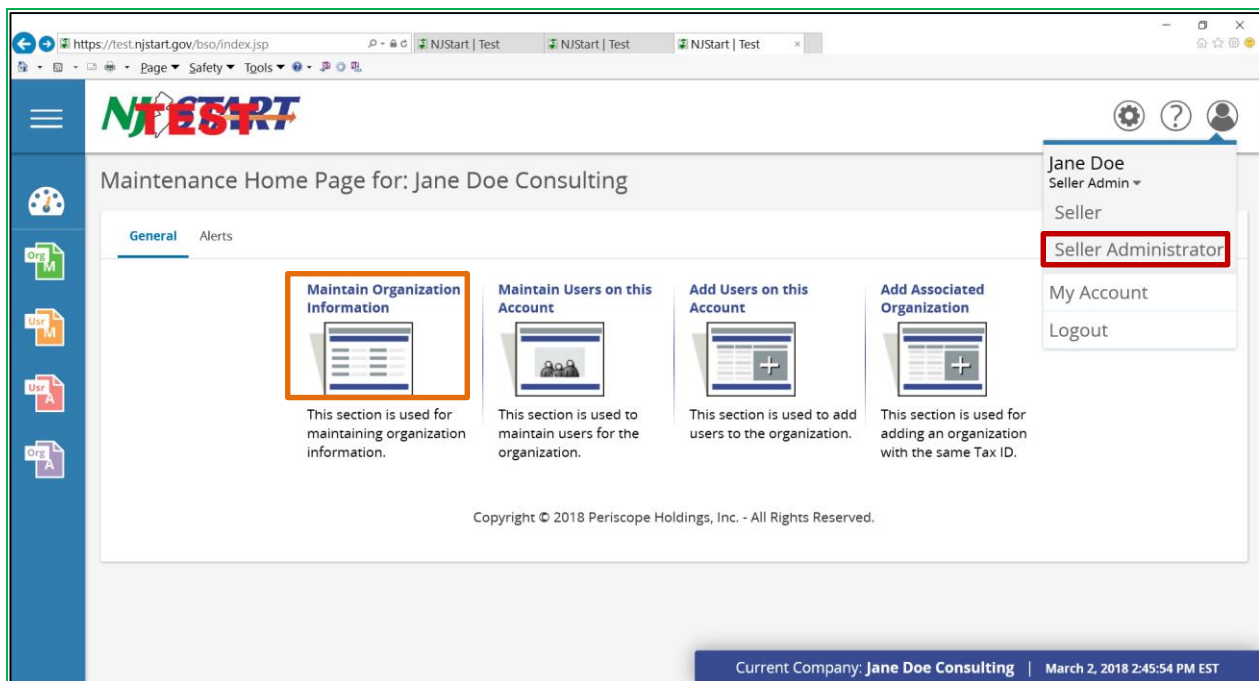

If you have questions regarding this Vendor Profile management process, you may contact a New Jersey State Vendor Administrator at (609) 341-3500 or email njstart@treas.nj.gov

2. Instructions

Note: You must be logged in to NJSTART in order to perform the tasks described in this section.

2.1. Verify That You Have Seller Administrator Privileges

After login, you'll see the following home screen. Verify that you have Seller Administrator privileges and click on the tab (indicated in red) to select that role.

