QUALIFICATION, EXAMINATION, AND CERTIFICATION OF NEW JERSEY ASSESSORS

**STATE OF NEW JERSEY
DEPARTMENT OF THE TREASURY
DIVISION OF TAXATION
PROPERTY ADMINISTRATION**

INTRODUCTION

Tax officials at every level of New Jersey government recognize that proper assessment of property for taxation requires special training, knowledge, and skills. Property tax revenue has increased dramatically in recent years. From less than \$400 million per year in 1950, the property tax was responsible for raising \$30.8 billion in Fiscal Year 2020. Clearly, the tax base upon which this amount of money is generated must be equitable. Seeking competent, professional assessors, the Legislature enacted the Assessor Certification and Tenure Act in 1967 to provide for the qualification, examination and certification of municipal assessors.

N.J.S.A. 54:1-35.25 states, “Commencing in 1968, the Director of the Division of Taxation shall, annually, in March and September of each year, hold examinations of applicants for certification as tax assessor. An applicant for examination shall, not less than 30 days before an examination, present to the director written application on forms provided by the division together with satisfactory proof that the applicant is not less than 21 years of age, is a citizen of the United States, is of good health ... is of good moral character, has obtained a certificate or diploma issued after at least 4 years of study in an approved secondary school or has received an academic education considered and accepted by the Commissioner of Education as fully equivalent, and has graduated from a 4-year course at a college of recognized standing. An applicant who does not meet the college education requirement may substitute full-time experience in real estate appraisal work or experience in property tax assessment work on a year-for-year basis. Such application shall not be considered by the director unless accompanied by payment of a fee in the sum of \$10 to the order of the State Treasurer. Examinations shall be written, or both written and oral, shall be of such character as fairly to test and determine the qualifications, fitness and ability of the person tested actually to perform the duties of assessor, and shall be weighted in a manner to be prescribed by the director.”

N.J.S.A. 54:1-35.25b requires that licensed assessors must renew their certificates by participating in continuing education activities in five-year cycles initially and then, following this initial cycle, three-year cycles to maintain their certificates.

This brochure provides applicants with current information about New Jersey’s assessor certification program. Applicants are encouraged to read its contents carefully. It should answer many of the questions that are usually asked regarding the certification process.

OBJECTIVES

Realizing that the local property tax is the major source of revenue in State-local finance in New Jersey, that it will remain vital into the foreseeable future, and perceiving that the single most important factor in ensuring accurate, equitable administration and levying of the property tax is that the original assessment be made by a qualified individual, the Legislature by enactment of Chapter 44, P.L. 1967 sought to develop a high level of competence in assessment administration.

Only persons who hold a valid Tax Assessor Certificate can be appointed to the position of municipal assessor in New Jersey.

Tenure in office as municipal assessor accrues only to holders of Tax Assessor Certificate who meet certain other requirements as specified by law.

ADMINISTRATION

The Director of the Division of Taxation administers the certification process for municipal assessors in New Jersey. The Director receives and reviews all applications for admittance to the Tax Assessor Certificate exam in accordance with the provisions of the law, and admits all qualified persons to the certification exam.

The Director conducts C.T.A. exams in March and September of each year. Persons who pass this exam are eligible to receive a Tax Assessor Certificate upon payment of the \$25 certification fee. Actual receipt of the certification fee is a prerequisite to issuance of the certificate.

The holder of a valid Tax Assessor Certificate, in effect, possesses a license for appointment to an assessor position in any New Jersey municipality. The certificate does *not* guarantee the holder an assessor position.

The Director of the Division of Taxation may prescribe such requirements and forms that are deemed necessary to carry out the administration of this certification exam.

REQUIREMENTS

Any person, whether or not engaged in property tax assessment work, who satisfies the requirements listed below may file a C.T.A. exam application:

1. File written application (Form AC-1) at least thirty (30) calendar days prior to the announced date of the exam.
2. Be at least 21 years of age and of good moral character.
3. Be a citizen of the United States.
4. Have obtained a certificate or diploma issued after at least four years of study in an approved secondary school, or have received an academic education considered and accepted by the Commissioner of Education as fully equivalent.
5. Have graduated from a four-year course at a college of recognized standing. However, for this requirement, an applicant who does not meet the college education requirement may substitute full-time experience in real estate appraisal work or experience in property tax assessment work on a year-for-year basis.

APPLICATION

To obtain a C.T.A. exam application (Form AC-1), download the application from at http://www.state.nj.us/treasury/taxation/pdf/lpt/ac_1.pdf or write to:

State of New Jersey

Return the signed, notarized, completed application to Property Administration at least thirty (30) calendar days prior to the announced date of the exam. A \$10 check or money order payable to the Treasurer, State of New Jersey, must accompany the completed application with all necessary proofs attached. The application fee is **not refundable**. *All data on the application must be answered in full and the \$10 application fee paid each time an applicant files a new application.* The AC-1 form contains detailed instructions to assist applicants with the filing process.

EXAMINATION

The examination is designed to determine the applicant's knowledge of assessment law, practices and procedures, and appraisal principles and techniques.

The exam is in two parts and covers the fields of property tax administration and real property appraisal. Part I (the morning session) covers the administrative aspects of property tax assessment. Topics for Part I include: Added and Omitted Assessments, Appeals, Assessor's Work Calendar, Change of Ownership, Decisional Law, Exempt List, Exemption, Extended Assessment List, Farmland Assessment, Intra/Inter-District Equalization, Open Public Records, Personal Property, Public Relations, Revaluation and Tax Maps, Sales Ratio, Senior Citizen/Disabled Person Property Tax Deduction, Statutory Law, and Veteran Property Tax Deduction. Part II (the afternoon session) covers real property appraisal. Topics for Part II include: Appraisal Process, Appraisal Theory, Construction Terms, Cost Approach to Value, Depreciation, Income Approach to Value, Land Valuation, Leases, Real Property Appraisal Manual for New Jersey Assessors, Sales Approach to Value, and Tax Maps. The exam is composed almost entirely of multiple choice questions. Applicants must complete each part of the exam within an allotted time of three hours. Total exam time is six hours. The exam is scheduled on a Saturday at any location to be announced by the Director of the Division of Taxation.

