NJ-1065 PARTNERSHIP RETURN DIRECTOR'S MESSAGE

Dear Taxpayer:

Effective for tax years beginning on or after January 1, 2001, a domestic or foreign limited liability company (LLC) or a domestic or foreign limited partnership (LP) that is classified as a partnership for federal income tax purposes may be required to remit a corporation business tax payment. Public Laws 2001, Chapter 136 requires that these entities that have corporate members or partners that are not exempt from the corporation business tax obtain and retain in their records the consent of each of these members or partners that this State shall have the right and jurisdiction to tax and collect the tax on their income allocated to New Jersey.

If the corporate member or partner is not exempt and does not consent, the LLC or LP is then obligated to remit a payment of corporation business tax on behalf of all the nonconsenting members' or partners' share of New Jersey income. An installment payment is also required.

The 2001 Form NJ-1065 has been significantly updated to accommodate the new forms, schedules, vouchers, and instructions needed by affected LLCs and LPs. The partners directory has been expanded for 2001 to include information on nonconsenting corporate members or partners. A "Corporation Business Tax-Partnership Tentative Return and Application for Extension of Time to File" (PART-200-T), a "Corporation Business Tax-Partnership Return Voucher" (PART-100), a "Consent Form" (NJ-1065E) and a "Schedule J" computing a corporation allocation factor have also been added.

A partnership return must be filed by every partnership having income or loss derived from New Jersey sources or having a partner who is a New Jersey resident. For the purposes of the Gross Income Tax Act and the filing of this return, a partnership includes any entity that qualifies for, and elects to be treated as, a partnership for Federal tax purposes.

The partnership must provide each member with Schedule NJK-1, Form NJ-1065, which indicates the amount of that particular partner's share of total partnership income. Each partner then reports the amount from Schedule NJK-1 as his or her "distributive share of partnership income" on the taxpayer's New Jersey gross income tax return. The amount shown on Schedule NJK-1 is subject to tax whether or not the income was actually distributed to the partner.

Schedule NJK-1 has also been modified to include the nonconsenting corporate member's or partner's share of New Jersey corporation income and share of New Jersey corporation business tax. Copies of the schedule NJK-1s are no longer required to be submitted with Form NJ-1065.

We have tried to make our partnership return and instructions as simple to use as possible, but we know that questions will arise. If you need assistance, call us at 1-800-323-4400, to listen to recorded information or to order forms, or 609-292-6400, to speak directly to a Division of Taxation representative.

Robert K. Thompson, Director

Instructions for NJ-1065 Partnership Return and New Jersey Partnership NJK-1

The New Jersey Gross Income Tax Act does not follow all Federal income tax provisions for partnerships. For New Jersey gross income tax purposes, *all* items of income, expense, gain or loss resulting from the activities of the partnership, regardless of the item's character or category, must be included in the amount reported on Form NJ-1065 as "Partnership Income" and then apportioned to each partner on Schedule NJK-1. Each partner will report its portion of the total partnership income as "distributive share of partnership income" on its individual tax return. Consenting corporate members or partners that have income or loss from New Jersey sources are also required to file a corporation business tax return to report their share of partnership income.

The partnership income information required to be reported on this form is needed to: (1) adjust certain items of Federal income to conform to the New Jersey Gross Income Tax Act, and, (2) separate income derived from New Jersey sources from amounts derived from all sources. These adjustments and allocations provide the basis for the reporting of partnership income by both New Jersey resident partners and nonresident partners.

The amounts reported by the partnership on Federal Schedule K may require adjustments to ensure that all income, expense, gain or loss is ultimately reported by the partners as distributive share of partnership income on the New Jersey income tax return. For example, interest, dividends, rents, gains or losses earned are to be combined with Federal ordinary income (loss) to arrive at New Jersey partnership income (loss).

If the partnership has operations outside New Jersey, all income, gain or loss derived from sources other than real property must be allocated according to the business allocation percentage as determined by the Business Allocation Schedule (Form NJ-NR-A). Income, gain or loss attributable to real property which is physically located in New Jersey must be allocated entirely to this State. If the partnership has nonconsenting corporate members or partners and has operations outside New Jersey, it must also complete Schedule J "Corporation Allocation Schedule" and file it with Form NJ-1065 Partnership Return.