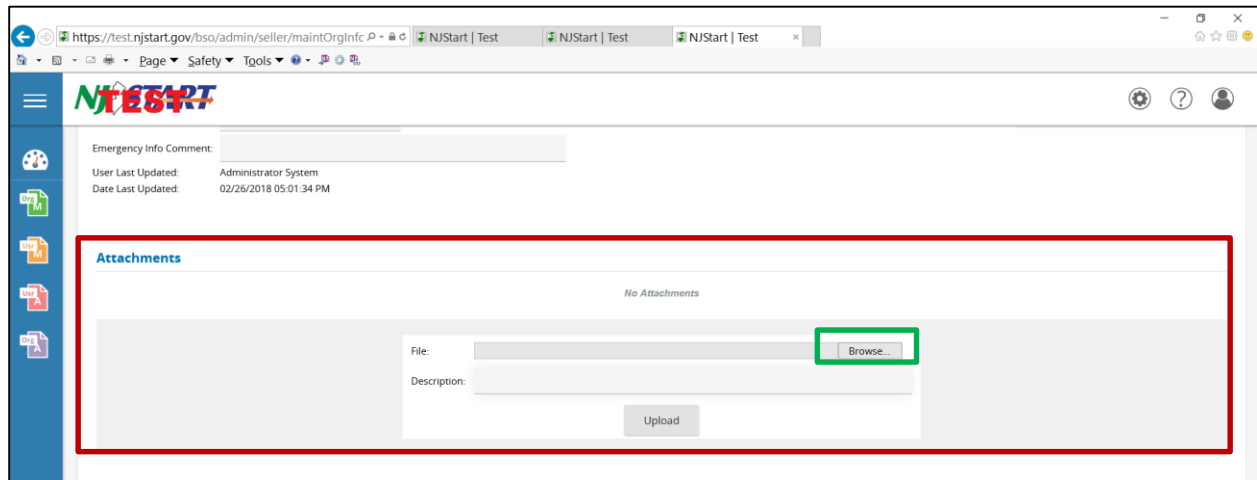

If you do not see the screen above, confirm that you are in your Seller Administrator role (found in the top right hand corner of your screen). If you do not have Seller Administrator privileges, you must request those rights from your company's Seller Administrator.

2.2. Select Maintain Organization Information

Click on the Maintain Organization Information function (indicated in orange above).

Maintain General Organization Information view is shown below. The file attachment section is in the bottom half of this view (indicated in red).

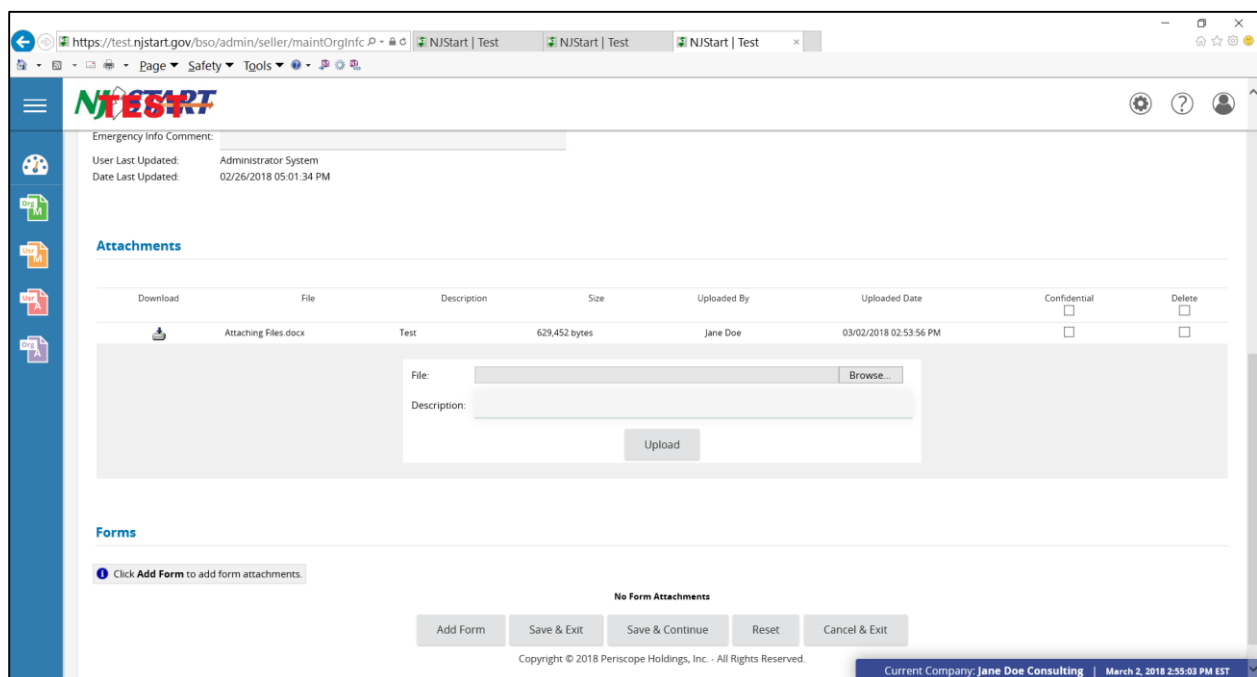

2.3. Choosing and Attaching Files and Forms

Click on the **Browse** button (indicated in green above). Navigate to the folder containing the chosen files or completed forms, select the chosen file and then click **Open**.

2.3.1. Uploading Attachments

Type an appropriate term in the Description field, and then click on the **Upload** button.

The file or form is uploaded and attached to your Vendor Profile. It now appears in a list of all such attachments.

3. Attachment File Type Restrictions

NJSTART provides registered vendors with the means to attach files, including nearly all standard formats for documents, photos, audio, and video, to their vendor portal profile. Once these files are attached to your Vendor Profile they can be viewed, edited, deleted, downloaded to your desktop, or attached to records created in NJSTART, such as quotes.

The following is an alphabetical listing of file types that cannot be attached to your Vendor Profile:
