NJ-1041SB INSTRUCTIONS

The New Jersey Electing Small Business Trust (ESBT) election

A federal Electing Small Business Trust makes an election to be taxed as a New Jersey Electing Small Business Trust by filing a New Jersey Gross Income Tax Fiduciary Return, Form 1041SB and signing the election statement at the bottom of the return.

S corporation portion of income: For the S corporation portion of income, the ESBT waives its right to claim a minimum taxable income threshold, an exemption, deductions for distributions and for income commissions, and consents to have all of the trust's income taxed at the maximum tax rate in effect.

Non S corporation portion of income: For the non S corporation portion of income, the ESBT can claim a minimum taxable income threshold if total income from the non S corporation portion, after distributions but before exemptions or deductions, is less than the filing threshold. In addition, non S corporation income can be reduced by an exemption and deductions can be taken for the distributions and income commissions sourced to the non S corporation portion income.

Federal S corporation which did not make the New Jersey S election: If the trust has S corporation income earned outside of New Jersey from federal S corporations which did not make the New Jersey S election or if the trust did not receive NJ-K-1(s), a Reconciliation Worksheet B or Worksheet B Liquidated must be completed to determine the trust's reportable income for New Jersey income tax purposes. Reconciliation Worksheet B and Worksheet B Liquidated are contained in Tax Topic Bulletin GIT-9S, *Income from S corporations*.

Credit for taxes paid to other jurisdictions: The trust may be eligible for a credit for taxes paid to other jurisdictions if S corporation income and the gain on disposition of the S corporation assets, and/or the non S corporation income were taxed by both New Jersey and another jurisdiction. A credit is not allowed for any tax imposed by another jurisdiction on S corporation source income which is allocated to New Jersey based on the corporation's New Jersey allocation factor.

Separate credit calculations must be made for the S corporation portion of income and for the non S corporation portion of income and for each jurisdiction. Information on calculating the credit can be found in Tax Topic Bulletin GIT-3B, *Credit For Taxes Paid to Other Jurisdictions (Business/Nonwage Income)*.