All choices affecting the computation of income from a partnership are made by the partnership, not each partner. This includes the choice of recognized methods of accounting, methods of computing depreciation, capitalization of organizational fees and the use of the installment sale provisions. It also includes the classification of income and the allocation of income to New Jersey. All partnership elections are equally applicable to all partners.

General Instructions

Partnership Defined - For tax purposes "partnership" means and shall include a syndicate, group, pool, joint venture and any other unincorporated organization through or by means of which any business, financial operation or venture is carried on and which is not a corporation, trust or estate within the meaning of the New Jersey Gross Income Tax Act. Only entities that qualify for and elect to be treated as a partnership for Federal tax purposes (for example limited liability companies and limited liability partnerships) shall be treated as partnerships under the New Jersey Gross Income Tax Act.

"Tiered" Partnerships - are arrangements wherein one partnership, the upper-tier or "parent" partnership, is a member of, or holds an ownership interest in another partnership (called the lower-tier, or "subsidiary" partnership). Tiered partnerships *must* complete Schedule A, Form NJ-1065 before completing Lines 1 through 11 on the front of Form NJ-1065.

Partner Defined - "Partner" means any owner of a partnership interest.

Consenting Corporate Members or Partners - are members or partners in limited liability companies (LLCs) or limited partnerships (LPs) that complete an election form stating that the State of New Jersey has the right and jurisdiction to tax and collect the Corporation Business Tax on the corporation's share of New Jersey sourced income.

Nonconsenting Corporate Members or Partners - are members or partners in limited liability companies (LLCs) or limited partnerships (LPs) that do not complete an election form stating that New Jersey has the right and jurisdiction to tax and collect the Corporation Business Tax on the corporation's share of New Jersey sourced income. The LLC or LP is then obligated to pay the Corporation Business Tax on behalf of all their nonconsenting members' or partners' share of New Jersey sourced income.

Hedge Fund Status - is met for New Jersey tax purposes if the investment entity's only activity is the purchase, holding or sale of intangible personal property, such as commodities or securities and such intangible personal property is not held for sale to customers as defined at N.J.S.A. 54A:5-8c. A partnership that qualifies for hedge fund status in one year may not meet the requirements every year. The entity must

evaluate its situation on a yearly basis. The entity, not the partner, must make the determination.

Investment Clubs — recognize as their main source of income interest, dividends, and gains on disposition of their stock and securities. Investment clubs generally are not considered a business. An investment club is required to file a New Jersey Partnership Form NJ-1065 but is not entitled to deduct any expenses (unless it rises to the level of being in business). The member or partner of the investment club will report their share of the investment club's income or loss as "distributive share of partnership income".

Who Must File

Every partnership that has income or loss derived from sources in the State of New Jersey, or has a New Jersey resident partner, must file Form NJ-1065. A partnership must file even if its principal place of business is outside the State of New Jersey. Form NJ-1065 is no longer solely an information return. Corporation business tax may be imposed on the partnership. Partners subject to the gross income tax still must report and pay tax on their share of partnership income or loss.

What to File

The following forms and statements must be included with Form NJ-1065:

- Pages 1 through 4 of the Federal Form 1065, Federal Form 8825, Federal Schedule D and any Federal extension request forms filed
- A Schedule NJ-NR-A if any of the following conditions apply: (1) the partnership is doing business both inside and outside of New Jersey, or (2) 100% of the partnership's business is carried on outside of New Jersey.
- A Schedule J "Corporation Allocation Schedule," if you are a limited liability company or limited partnership that has nonconsenting corporate members or partners.

The Division may require that the complete Federal Form 1065 including all schedules and supporting attachments be submitted during the course of an audit.

If at any time during the course of an audit the Division deems it necessary, the partnership must make a Schedule NJK-1 available for all partners.

When to File

Returns for calendar year 2001 are due April 15, 2002. Fiscal year returns are due the 15th day of the fourth month after the end of the tax year.

Any short period return must be filed by the due date of the Federal Form 1065. The partnership should use the most current form available from the Division of Taxation.

Postmark Date. All New Jersey income tax returns postmarked on or before the due date of the return are considered

to be filed on time. Returns postmarked after the due date are deemed to be late. The filing date for a late return is the day the return is received by the Division, not the postmark date.

