Aircraft Refund Instructions

In response to your request, we are enclosing Preliminary Refund Questionnaire and a supply of claim forms.

So that you may know of our procedure and requirements, it is suggested that you carefully read the enclosed instructions, then prepare and submit the Questionnaire Form. In Section #8 thereof, be certain to give the exact purpose for which the plane is used, not just personal flying or aircraft operations. Your first claim should accompany this Form so that we may determine if you are filing correctly.

With reference to Memorandum No. R-2 attached to the Instructions, a claim may be filed anytime within six (6) months from the month of purchase. If you purchase avgas by credit card and file against the month of Billing, then the filing period is six (6) months from the month of Billing.
INSTRUCTIONS FOR AVIATION GASOLINE TAX REFUND CLAIMANTS

It is first recommended to the new claimant that he carefully read the instructions below for applying for the tax refund. If the directions are adhered to, you will experience no difficulty or inconvenience in securing any refund to which you may be entitled.

For your information and guidance, the following is offered:

1. Claimants are permitted to file but one claim per calendar month and this claim must cover all New Jersey tax paid aviation gasoline purchases made during that month.

2. The month of purchase is determined by the date of delivery into the tank. The date of payment or the period during which the fuel was used has no bearing. Hence, avgas purchased on the last day of January, and paid for and used during the month of February, must be included on claim filed against “Fuel Purchased During Month of JANUARY. (See Section #1 of Form A-3711-MF.)

The sole exception to the above is credit card purchases made from retail outlets. In such cases, the Motor Fuels Section will accept as the month of purchase the month of Billing as same appears on the monthly statement issued by the company with whom you have your credit card account, even though the credit tickets covered thereby are for purchases made in a preceding month. ALL tickets involved must accompany the monthly Billing and the latter must be receipted by the Company with whom you have your credit card account to show payment has been made. The Motor Fuels Section will return any out-of-state credit slips upon request.

If filing claims against the month of Billing covering credit card purchases, Billing only must be receipted by the company with whom you have your credit card account.

When filing against the actual month of purchase as shown on the credit cards, each ticket must then be receipted by the company with whom you have your credit card account.

In lieu of receipting by the billing company of the monthly statement covering credit card purchases and if it may be reconciled with the amount shown as current or new charges, we will accept a copy of the cancelled check, front and back, as proof of payment of the Billing submitted.

3. In completing the Preliminary Refund Questionnaire, show only New Jersey plane estimates (Refund) in Section #7 and only the plane in Section #9 of the Questionnaire. Upon receipt and acceptance of your Preliminary Refund Questionnaire, you will be notified of the Claimant’s code number assigned for your use. Be certain this number appears in the space provided on all claims filed. The importance of properly inserting your Code Number cannot be overemphasized, as its omission will delay approval of your claim. Also, the Code Number assigned to you is for your sole and exclusive use. It is not transferable. This number should also be referred to in any mail to this office to expedite handling as it immediately identifies you as a registered refund claimant.
4. The claimant’s name must appear on the claim form and supporting invoices in identically the same manner as it was shown on the Questionnaire. For example, if you filed your Questionnaire under the name of John J. Doe, do not file claims as John Doe or J. J. Doe. Give the name exactly as it appeared on the Questionnaire as filed by you.

5. Your attention is directed to Section #2 of the claim form, “Statement of Purchases and Uses.” Report on line (a) ONLY NEW JERSEY purchases of aviation gasoline purchased during the calendar month involved, or the Billing month covered. Line (c) is self explanatory. Under the “Purpose” column of Section #2, insert in the “Gallons” column opposite the proper use the number of gallons involved. Thus, Lines 2 (a), (c) and Line 3 under the “Purpose” column will all be for 100% of New Jersey avgas.

6. No claim should be filed until all of the avgas purchases for that particular month can be determined, or Billed, and that all receipted data for that avgas is at hand.

7. Invoices submitted in support of claims: Faulty or incomplete invoices are the cause of more claim rejections than any other feature. This is unfortunate in that the claimant is only partially to blame, the larger responsibility in this connection lying with the supplier. When purchasing avgas, be certain to give your name to the airport attendant the same as you gave on the Questionnaire.

   To be accepted, invoices must contain the full name of the claimant as purchaser, as shown by you on Questionnaire, the date of purchase or delivery, the number of gallons, the price per gallon and a statement or specific indication that the price paid per gallon includes the New Jersey Motor Fuels Tax. In addition, invoices must be receipted in the full name of the supplier, or his representative, to show that the cost of the fuel and the tax thereon has been paid.

   You do not report any car or taxable use, or any out-of-state avgas.

8. Time limit for filing claims: The Motor Fuels Tax Law provides a time limit for filing of refund claims. In this connection, your particular attention is directed to Memorandum No. R-2 attached.
