

**Sales and Use Tax Review Commission  
Recommendation Pursuant to P.L. 1999, C.416**

BILL NUMBER: S-598

DATE OF  
INTRODUCTION: Jan 8, 2002

SPONSOR: Senator Ciesla  
Senator Singer

DATE OF  
RECOMMENDATION: 3/26/02

IDENTICAL BILL:

COMMITTEE: Senate Community & Urban Affairs

DESCRIPTION:

The bill would provide a sales and use tax exemption for certain sales to nonprofit homeowners' associations of certain services which they are required to provide for the common areas of a real estate community.

ANALYSIS:

Nonprofit homeowners' associations are required to provide certain services for the common areas of a housing community, and are entitled to reimbursement from the municipality when they purchase these services. The bill would allow these associations an exemption when purchasing certain services that would qualify for such reimbursement by the municipality under N.J.S.A. 40:67-23.3. These reimbursable services (e.g., snow removal, road lighting, garbage and recyclables collection) are reimbursable only if performed upon an area which is dedicated to public use or which at least satisfies the municipality's criteria for such dedication, and only to the extent that the expense does not exceed what the municipality would have had to spend if the service had been provided directly to the municipality. The apparent rationale for this proposed exemption is one which the Commission essentially supports. That is, if these services were not provided by the association, they would need to be provided by the municipality, at the public's expense, and the municipality would be exempt from sales and use tax on its purchases. As a matter of general policy, the Commission supports the position that the association should be exempt when purchasing taxable services that will ultimately be paid for by an exempt public entity and that would have been exempt if purchased directly by the municipality.

There are some concerns that an exemption at the point of sale would be subject to misapplication and abuse. The exemption clearly is intended to apply only to those expenses that are reimbursable under N.J.S.A. 40:67-23.3. Reimbursable expenses are limited to those incurred in the purchase of certain essential services and *only* when those expenses are incurred in servicing areas which the municipality deems to be dedicated to public use, and the expenses do not exceed the amounts that the municipality would have had to spend if providing the service directly. But, until the municipality reviews the Association's purchases to determine the amounts eligible for reimbursable, it may not be entirely clear whether the Association's purchase should be exempt in whole or in part. It would therefore be preferable to grant the exemption in the form of a right to a refund rather than an exemption at the point of sale.