Where to File

Mail your completed Form NJ-1065 to:

NJ DIVISION OF TAXATION
REVENUE PROCESSING CENTER
PO BOX 194
TRENTON NJ 08647-0194

EXTENSION OF TIME TO FILE

If an extension is obtained for filing Federal Form 1065, then an automatic extension is granted for submitting your Form NJ-1065. A copy of your application(s) for Federal extension, Federal Forms 8736 or 8800, must be filed with your New Jersey return. Check the box labeled "Application for Federal Extension is attached" at the top of Form NJ-1065.

If you did not obtain a Federal extension and you need more time to file your New Jersey Form NJ-1065, Federal Form 8736 or 8800 must be submitted as your request to New Jersey on or before the due date of the return.

In addition, any limited liability company or limited partnership (including any in tiered partnerships) that derives income from New Jersey sources and has corporate members or partners that do not consent to tax must file Form PART-200-T, "Corporation Business Tax-Partnership Tentative Return and Application for Extension of Time to File". The applicable tax payment must accompany this form. Form PART-200-T must be postmarked on or before the original due date for the return.

An extension of time to file Form NJ-1065 does not extend the time for filing the tax returns of the partners.

Accounting Method

A partnership's accounting method(s) used for Form NJ-1065 shall be the same as the accounting methods(s) used for Federal Form 1065.

Accounting Periods

The 2001 Form NJ-1065 should be used for calendar year 2001, or for a fiscal year, which began in 2001. If filing for a fiscal year or a short tax year, enter at the top of Form NJ-1065 the month and day the tax year began, and the month, day and year that it ended. The partnership's tax year for New Jersey income tax purposes must be the same as its tax year for Federal income tax purposes.

Passive Loss Limitations

Passive loss limitations do not apply for New Jersey gross income tax purposes. The full amount of current loss may be used to offset income or gain, regardless of Federal passive loss limitations

Determining Gain or Loss on the Sale or Disposition of Partnership Assets, *Koch* Effect

The partnership in determining gain or loss, for New Jersey purposes, on the sale or disposition of partnership asset(s) **must** use the same basis in the asset(s) as used for federal tax purposes. The New Jersey Supreme Court's decision in *Sidney & Dorothy Koch v. Director Division of Taxation* does not apply to the sale, disposition or liquidation of assets by a partnership.

Gains or losses incurred by a partnership are passed through to the partners to be reflected on their respective New Jersey tax returns. Partners who are taxpayers subject to New Jersey Gross Income Tax will report this gain or loss as a component of their "Distributive share of partnership income".

Resident taxpayers that sell or dispose of a partnership interest may be entitled to a *Koch* type adjustment, to their federal basis in the partnership, when determining New Jersey gain or loss. The gain or loss on the sale or disposal of the partnership interest will then be reflected on the taxpayer's New Jersey return in the category of income "Net gains or income from disposition of property". The sale or disposition of a partnership interest is the only time a partner, that is a taxpayer for Gross Income Tax purposes, can make *Koch* type basis adjustments.

Amended Return or Federal Change

An amended Form NJ-1065 must be filed if an amended Federal Form 1065 return is filed, or if the Internal Revenue Service changes or corrects any item of income, gain or loss previously reported. The amended New Jersey return shall be filed within 30 days of the date the amended Federal Form 1065 is filed or, in the case of a Federal audit, within 90 days after the final determination of the change. Where an amend-

ment to Form NJ-1065 results in a need to amend the Schedules NJK-1, an amended Schedule NJK-1 must be forwarded to the Division of Taxation and to each partner.

An amended Form NJ-1065 and an amended Schedule NJK-1 for each partner must also be filed to correct any error on or reflect any change to the original Form NJ-1065, whether or not an amended Federal Form 1065 was filed for that year.

To amend your original Form-1065, get a blank Form NJ-1065 for the tax year that is to be amended and check the "Amended Return" box at the top of the form. Complete the form entering the corrected information and attach an explanation of the changes. Mail amended partnership returns to:

NJ DIVISION OF TAXATION
REVENUE PROCESSING CENTER

Penalties

The Division may impose a penalty against the partnership if the partnership is required to file Form NJ-1065 and (1) fails to file the return on time, including any extension, (2) files a return that fails to show all the information required, or (3) fails to file an amended partnership return within 90 days of the date a final Federal determination or disallowance is issued or within 90 days of the date the amended Federal Form 1065 is filed, unless the failure is due to reasonable cause and not due to willful neglect.