Enrollment in Center for Government Services in-service assessment administration/real property appraisal training courses is excellent preparation for the C. T. A. exam but is *not* required. Training courses include:

- Property Tax Administration – Part 1 (18 hours);
- Property Tax Administration – Part 2 (24 hours);
- Real Property Appraisal 1 (27 hours);
- Real Property Appraisal 2 (24 hours)

The following course is also available: Appraisal and Assessment Administration Course Review, also known as the Rutgers Review Course (12 hours, 2 sessions).

Candidates should bring a supply of pencils and a calculator to the examination center. Calculators permitted should be able to perform only basic, arithmetical functions such as addition, subtraction, multiplication, division, percent, square root, and basic memory (HP-12C's are allowed). Personal digital assistants (PDA's), iPods, or BlackBerries are not permitted. This policy prevents applicants from entering the examination center with calculators with word capabilities. Two to three weeks before the exam date, candidates will receive an approval letter that contains the Division's guidelines regarding calculator use during the exam. The proctors supply all other necessary materials. Candidates may not bring textbooks, booklets, papers, laptop computers, headsets, cell phones, pagers, or other supplies into the exam center.

SAMPLE EXAM QUESTIONS

When choosing answers to multiple choice questions on the exam, applicants must select only one answer; choosing two or more answers to one question means that both answers will be scored as incorrect. Several alternative answers may appear correct or partly correct, but candidates must choose the one answer that, in the context of the question, is most nearly correct. In some cases, the correct answer is not the best of all conceivable answers to the question, but if that answer is the best of the five alternatives offered, it is the correct answer.

Example 1.

A new claimant for the \$250 property tax deduction accorded to senior citizens, disabled persons, and surviving spouses must file an application either on or before

- A. October 1 of pretax year with the assessor, or on or before December 31 of the tax year with the collector.
- B. December 31 of the pretax year with the assessor, or during the tax year with the collector.
- C. December 31 of the pretax year with the collector, or during the tax year with the assessor.
- D. October 1 of the pretax year with the assessor, or on or before June 1 of the tax year with the collector.
- E. None of the above.

The correct answer to Example 1 is "B."

Example 2.

The following breakdown of aggregate assessed valuation appears on an SR-3A that a municipal assessor filed with his respective county board of taxation:

1- VACANT LAND	\$ 1,732,500
2- RESIDENTIAL (4 Families or Less)	34,567,950
3a-FARM (Regular)	2,032,450
3b-FARM (Qualified)	302,500
4a - (COMMERCIAL); 4b - (INDUSTRIAL); 4c - (APARTMENT)	12,848,900
Total	\$ 51,484,300

Usable sales in the municipality produce a weighted ratio of 89.67% for the residential classification. Compute the true value of the residential classification.

- A. \$ 46,165,971
- B. \$ 30,997,080
- C. \$ 38,550,184
- D. \$ 34,567,950
- E. \$ 57,415,301

The correct answer to Example 2 is "C."

TOTAL ASSESSED VALUATION OF RESIDENTIAL CLASS	÷	DIRECTOR'S RATIO	=	TRUE VALUE
\$ 34,567,950	÷	89.67% (.8967)	=	\$ 38,550,184

Example 3.

In construction terminology, a *curtain wall* is defined as

- A. a wall that supports its own weight plus the weight of the walls and roof above it.
- B. a movable partition of asbestos material forming a curtain for an elevated stage-like area.
- C. the front and rear walls of a rectangular building.
- D. the side walls of a rectangular building.
- E. a wall that does not support any of the building weight other than its own weight.

The correct answer to Example 3 is "E."

Example 4.

A commercial property recently sold for \$708,000. A nearby commercial property similar to the first sold for \$890,400. The total annual income for the first property was \$118,000, while the second generated \$148,400 of total annual income. The gross income multiplier indicated is

- A. 5.
- B. 7.
- C. 10.
- D. 6.
- E. 72.

The correct answer to Example 4 is "D."

SALES PRICE ÷ GROSS INCOME = GROSS INCOME MULTIPLIER

\$ 708,000	÷	\$ 118,000	=	6
\$ 890,400	÷	\$ 148,400	=	6

Example 5.

In appraising a particular income-producing property, you have found the following information:

Net income before recapture	=	\$ 211,000
Discount rate applicable	=	7%
Land value by comparison	=	\$ 300,000
Remaining economic life of building	=	40 years

From the data shown above, your indication of value of the real estate by the income approach would be

- A. \$ 2,300,000.
- B. \$ 2,221,000.
- C. \$ 3,014,000.
- D. \$ 2,000,000.
- E. \$ 2,070,000.

The correct answer to Example 5 is "A."

BUILDING RESIDUAL TECHNIQUE

Net income before recapture	\$	211,000
Net income attributable to land = \$300,000 X 7% (.07)	-	21,000
Net income attributable to building	\$	190,000
<u>1</u>	= <u>1</u> =	.025
R.E.L. (remaining economic life of building)	40	
Discount rate attributable	= 7%	+ .070
Capitalization rate		.095

<u>I</u>	\$190,000	
RV =	.095	= Building value
		\$2,000,000
	Land value by comparison =	+\$ 300,000
	Total value of real estate	\$2,300,000