A penalty of \$100 for each month or fraction of a month may be imposed for failure to file.

Additional penalties pertaining to limited liability companies and limited partnerships with nonconsenting corporate members or partners may apply. Refer to the instructions for Form PART-100 "Corporation Business Tax-Partnership Return Voucher".

Fraudulent Returns

Any person who willfully fails to file a return, files a fraudulent return, or attempts to evade the tax in any manner may be liable for a penalty not to exceed \$7,500 or imprisonment for a term between three years and five years, or both.

Rounding Off to Whole Dollars

Money items on the return and schedules may be shown in whole dollars (eliminate amounts under 50 cents; enter amounts over 49 cents as the next higher dollar amount).

Signatures

Form NJ-1065 is not considered to be a return unless signed, either by a general partner, limited liability company member or, if applicable, a receiver, trustee in bankruptcy, or assignee.

Anyone who prepares a partnership return for a fee must sign the return as a "Paid Preparer" and must enter his or her social security number or federal practitioner tax identification number. The company or corporation name and Federal Employer Identification Number, must be included, if applicable. The preparer required to sign the partnership return must sign it by hand; **signature stamps or labels are not acceptable**. If someone prepares the return at no charge, the paid preparer's area need not be completed. A tax preparer who fails to sign the return or provide a correct tax identification number may incur a \$25 penalty for each omission.

Composite Return for Qualified Electing Nonresident Partners

A partnership which has New Jersey source income may file a composite return (Form NJ-1080C) on behalf of its qualified nonresident partners who elect to be included in the composite filing. Tax will be calculated for 2001 at a flat rate of 6.37% without regard to each partner's filing status, dependent exemptions, or deductions for alimony or medical expenses. Composite estimated tax payments should also be made.

A partner may not participate in the composite return if:

- The partner is an estate or trust;
- The partner is a partnership or corporation;
- The partner files on a fiscal year basis;
- The partner is a New Jersey resident during any part of the year;
- The partner derives income from New Jersey sources other than the income from this or any other composite return.

Every participating partner must make the election to be part of the composite return in writing each year. The elections must be maintained in the partnership files. When filed, the composite return must include a list of the partners who are participating, as well as a list of those who have not elected, or are not qualified, to participate in the composite return. The list must include each partner's name, address and Federal Identification Number.

If a composite return is filed, check the box labeled "Composite Return is filed for Nonresident Partners" at the top of Form NJ-1065.

Line by Line Instructions for Schedule NJK-1

SCHEDULE NJK-1

Although the partnership itself is not subject to the gross income tax, partners are subject to New Jersey gross income tax on their share of the partnership's income, whether or not the income is actually distributed. Partners who reside in New Jersey are taxed on their share of the partnership's income, regardless of the source of the income. Nonresident partners are also subject to New Jersey gross income tax on their share of the partnership's income, but only to the extent such income is allocated to New Jersey.

Schedule NJK-1 provides each partner with information regarding that partner's share of partnership income. A Schedule NJK-1 must be completed for every partner that was a partner in the partnership at any time during the year.

Partners must be furnished with a copy of their Schedule NJK-1 on or before the due date of the partnership return (Form NJ-1065). If a partnership interest is held by a nominee on behalf of another person, the partnership is required to furnish Schedule NJK-1 to the nominee.

Business Allocation Schedule

General Instructions for Business Allocation Schedule

If business activities are carried on both inside and outside New Jersey, business income may be allocated to determine the amount of income from New Jersey sources. Carrying on business activities outside New Jersey means maintaining, operating or occupying a regular place of business outside New Jersey, such as an office, shop, store, warehouse, factory, agency or other place where the business affairs are systematically and regularly conducted.

The business may not allocate income if it has only an occasional or isolated business transaction outside the State. Likewise, if the business has no regular place of business outside New Jersey, it may not allocate income, even though its representatives travel outside the State for the purposes of performing duties connected with the trade or business, and make sales or perform services for persons or corporations located outside the State.

Be sure that Form NJ-NR-A is firmly attached to Form NJ-1040NR, NJ-1041, or NJ-1065, and that the name and address on the Business Allocation Schedule agree exactly with the name and address on the return to which it is attached.
